

INSTRUCTION

It is a wireless presenter as a remote control, a laser pointer and portable storage device. It is tailored as a convenient handy-tool for presentations, teaching, meetings, speeches, trainings. It consists of two parts: transmitter and USB receiver.

I. Setup:

Plug the receiver into the USB port on your PC. The system will automatically search for the new hardware and complete the setup.

(Attention : you may need Win98 disk if your computer runs under Win98/SE operating system..)

II. Function:

Laser pointer

Page/scroll up function.

Page/scroll down function.

Built-in flash memory is available (64/128/256/512/1024MB).

III. Technical parameters:

Transmitter

Class	Class II	Class III
Control distance	> 25m	> 25m
Battery	AAA x 2	AAA x 2
Working Voltage	2.4-3.5v	2.4-3.5v
Wireless method	RF	RF
Frequency	433.92MHz	433.92
Modulation	OOK	OOK
Output	0dbm	0dbm
Laser Power	< 1mW/5mW	< 1mW/5mW
Wave length	650nm	650nm
Dimension	L=11.9cm W=3.1cm T=1.7cm	L=11.9cm W=3.1cm T=1.7cm
Weight	44g	44g

IV. Warning: To avoid the laser radiation to direct eyes !

! TIONS: Please note that laser radiation is harmful to the eye. Do not look directly into the aperture of the laser is operation!

Laser pointer can be harmful if used improperly. Please keep out of reach of children!

Caution:

Changes or modifications to this unit not expressly approved by the party responsible for compliance will void the user's authority to operate the equipment. Any change to the equipment will void FCC grant.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Modifications not authorized by the manufacturer may void users authority to operate this device.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:
(1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.
