Operating Hints

For optimal performance and RF reception place the receiver at least 15cm away from all electrical devices, such as your monitor, speakers or external storage devices.

Instruction

It is a great tool for PowerPoint presentations! With it, you don't need to stand beside your computer or have an additional person click the slide for you!

It contains two parts: transmitter and USB receiver.

Features:

1. Easy carry

The transmitter and receiver are integrated into one unit to easy carry!

2. Easily control the pace of your presentation

Use radio frequency (RF) technology and operate up to 10-meters / 32-feet away from receiver.

3. Multifunctional presenter

It combines the functions of a laser pointer and hotkeys.

4. Plug and Play wireless receiver

There's no software to install. Just plug the receiver into the USB port to begin.

Battery Installation

- Powered by 1x AAA battery.
- Screw off the battery part.
- Insert 1x AAA battery into the battery holder.
- Screw on the battery part.

Note

1. Ensure battery polarity (+) (-) is correct.
2. Do not leave bad or exhausted battery in the device.
3. Please remove battery if device is not used for a long period.
4. If the device does not function correctly or if the operating range becomes reduced, try to replace the battery with new one.

Technical Parameters

Transmitter

RF Frequency	2.437G RF
Control distance	>10 meters
Laser distance	Up to 200M
Battery	AAA X1
Working voltage	1.5V
Sleep current	<100uA
Dimension	126*14.5 mm
Weight	43g (Including Battery)

Receiver

Operation system	Windows 2000 and above, Windows XP, Vista, Win7, Win8
Interface	USB1.1, Compatible with USB2.0
Working voltage	USB electricity supply (4.5-5.5V)
Dimension	20.6*12*4.5mm
Weight	2g

Safety Measures

- To avoid possible eye damage, never point the presenter at people especially their faces, or look

4

directly into the presenter's laser beam.

- Avoid pointing the presenter's laser beam at a mirror or other highly reflective surface.
- Keep the presenter away from children.
- Never view the presenter's laser beam using telescopic devices, such as a microscope or binoculars.
- Any attempt to disassemble, adjust or repair the presenter may result in exposure to laser light or other safety hazards.
- FCC Caution:
- Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.
- This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2)

5

this device must accept any interference received, including interference that may cause undesired operation.

-
- IMPORTANT NOTE:
-
- FCC Radiation Exposure Statement:
-
- This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment
