Parent Settings

To enter Parent Settings, touch the profile icon in the corner of your child's Home screen. A Parents icon will appear. Touch that icon, then input your passcode on the pop-up screen.

With Parent Settings, you can control the way your child plays by adding or removing content, setting time limits, managing access to the Web, and adjusting device settings.

Adding or Removing Content

Browse Learning Lodge® for a selection of age-appropriate educational apps that have been approved by VTech® learning experts. If you're looking for common Android apps outside of the VTech® ecosystem, go to Device Settings and select Get Other Apps to find instructions on how to install a third-party app store.

You can manage any new content you add through the following menu options:

- **VTech® App Manager**—Come here to download or uninstall any content you've purchased from Learning Lodge®. You can also uninstall some of the content that was included with the system.
- **App Settings**—If you download content from a third-party app store, it will not appear in your child's profile until you come here and give them permission to use the app.

Setting Time Limits

Select Time Controls from the Parent Settings menu to limit the amount of time your child is allowed to play per day or to mark certain hours of the day as off limits.

Managing Web Access

The Web Browser creates a kid-safe environment by only allowing your child to visit sites that have been pre-screened by VTech® for their age-appropriate content. You can add additional sites to your child's Browser (or remove sites) by selecting Approved Sites from the Parent Settings menu.

Adjusting Device Settings

There are several other options in Parent Settings that will allow you to control your device's Wi-Fi connection, edit your child's profile information or your Learning Lodge® account information, and manage detailed device settings.

If You Forget Your Parent Settings Passcode

If you forget your Parent Settings passcode, go to the passcode screen and enter the number 9876543210. We'll send you an email to tell you your passcode.
