WHAT'S IN THE BOX

DM1411

The applied nameplate is located in the battery compartment of the baby and parent units. When using your equipment, basic safety precautions should always be followed to reduce the risk of fire, electric shock and injury, including the following:

1. Follow all warnings and instructions marked on the product.

2. Adult setup is required.

3. CAUTION: Do not install the soother at a height above 2 meters.

IMPORTANT SAFETY INSTRUCTIONS

- meters.
 This product is not a substitute for adult supervision of the infant. Supervising the infant is the parent's or caregiver's responsibility. This product could cease operating, and therefore you should not assume it will continue working properly for any given priors the supervision of the product with the product will be added to the product with the pr
- properly for any given period of time. Further, this is not a medical device and should not be used as such. This product is intended to assist you in supervising your baby.

 Do not use this product near water. For example, do not use it next to a bath tub, wash bowl, kitchen sink, laundry tub or swimming pool, or in a wet basement or shower.

 6. CAUTION: Use only the batteries provided. There may be a risk of explosion if a wrong type of battery is used for the parent unit. The batteries cannot be subjected to high or low extreme temperature and low air pressure at high altitude during use, storage or transportation. Disposal of batteries into fire or a hot oven, or mechanically crushing or cutting or the batteries can result in an explosion or the leakage of flammable liquid of gas. Batteries subjected to extremely low air pressure may result in an explosion or the leakage of flammable liquid or gas. Dispose of used battery according to the information in the RBRC seal.

 6. Use only the adapters included with this product. Incorrect

Precautions for users of implanted cardiac pacemakers
Cardiac pacemakers (applies only to digital cordless devices):
Wireless Technology Research, LLC (WTR), an independent
research entity, led a multidiscipliancy evaluation of the
interference between portable wireless devices and implanted
cardiac pacemakers. Supported by the U.S. Food and Drug
Administration, WTR recommends to physicians that:

Pacemaker patients

- Should keep wireless devices at least six inches from the
- pacemaker.

 Should NOT place wireless devices directly over the pacemaker, such as in a breast pocket, when it is turned ON. WTR's evaluation did not identify any risk to bystanders with pacemakers from other persons using wireless devices.

remakes from other persons using wheess devices.

Yeth product complies with all standards regarding tromagnetic fields (EMF). If handled properly and ording to the instructions in this user's manual, the product is to be used based on scientific evidence available today.

CONNECT THE BABY MONITOR

Install the parent unit battery

The parent unit runs on rechargeable battery or AC power. To continuously monitor your baby, make sure you use both battery and AC power at the same time. With the battery alone, the parent unit can cordlessly run for a short time only.

□ NOTES

- Use only the battery supplied with this product.
- · If the parent unit will not be used for a long time, disconnect and remove the battery to prevent

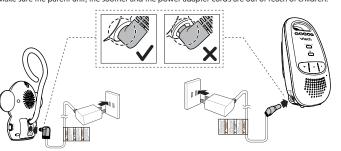

Replace the battery

To replace the battery, press down on the battery compartment cover and pull it out, then follow the steps above to install the battery.

Connect the baby monitor

- Use only the power adapters supplied with this product
- Make sure the baby monitor is not connected to a switch controlled electric outlet.
- Connect the power adapters in a vertical or floor mount position only. The adapters' prongs are not designed to hold the weight of baby monitor, so do not connect them to any ceiling, under-the-table or cabinet outlets. Otherwise, the adapters may not properly connect to the outlets
- Make sure the parent unit, the soother and the power adapter cords are out of reach of children

Charge the battery

This portable soother has a built-in rechargeable battery for cordless usage.

To charge the battery, connect the soother with the adaptor provided to a power source.

- Make sure the soother and the adaptor are out of reach of children while charging.
- The soother battery is fully charged after
- 12 hours of continuous charging.

LIMITED WARRANTY

What does this limited warranty cover?

The manufacturer of this VTech Product warrants to the holder of a valid proof of purchase ("Consumer" or "you") that the Product and all accessories provided in the sales package ("Product") are free from defects in material and workmanship, pursuant to the following terms and conditions, when installed and used normally and in accordance with the Product operating instructions. This limited warranty extends only to the Consumer for Produc purchased and used in the United States of America and

What will VTech do if the Product is not free from defects in materials and workmanship during the limited warranty period ("Materially Defective Product")?

period ("Materially Defective Product")?

During the limited warranty period, VTech's authorized service representative will replace at VTech's option, without charge, a Materially Defective Product. If we choose to replace the Product, we may replace it with a new or refurbished Product of the same or similar design. We will retain defective parts, modules, or equipment. Replacement of the Product, at VTech's option, is your exclusive remedy. VTech will return the replacement Products to you in working condition. You should expect the replacement to take approximately 30 days.

How long is the limited warranty period?

The limited warranty period for the Product extends for ONE (1) YEAR from the date of purchase (90 days on products purchased as Refurbished*). This limited warranty also applies to the replacement Product for a period of either (a) 90 days from the date the replacement Product is shipped to you or (b) the time remaining on the original one-year warranty (90-day limited warranty on products that are purchased as Refurbished*); whichever is longer.

*Refurbished products purchased from our online store carry a 90-day replacement warranty

What is not covered by this limited warranty?

This limited warranty does not cover:

- Product that has been subjected to misuse, accident, shipping or other physical damage, improper installation, abnormal operation or handling, neglect, inundation, fire, water or other liquid intrusion; or
- Product that has been damaged due to repair, altera or modification by anyone other than an authorized service representative of VTech; or 3. Product to the extent that the problem experienced is
- caused by signal conditions, network reliability, or cable or antenna systems; or 4. Product to the extent that the problem is caused by use
- with non-VTech accessories; or 5. Product whose warranty/quality stickers, product serial
- number plates or electronic serial numbers have been removed, altered or rendered illegible; or Product purchased, used, serviced, or shipped for repair from outside the United States of America or Canada, or used for commercial or institutional purposes (including but not limited to Products used for rental purposes); or
- 7. Product returned without a valid proof of purchase (see item 2 below); or
- Charges for installation or set up, adjustment of customer controls, and installation or repair of systems outside the

How do you get warranty service?

To obtain warranty service in the USA, please visit our website at www.vtechphones.com or call 1 (800) 595-9511. In Canada, go to www.vtechcanada.com or call 1 (800) 267-7377.

NOTE: Before calling for service, please review the user's manual - a check of the Product's controls and features may save you a service call.

Except as provided by applicable law, you assume the risk of loss or damage during transit and transportation and are responsible for delivery or handling charges incurred in the transport of the Product(s) to the service location. VTech will return replaced Product under this limited warranty. Transportation, delivery or handling charges are prepaid.

VTech assumes no risk for damage or loss of the Product in

What must you return with the Product to get warranty

- Return the entire original package and contents including the Product to the VTech service location along with a description of the malfunction or difficulty; and
- . Include a "valid proof of purchase" (sales receipt) identifying the Product purchased (Product model) and the date of purchase or receipt; and
- Provide your name, complete and correct mailing address, and telephone number.

Other limitations

This warranty is the complete and exclusive agreement between you and VTech. It supersedes all other written or oral communications related to this Product. VTech provides no other warranties for this Product. The warranty exclusively describes all of VTech's responsibilities regarding the Product. There are no other express warranties. No one is authorized to make modifications to this limited warranty and you should not rely on any such modification. State/Provincial Law Rights: This warranty gives you specific legal rights, and you may also have other rights, which vary from state to state or province to province.

or province to province.

Limitations: Implied warranties, including those of fitness for a particular purpose and merchantability (an unwritten warranty that the Product is fit for ordinary use) are limited to one year from the date of purchase. Some states/provinces do not allow limitations on how long an implied warranty lasts, so the above limitation may not apply to you. In no event shall VTech be liable for any indirect, special, incidental, consequential, or similar damages (including, but not limited to lost profits or revenue, inability to use the Product or other associated equipment, the cost of substitute equipment, and claims by third parties) resulting from the use of this Product. Some states/provinces do not allow the exclusion or limitation of incidental or consequential damages, so the above limitation or exclusion may not apply to you.

Please retain your original sales receipt as proof of purchase.

GENERAL PRODUCT CARE

- To keep this product working well and looking good, follow these guidelines: · Avoid putting it near heating appliances and devices that generate electrical noise (for example, motors or
- DO NOT expose it to direct sunlight or moisture. Avoid dropping the product or treating it roughly
