User's manual

**5.8 GHz Cordless  
telephone/speakerphone  
answering system with  
Bluetooth® functions  
EP5632/EP5632-2**

with caller ID & call waiting

# Congratulations

on your purchase  
of this AT&T product.

Before using this AT&T product, please  
read the **Important safety instructions**  
on pages 47-50 of this manual.

Please thoroughly read this user's  
manual for all the feature operations  
and troubleshooting information necessary  
to install and operate your new  
AT&T product. You can also visit our  
web site at [www.telephones.att.com](http://www.telephones.att.com)

Model #: EP5632/EP5632-2

Type: 5.8GHz cordless telephone/answering system

Serial #: \_\_\_\_\_  
(found on the bottom of the telephone base)

Purchase date: \_\_\_\_\_

Place of purchase: \_\_\_\_\_

You must install and charge the battery before using the telephone.

See page 8 for easy instructions.

For customer service or product information, visit our website at [www.telephones.att.com](http://www.telephones.att.com)

Please read and follow these instructions carefully:

- Use only the supplied rechargeable battery or replacement battery.
- Do not dispose of the battery in a fire. Check with local codes for special disposal instructions.
- Do not open or mutilate the battery. Released electrolyte is corrosive and may cause damage to the eyes or skin. It may be toxic if swallowed.
- Exercise care in handling batteries in order not to create a short circuit with conductive materials such as rings, bracelets, and keys. The battery or conductor may overheat and cause harm.
- Charge the battery provided with or identified for use with this product only in accordance with the instructions and limitations specified in this manual.
- Observe proper polarity orientation between the battery and battery charger.
- Do not disassemble your telephone. There are no user-serviceable parts inside. Refer to qualified service personnel for servicing.

## Add new handsets to make your telephone more versatile (see page 65)

---

Your telephone can accommodate up to twelve cordless handsets. You can add new handsets (AT&T EP562, purchased separately) at anytime, but each must be registered with the telephone base before use.

The handset provided with your telephone is automatically registered as handset 1. Additional handsets will be assigned numbers in the order they are registered (2, 3, 4, etc.). You can register a maximum of 12 handsets.

Handset 10

Handset 11

Handset 12

### NOTES:

1. A maximum of four handsets and the telephone base can be connected to the same external call at the same time.
2. The EP5632 has one pre-registered handset. You can purchase and register eleven additional handsets (EP562) to the telephone base of EP5632.
3. The EP5632-2 has two pre-registered handsets. You can purchase and register ten additional handsets (EP562) to the EP5632-2 system.
