

Thank you for purchasing R/C Boom Boom™ Truck, the innovative radio control vehicle by Dekko Toys®. Please kindly take a few minutes to read the instruction manual to enjoy full feature of R/C Boom Boom™ Truck

Check to make sure contents are complete:

Inflatable car body x 1

Driving wheel module x 1

Free-rolling wheel module x 2

Foot Pump x 1

Remote Controller x 1

Repair patch x 1

9V controller battery x 1

1.5V AA size Duracell alkaline battery x 4

Getting started:

(A) BATTERY INSTALLATION (Adult supervision is recommended)

(i) Driving Wheel Module

Unscrew the battery door.

Install 4 AA size batteries (included) into the battery compartment.

Reinstall battery door and tighten the screw.

Make sure to follow the correct positive (+) and negative (-) polarities with the corresponding markings

NOTE: For best performance, alkaline batteries are recommended. Other types of batteries such as carbon-zinc, or rechargeable (NiCd or NiMH) batteries may cause erroneous responses.

(ii) Remote Controller

Unscrew the battery door

Install one 9V battery (included) into the battery compartment.

Reinstall battery door and tighten the screw

Make sure to follow the correct positive (+) and negative (-) polarities with the corresponding markings

(B) ASSEMBLE THE R/C BOOM BOOM™ TRUCK (Adult supervision is recommended)

With the inflatable vehicle body in deflated state, assemble the 3 wheel modules as shown in the pictures

(1) Driving wheel module:
Align the triangle marks as shown

(2) Position the wheel module through to the mounting loop of vehicle body

(3) Swing the lock and push in

(4) "Click" sound – Done!!

(5) Repeat step (2) – (4) for the 2 free-rolling wheels. The 2 free-rolling wheel modules are identical and symmetrical side-to-side

(C) INFLATE/DEFLATE THE VEHICLE (Adult supervision is recommended)

INFLATE

(1) Connect the air tube to the blue nozzle of the foot pump

Large adaptor – For main vehicle body

Small adaptor – For small partition of the vehicle

(2)

(3)

(4)

NOTE: On first use, wrinkles on the skin of the inflated vehicle body are normal. The wrinkles will disappear gradually after a few days.

CAUTION

- Do not over inflate the vehicle body.
- The inflatable vehicle is not a ride-on toy.
- Do not use high pressure pump to inflate.
- Do not use hard/sharp object to tap the vehicle body.

The Pump included with this product is not a toy and must be operated by an adult – keep away from children!

DEFLATE

* Connect the air tube to the red nozzle of the foot pump and repeat step (2) – (3)

(D) STARTING TO RUN

(i) Slide the driving wheel module's ON/OFF switch to "1" position to turn on

(ii) Drive the R/C Boom Boom™ Truck

Forward

Left forward

Right forward

Spin counter clockwise

Spin clockwise

Reverse left

Reverse

Reverse right

(iii) Always switch off the vehicle after use to prevent accidental activation

Multiple Players:

R/C Boom Boom™ Truck is built-in with selectable A/B/C channels for 1-3 players/vehicles.

Select channel (Adult supervision is recommended)

(1) Unscrew the battery door of Driving Wheel Module. Set the A/B/C selector to your desired channel A, B or C. Reinstall the battery door and tighten the screw.

(2) Unscrew the battery door of Remote Controller. Set the A/B/C selector to the same channel as the Driving Wheel Module. Reinstall the battery door and tighten the screw.

Repair leakage:

In case the inflatable vehicle body is accidentally damaged and air is leaking, you can apply the provided repair patch over the damage area to relieve leaking.

BUILT-IN ELECTRONIC PROTECTION:

R/C Boom Boom™ Truck is built-in with electronic protection. The driving wheel module may shut down automatically if the spinning wheels are stalled for prolonged period, or the module has been idle for approximately 15 minutes. To reset, simply slide the driving wheel module's ON/OFF switch to OFF(0) and then ON (I) again. If the battery level gets too low that the driving wheels spin weakly, replace the batteries immediately.

IV - Important Safety Information:

- Always turn R/C Boom Boom™ Truck OFF before trying to pick it up.
- Keep the spinning wheels clear from body parts, clothings, and hairs at all times.
- Keep fingers away from spinning wheels.
- Always drive on dry, clean and flat surfaces.
- R/C Boom Boom™ Truck is not an aquatic toy. Do not use in water.
- Adult supervision is recommended during use.

V - Battery Safety Information:

- Batteries should always be replaced by an adult.
- Do not mix old and new batteries.
- Do not mix alkaline, standard(Carbon-Zinc), or rechargeable(Nickel-Cadmium or Nickel Metal Hydride) batteries.
- Non-rechargeable batteries are not to be recharged.
- Rechargeable batteries are to be removed from the toy before being charge (if removable).
- Rechargeable batteries are only be charged under adult supervision (if removable).
- Different types of batteries or new and used batteries are not to be mixed.
- Only batteries of the same or equivalent type as recommended are to be used.
- Batteries are to be inserted with the correct polarity.
- Exhausted batteries are to be removed from the toy.
- The supply terminals are not to be short-circuited.
- Do not dispose of battery in fire. Battery may explode or leak as a result.
- Remove batteries from the toy before prolonged storage.
- Disposed of used batteries properly.
- Please retain this information for future reference.

WARNING:

- CHOCKING HAZARD – Small parts
- NOT for children under 3 years

WARNING:

- This is not a ride-on toy
- This is not a life saving device
- Do not leave children unattended while in use

- Do not use high pressure pump to inflate
- Do not over inflate

FCC/EMC REQUIREMENTS:

This device complies with part 15 of FCC rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Note : This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Warning: Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Product and colors may vary.

Carefully read the provided instruction manual as it contains important information.

Conform to product safety standard ASTM F963-07 and EN71 regulatory requirements.

Please retain this instruction manual for future reference.
