

CAUTION - ELECTRICALLY OPERATED PRODUCT:
 Not recommended for children under 8 years of age. As with all electric products, precautions should be observed during handling and use to prevent electric shock.

Instruction Manual

RC Stunt Monster

The Full Function Radio Control Vehicle
 Batteries and Charger Included

CHECK TO MAKE SURE CONTENTS ARE COMPLETE:

R/C Stunt Monster™ Vehicle x 1

Controller x 1

9V Battery x 1

Retractable Antenna x 1

8.4V 700mAh Ni-Cd Rechargeable Battery x 1

Wall Adapter x 1 Power Rating:
 Input AC 120V, 60Hz. Output DC 9V, 200mA
 (Adult supervision recommended.)

DETAILS IDENTIFICATION:

CHARGING THE 8.4V Ni-Cd RECHARGEABLE BATTERY:

- 1 Plug the adapter into a wall outlet.
- 2 Connect the 8.4V Ni-Cd Rechargeable Battery to the adapter.

NOTE:

- (1) Charge the 8.4V Ni-Cd Rechargeable Battery for 5 hours on the first charge, and 3.5 - 4.5 hours on other charges for optimum performance.
- (2) Operating time is 20-30 minutes after each full charge. Shorter charging time may result in shorter run periods.
- (3) The Wall Charger should be periodically examined for leaks, loose wiring and other conditions that may result in the risk of fire, electric shock or other personal injury. If you suspect a problem, do not use the Wall Charger and disposed of it properly.

CAUTION:

- Do not charge the 8.4V Ni-Cd Rechargeable Battery for over 12 hours as this will result in damage to the battery.
- Do not charge near fire, or where temperature is extremely high, or where it is wet or damp.
- Always full charge the 8.4V Ni-Cd Rechargeable Battery before prolonged storage. Examination and recharging should be carried out periodically.
- If the 8.4V Ni-Cd Rechargeable Battery shows damage or leaks under improper use and handling, stop using immediately and dispose of it properly.

GETTING STARTED:

- 1 Assemble Antenna to Controller.
- 2 Install a 9V battery in Controller. Make sure to follow the correct positive (+) and negative (-) polarities with the corresponding markings.
- 3 Install the fully charged 8.4V Ni-Cd Rechargeable Battery in R/C Stunt Monster™ Vehicle. Make sure the plugs are aligned correctly before connection.
- 4 Press the ON/OFF switch to ON. **Now it's ready to go!!**

DIRECTION CONTROL:

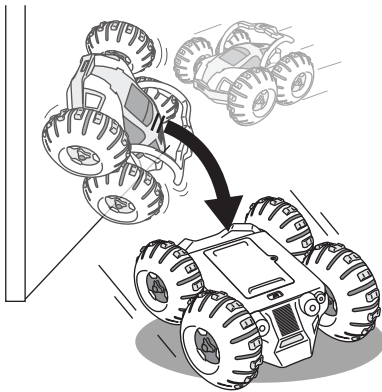

Tricks and Stunts:

Here are a few of the exciting tricks and stunts you can do. Remember you will need to practice to achieve these stunts.

① Wall Flip & Flip Over !

Drive car up onto a wall causing the car to flip. Or while running the car forward, quickly reverse both control buttons. This should cause the car flip over.

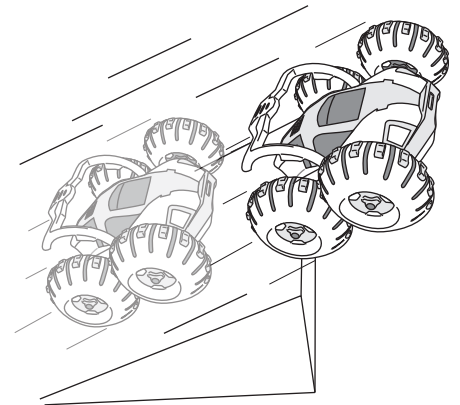

② Vertical Spin !

While running the car backward, quickly reverse both control buttons. This should cause the car vertically stand on the floor. Move control button and drive wheels will spin.

③ Ramp Jump !

Drive car up a ramp

FCC/EMC REQUIREMENTS:

This device complies with part 15 of the FCC rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Note : This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Warning: Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

BATTERY SAFETY INFORMATION:

- Batteries should always be replaced by an adult.
- Do not mix old and new batteries.
- Do not mix alkaline, standard(Carbon-Zinc), or rechargeable(Nickel-Cadmium or Nickel Metal Hydride) batteries.
- Non-rechargeable batteries are not to be recharged.
- Rechargeable batteries are to be removed from the toy before being charged(if removable).
- Rechargeable batteries are only to be charged under adult supervision(if removable).
- Different types of batteries or new and used batteries are not to be mixed.
- Only batteries of the same or equivalent type as recommended are to be used.
- Batteries are to be inserted with the correct polarity.
- Exhausted batteries are to be removed from the toy.
- The supply terminals are not to be short-circuited.
- Do not dispose of battery in fire. Battery may explode or leak as a result.
- Remove batteries from the toy before prolonged storage.
- Dispose of used batteries properly.
- Please retain this information for future reference.

IMPORTANT SAFETY INFORMATION:

- Always turn the R/C Stunt Monster™ Vehicle OFF before trying to pick it up.
- Keep R/C Stunt Monster™ Vehicle clear from body parts, clothing, and hairs at all times.
- Always drive on dry, clean and flat surfaces.
- R/C Stunt Monster™ Vehicle is not an aquatic toy. Do not use in water.
- Keep fingers and hands away from the spinning wheels and transforming wheels.
- Always drive the R/C Stunt Monster™ Vehicle in wide open space without any obstacles.
- Do not drive the R/C Stunt Monster™ Vehicle towards people or animals.
- Adult supervision is recommended during use.

Product and colors may vary.

Carefully read the provided instruction manual as it contains important information. Conform to product safety standard ASTM F963-08 and EN71 regulatory requirements. Please retain this information for future reference.
