FCC Regulatory Compliance

Notices Class B Equipment

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

For IC Regulatory Compliance: "Operation is subject to the following two conditions: (1) this device may not cause interference, and this device must accept any interference, including interference that may cause undesired operation of the device."

Cautions and Warnings

CAUTION: Danger of Explosion if battery is incorrectly replaced. Replace only with same or equivalent type recommended by the manufacturer. Discard used batteries according to the manufacturers instructions.

CAUTION: The unit should be mounted 1-2 feet away from other units. Can be adjusted based on lane setup.

CAUTION: The unit should not be placed directly on or within 4 inches of any large metal surfaces.

WARNING: Avoid close proximity to items such as cellular telephones and portable 2-way radios which may reduce the ability of the reader.
