## Warning

To ensure the normal use of the product, please be sure to observe the following safety precautions

1. Do not use the headphones while showering or bathing.
2. Do not place this product where it may fall into (or be drawn into) a bathtub or a water basin.
- 3 Do not put this product into or immerse into water or other liquids.
4. When the headphones fall into the water, do not rush to remove them by hand. Disconnect the headphones' power supply immediately.
5. Be careful not to get objects hit the headphones or Do not splash the liquid into the earphone.
- 6 Use this unit only for its intended use as described in this manual.

7. Never drop or insert an object into any opening.
8. Protect the power cord from being walked on or pinched, particularly at plug outlets, convenience receptacles and the point where it exits the unit.
9. Do not allow cord to touch hot surfaces, wrap cord loosely around the unit when storing.
10. The unit should be situated away from direct sunlight or heat sources such as radiators, electric heaters, heat registers, stoves, or other units(including amplifiers) that produce heat. Avoid placing on top of stereo equipment that radiates heat.
11. Do not overload the electrical outlet. Use only the power source as indicated.
12. Don not carry this unit by its cord or use the cord as a handle.
13. Never operate this unit if it has a damaged cord or plug, if it is not working properly, or if it has been dropped or damaged, or dropped into water. If the unit's power supply cord or plug is damaged, do not attempt to fix it yourself.
14. To avoid the risk of electric shock, do not disassemble or attempt to repair the unit. Incorrect repair can cause risk of electric shock or injury to persons when the unit is used.

**Lithium-polymer battery warnings**

This device contains a Lithium-Polymer battery. The battery must be recycled or disposed of properly. Contact your local waste management office for information on battery recycling or disposal.

Use only the supplied cable to recharge the battery. Improper charging may damage the battery and the device.

Do not attempt to open the rechargeable battery or battery pack. There are no serviceable parts inside.

Keep the battery out of reach of children. If swallowed, consult a physician immediately.

Do not dispose of battery in a fire as it may explode. The battery may also explode if damaged.

**FCC Statement**

This device complies with part 15 of the FCC rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.
