# REPLACEMENT TRANSMITTER

## Model 7111A 1-button Remote Control

The following Learn Routine can be used to program this replacement transmitter to the system.

### To enter Remote Control learn routine:

1. Turn the key to the **On** position.
2. Within 10 seconds, press and release the Program button the number of times that corresponds to the selected channel listed below. After you select the channel, press the Program button once more and **Hold** it.

The LED on the main unit flashes the number of times as the selected channel, and the horn (if connected) honks the same number of times as confirmation. Do NOT release the Program button.

3. While holding the Program button press the button on the Remote. The horn (if connected) sounds to confirm the Remote has been taught to the receiver.
4. Release the Program button and remove the key.

Channel Number	Function
1	Auto learn
2 (4113A) 8 (4101A)	Delete all transmitters

### Standard configuration

#### To Remote Start the vehicle

- Press and release the Remote button for 1-second. The parking lights turn on to confirm Remote Start operation.

#### To shutdown Remote Start

- Press and hold the Remote button for 3-seconds.

#### Car finder (Remote Start must not be active)

- Press and hold the Remote button for 3-seconds. The parking lights flash for about 10 seconds.

#### To unlock the doors (Remote Start must be active)

- Press and release the Remote button for 1-second.

Refer to Owner's Guide for more details.

### FCC/ID Notice

This device complies with Part 15 of FCC rules. Operation is subject to the following conditions: (1) This device may not cause harmful interference, and (2) This device must accept any interference received, including interference that may cause undesired operation.

This device complies with Industry Canada license-exempt RSS standard (s). Operation is subject to the following two conditions: (1) this device may not cause interference, and (2) this device must accept any interference, including interference that may cause undesired operation of the device.

**CAUTION!** Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate this device.

Le présent appareil est conforme aux CNR d'Industrie Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes : (1) l'appareil ne doit pas produire de brouillage, et (2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.
