is low.

your Careline telephone, and then refer to the respective section for instructions.

Operating range

This cordless handset operates with the maximum power allowed by the Federal Communications Commission (FCC). Even so, this handset and telephone base can communicate over only a certain distance - which can vary with the locations of the telephone base and handset, the weather, and the layout of your home or office. When the handset is out of range, the

handset plays the voice prompt "Out of

range" if any key is pressed. If there is a call while the handset is out of range, it may not ring, or if it does ring, the call may not connect well when you press M. Move closer to the telephone base, then press to answer the call. During a call, if the handset is moved out

of range, the call will end automatically, and you will hear a notification tone.

Identify your Careline telephone

Read the instructions for SN1157/SN1197/SN6147/SN6196/SN6197 telephone

States of America and Canada. What will VTech do if the Product is not free from defects in materials and workmanship during the limited warranty period ("Materially Defective Product")?

During the limited warranty period, VTech's

authorized service representative will repair or replace at VTech's option, without charge a Materially Defective Product. If we repair the Product, we may use new or refurbished replacement parts. If we choose to replace the Product, we may replace it with a new or refurbished Product of the same or simila design. We will retain defective parts, modules or equipment. Repair or replacement of the Product, at VTech's option, is your exclusive remedy. VTech will return the repaired or replacement Products to you in working condition. You should expect the repair or replacement to take approximately 30 days.

How long is the limited warranty period? The limited warranty period for the Product extends for ONE (1) YEAR from the date of purchase. If VTech repairs or replaces a

Materially Defective Product under the terms of this limited warranty, this limited warranty also applies to the repaired or replacement Product for a period of either (a) 90 days from the date the repaired or replacement Product is shipped (b) the time remaining on the original one-year warranty; whichever is longer.

This limited warranty does not cover:
