Dear Parent,

At **VTech**[®], we know how important the first day of school is for your child. To help prepare preschoolers for this important event, **VTech**[®] has developed the **Preschool Learning**[™] series of interactive toys.

Preschool Learning[™] features fun characters and inviting school themes that use technology to capture a child's attention and teach important preschool skills like spelling, counting and the alphabet. These vital skills are taught in a way that's both fun and highly engaging to maintain a child's interest. Children will also be introduced to fun school subjects such as art class, music class and even recess! With **Preschool Learning**[™], learning is fun from day one!

At **VTech**[®], we know that a child has the ability to do great things. That's why all of our electronic learning products are uniquely designed to develop a child's mind and allow them to learn to the best of their ability. We thank you for trusting **VTech**[®] with the important job of helping your child learn and grow!

Sincerely,

Your friends at **VTech**[®]

INTRODUCTION

Thank you for purchasing the **VTech® Scroll & Learn Camera™**.

Your child will feel like a real photographer with the **Scroll & Learn Camera™**! This role-play camera's engaging buttons, turning lens, sound effects and LED light will encourage your child to snap away as they learn. Four modes of play encourage your child to take pretend photos, create funny pictures, learn vocabulary words and explore the world around them. The LCD display and arrow buttons allow your child to scroll from one image to the next as they explore 40 different objects from a variety of places, such as the zoo, beach, and playground. Fun sounds and music add to the excitement!

CARE & MAINTENANCE

1. Keep your **Scroll & Learn Camera™** clean by wiping it with a slightly damp cloth. Never use solvents or abrasives.
2. Keep it out of direct sunlight and away from direct sources of heat.
3. Remove the batteries when not using it for an extended period of time.
4. Avoid dropping it. **Never** try to dismantle it.
5. Always keep **Scroll & Learn Camera™** away from water.

WARNING:

- A very small percentage of the public, due to an existing condition, may experience epileptic seizures or momentary loss of consciousness when viewing certain types of flashing colours or patterns.
- While the **Scroll & Learn Camera™** does not contribute to any additional risks, we do recommend that parents supervise their children while they play games. If your child experiences dizziness, altered vision, disorientation, or convulsions, discontinue use immediately and consult your doctor.
- Please note that focusing on a screen at close range and handling a keyboard for a prolonged period of time may cause fatigue or discomfort.
- We recommend that children take a 15 minute break for every hour of play.

TROUBLESHOOTING

1. If your Scroll & Learn Camera™ stops working or does not turn on:

- Check your batteries. Make sure the batteries are fresh and properly installed.
- If you are still having problems, visit our web site at **www.vtechkids.com** for troubleshooting tips.

2. If you can't hear any sound:

Press the volume control button to adjust the sound level.

3. If the screen is frozen and not responding to any input:

Take out the batteries and wait for a few minutes, then put them back and turn on the unit again.
