Getting to know your Moxie

1 Control button

Press the control button to switch your toy on. Press the button again to cycle through 10 different vibration patterns. To turn it off hold the control button.

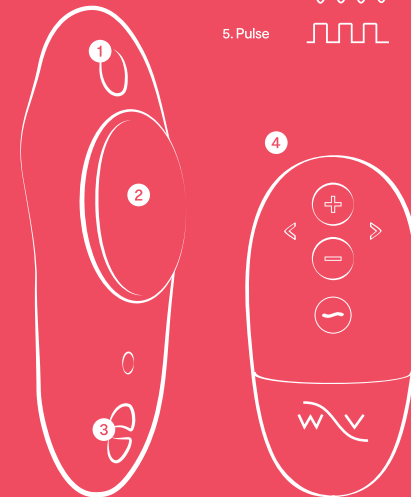

2 Magnetic clip

Once Moxie is placed on your underwear, it stays in place as you move.

3 Magnetic charging pins

4 We-Vibe remote

Keep control in the palm of your hand with Moxie's compact remote.

Step 1: clean

Rinse Moxie with warm water and a premium toy cleaner, dry with a lint-free cloth.

waterproof (IPX7)

Step 2: enjoy

Place the toy on your underwear and secure using the magnetic clip.

Shaped for maximum comfort, Moxie sits comfortably between the labia and pampers the clitoris with intense vibrations.

The toy always stays in place - nothing slips even with faster movements.

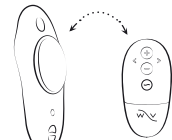

Step 3: charge

Enjoy up to 2 hours of play with every charge. When it's time for a recharge, place charger on magnetic pins. After 90 minutes, your toy is ready to go!

Step 4: pair

Moxie comes paired to the remote out of the box.

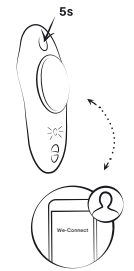

Moxie can only connect to one remote or app-enabled device at the same time.

Same room play

To pair Moxie to We-Connect, follow the in-app pairing instructions on your app-enabled device.

Press and hold the We-Vibe button for 5 seconds. Moxie vibrates twice and the LED will start flashing. Moxie is in pairing mode now.

Once paired, Moxie will vibrate three times and the LED will stop flashing.

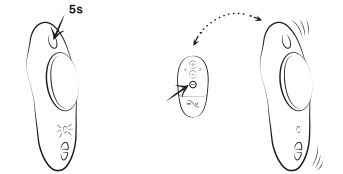

Long distance play

To play long distance, both you and your partner need the We-Connect app on your smartphones. Moxie is then paired to the phone that remains within Bluetooth range.

After exiting the We-Connect app, press and hold the We-Vibe button on Moxie for 5 seconds. Moxie vibrates twice and the LED will start flashing. Hold the We-Vibe button on your We-Vibe remote for another 5 seconds.

Once paired, Moxie will vibrate 3 times and LED will stop flashing.

Step 5: battery

To change the battery in your remote, simply pull off the bottom cap and lift the battery out. Replace it with a non-rechargeable CR2032 button cell battery.
