<u>System Requirement</u>

- iPhone 2.0 or later
- iPad 4.0 or later
- Bluetooth version 2.0 or later

Upgraded your iPhone

Please updated firmware to ver 4.0 or later if your iPhone is ver 2 or 3GS

<u>Installation Guide</u>

Step 1. Charging the battery

When to charge
1   First-Time Use: Please charge at least 6 hours for the first time usage and charge at least 2 hours when battery runs low
2   Red LED Blinking: When the red LED starts blinking, it means the battery is nearly empty

How to charge
Plug the USB cable into your keyboard and computer by USB port respectively and it starts charging. Keyboard can work uninterruptedly during charging.

Step 2. Pairing your Bluetooth Keyboard with your iPad

1   Enter " Setting" ---"General", turn on the bluetooth:
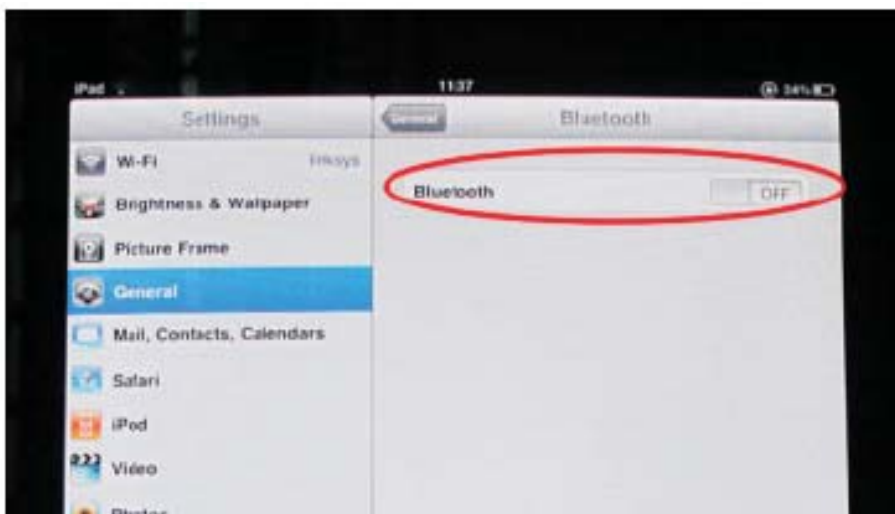

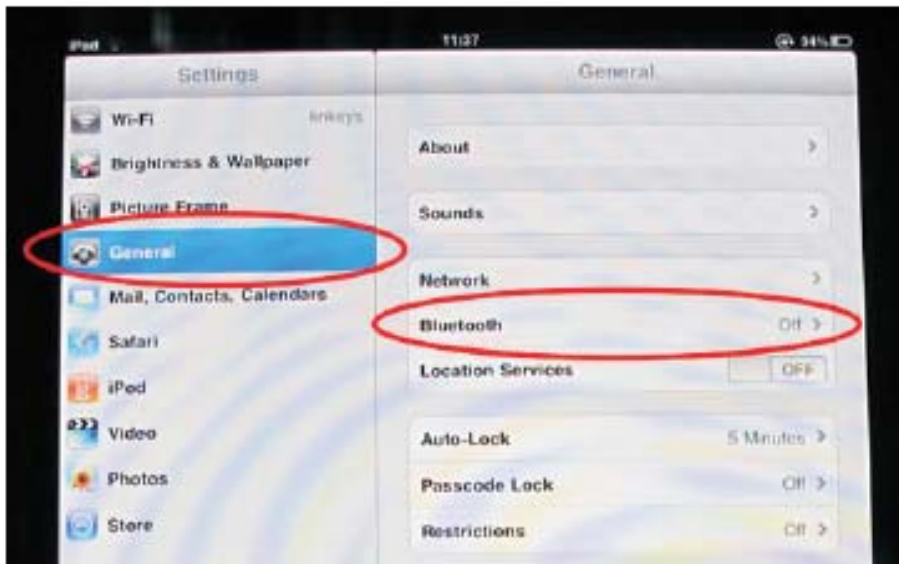

2   After turning on the bluetooth, it will search bluetooth devices automatically:
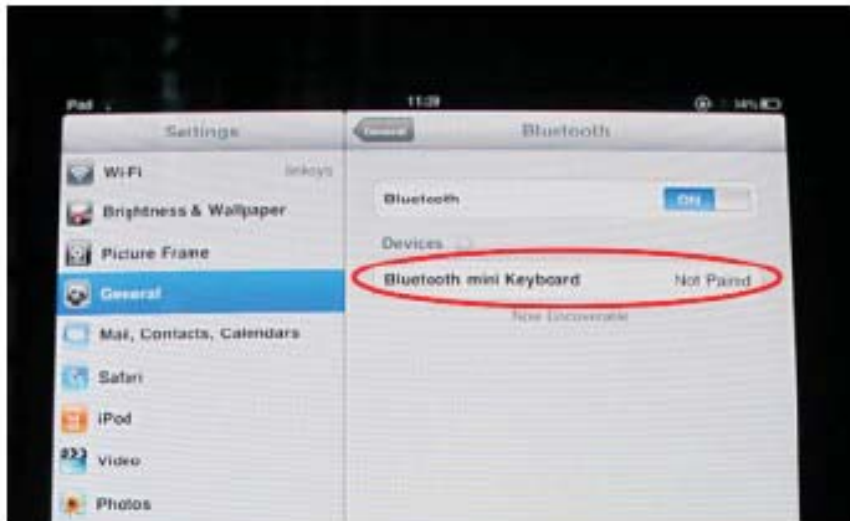

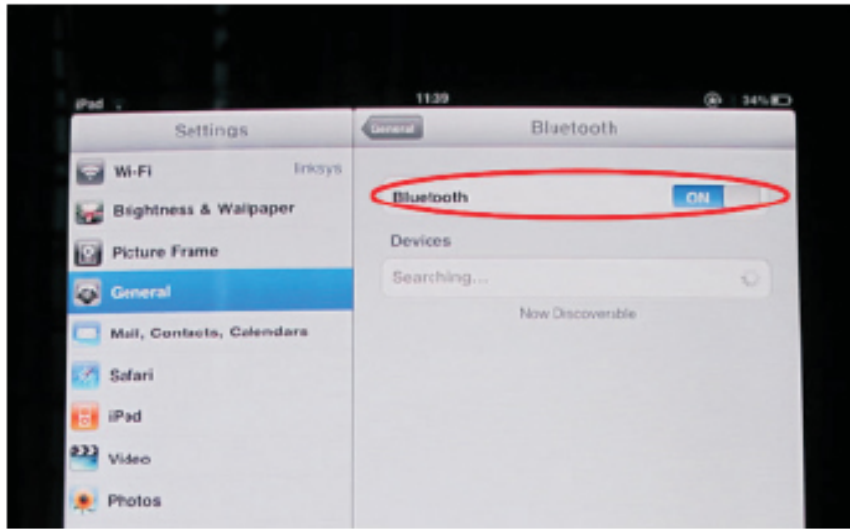

3 After finding "Bluetooth Keyboard", press the device, it will start connecting, and there will be a password displayed:
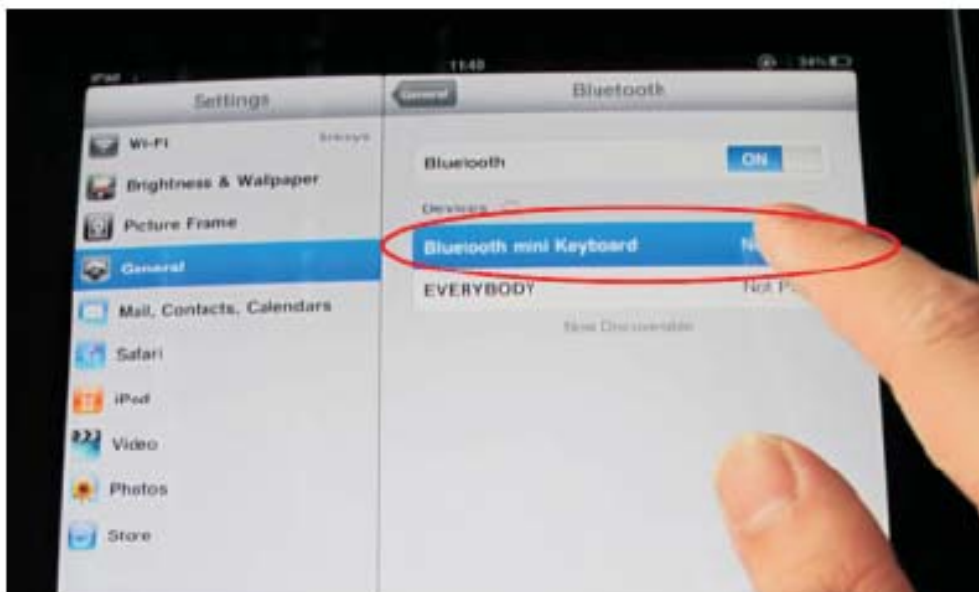

4   Press the password in your Bluetooth Keyboard, and "Enter", it will connect with your iPad/iPhone, now you can use your Bluetooth Keyboard to input words for your iPad / iPhone
