FCC Compliance

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

- This device may not cause harmful interference.
- This device must accept any interference received, including interference that may cause undesired operation.

This equipment has been tested and found to comply with limits for Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on. The user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna on the affected receiver.
- Increase the separation between this device and the receiver. Connect this device into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced technician for help.

CAUTION: To comply with the limits of the Class B digital device, pursuant of Part 15 of the FC Rules, this device is comply with Class B limits. All peripherals must be shielded and grounded. Operation with non-certified peripherals or non-shilded cables may result in interference to radio or reception.

MODIFICATION: Any changes or modifications not expressly approved by the grantee of this device could void the user's authority to operate the device.

2 Caring the Tablet PC

The Tablet PC is a precision device; the error operation may damage the device.

2-1 LCD Screen

LCD Screen is the most delicate component of the Tablet PC and comprised of thin glass. It may be broken up by external abrupt force. DO NOT scratch the cover of the Tablet PC, or the scrape on the cover cannot remove.

- ✧ DO NOT cover the LCD Screen strongly, or else damage may occur.
- ✧ DO NOT place objects on the keyboard to avoid damaging the screen and keyboard when you cover the LCD Screen.
- ✧ Place the Tablet PC in carrying case to protect it from dirt, water, shock and scratches before traveling.
- ✧ DO NOT drop or place heavy objects on the LCD Screen.
- ✧ DO NOT scratch the LCD Screen with your fingernails or any hard objects.
- ✧ Use a soft and lint-free cloth to wipe your Tablet PC and wipe it gently in order to avoid damaging the LCD Screen.
- ✧ Shut down the LCD Screen, if the Tablet PC will not be used for a long time.
- ✧ DO NOT clean the LCD Screen with chemical cleaners.
- ✧ The LCD Screen DOES NOT come into contact with hard objects (E.g.: cloth button, watchband).
- ✧ Use a soft and lint-free dry cloth to wipe the LCD Screen smoothly. DO NOT use your hand to wipe the LCD Screen directly.
- ✧ DO NOT spill liquid into the Tablet PC as it can damage the components of the Tablet PC.
- ✧ Cover the LCD Screen smoothly in order to avoid moving the hinges and flashing the LCD Screen.

DO NOT clean the Touch Pad with acidic cleaner or spray cleaning solution directly on the Tablet PC.

2-2 Other accessories

Following the below steps before cleaning your Tablet PC and the accessories.

1. Turn off the Tablet PC. Disconnect your Tablet PC and all external devices from their electrical outlets.
2. Use the little dust collector to pump the dust from the slot of plug or keyboard.
3. Moisten a soft, lint-free cloth with water and wipe the surface of the Tablet PC smoothly. DO NOT seep liquid into the Tablet PC in order to avoid shorting of circuit and the damage of the Tablet PC.
4. Turn on the Tablet PC after drying it.

2-3 If the water comes into the Tablet PC

- ✧ DO NOT turn on the Tablet PC immediately.
- ✧ Disconnect the outlet cable and detach the Battery Pack in order to turn off the Tablet PC, instead of pressing the POWER button to turn off it. Disconnect all external devices.
- ✧ Spill out the water from the Tablet PC. Use a soft and waterish paper or cloth to wipe the surface of the Tablet PC lightly.
- ✧ Use the fanner to dry the Tablet PC and the accessories, and then send it to the service center for advice.
- ✧ DO NOT use hair drier to dry the Tablet PC, or the high temperature may distort it.
- ✧ DO NOT place the Tablet PC into the dirty carrying case again.

2-4 Other Notes

- ✧ DO NOT expose the Tablet PC in hot environment for a long time, especially in the car. Or the parts of the Tablet PC will be metamorphic.
- ✧ Keep the data for future possible use termly.
- ✧ Renew the hardware or software termly in order to keep the Tablet PC compatible and steady.

3 Traveling with the Tablet PC

Turn off the Tablet PC and disconnect all lines before moving it. Following the below steps, if you want to travel with your Tablet PC.

Attention

1. Turn off the Tablet PC and disconnect from the wall outlets.
2. Shut down the LCD Screen completely and smoothly.
3. Disconnect the AC lines.
4. Disconnect all lines.
5. Place the Tablet PC in carrying case to protect it from dirt, water, shock and scratches before traveling.
6. Check that you have taken the AC Adapter, power lines, manual and warranty card.
DO NOT forget the passwords of the Tablet PC and HDD.
7. Find out the voltage type in the countries you will visit. Your Tablet PC comes with a universal AC-DC adapter, so you only need to buy the different power cords to connect the different outlets or the hotel may provide universal outlets to support your power cord as well as voltages.

If you drive your car with the Tablet PC, DO NOT leave the Tablet PC facing the sun. Place it in the shady and cool area.

DO NOT remove the HDD immediately while or after operating. Set the Tablet PC into the Standby mode or Hibernation mode, before moving it.

The connection between Internet and your Tablet PC will be interrupted when the system enter the hibernation mode.

4 Getting Started

4-1 Connecting the Power Adapter

The Tablet PC comes with a universal AC-DC adapter and the allowable input voltage of adapter is from 100V to 240V.

Following the below steps to connect the adapter:

1. Take the adapter and the power cord, and then connect the adapter with the power cord.
2. Plug the DC end of adapter into the power jack of the Tablet PC.
3. Insert the AC end to the wall outlet
4. Check the connections above correctly before turning on the Tablet PC.

Your Tablet PC and the accessories may differ from the pictures shown.

4-2 Turning on the Tablet PC

Press the POWER button to turn on the Tablet PC.

Press POWER button and select "Shut-down" to turn off the Tablet PC.
