## SAFETY INSTRUCTIONS

**Safety Attention**

- Turn off 30 minutes after working 6 hours to last the lifetime of product.
- This product is mainly used for outdoor with waterproof Ip65. It has excellent radiating ease. Put it far away from the flammable objects or liquids.
- Please use show light laser projector power adapter to support the light. If you need to change a new adapter, please check the parameter of our adapter before you buy a new one.

**CAUTION**

- Danger-laser radiation when open.
- Avoid direct exposure to beam.
- Avoid direct eye exposure.
- Laser radiation-do not stare into beam or view directly with optical instruments.
- The use of optical instruments with this product will increase eye hazard.
- Use of controls or adjustments or performance of procedures other than those specified herein may result in hazardous radiation exposure.

**IMPORTANT!**

- Do not point the show light laser projector to the airplane or up in the sky.

## FEDERAL COMMUNICATIONS COMMISSION (FCC) STATEMENT

**FCC Caution:** Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

\*RF warning for Mobile device:  
This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator & your body.

**Note:** This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:  
(1) This device may not cause harmful interference, and  
(2) this device must accept any interference received, including interference that may cause undesired operation.

These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures: - Reorient or relocate the receiving antenna. - Increase the separation between the equipment and receiver. - Connect the equipment into an outlet on a circuit different from that to which the receiver is connected. - Consult the dealer or an experienced radio/TV technician for help.

## INDUSTRY CANADA CONFORMITY STATEMENT

This device complies with Industry Canada licence-exempt RSS standard(s). Operation is subject to the following two conditions:  
(1) This device may not cause interference, and  
(2) This device must accept any interference, including interference that may cause undesired operation of the device.
