The new 14.1" MEGATRON II from iVIEW is the next-generation convertible laptop with Windows 10. The MEGATRON II features a 14.1" IPS High Resolution Screen (1920 x 1080) and boasts an Intel® Atom™ Processor Z8350 (Quad Core) CPU. The screen can easily be rotated to be used as a laptop or tablet. Have access to the web, news, or local business information. Access the Windows Store to download your favorite apps, games, movies, music, and more! With a built-in Bluetooth function you can seamlessly pair your MEGATRON II laptop with Bluetooth compatible devices. Store all your important documents, pictures, and movies in the laptop's 32 GB memory. The storage can also be expanded to up to 160 GB using the Micro Card Reader slot. The MEGATRON II is the answer for a full-featured all-in-one tablet.

Notes

* Use the headset long time, high volume may cause permanent damage to hearing.
* Do not use headphones when going across a road, driving a motorcycle or bicycle, in order to avoid traffic accidents.
* Please use permitted battery, charger and accessories only, the use of any other type of product would be a breach of warranty regulations, and may be dangerous.
* Please deal with waste machinery and accessories according to local environmental regulations.
* If you have any questions in the process of using of the product. please contact the local dealer or contact Wiltronics customer service center directly.
 * For any file loss caused by product damage, repair or other causes of product damage, Wiltronic shall not be responsible for it. Please follow the user's guide and timely backup your files.

FCC Caution

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

-- Reorient or relocate the receiving antenna.

-- Increase the separation between the equipment and receiver.

-- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.

-- Consult the dealer or an experienced radio/TV technician for help.

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.
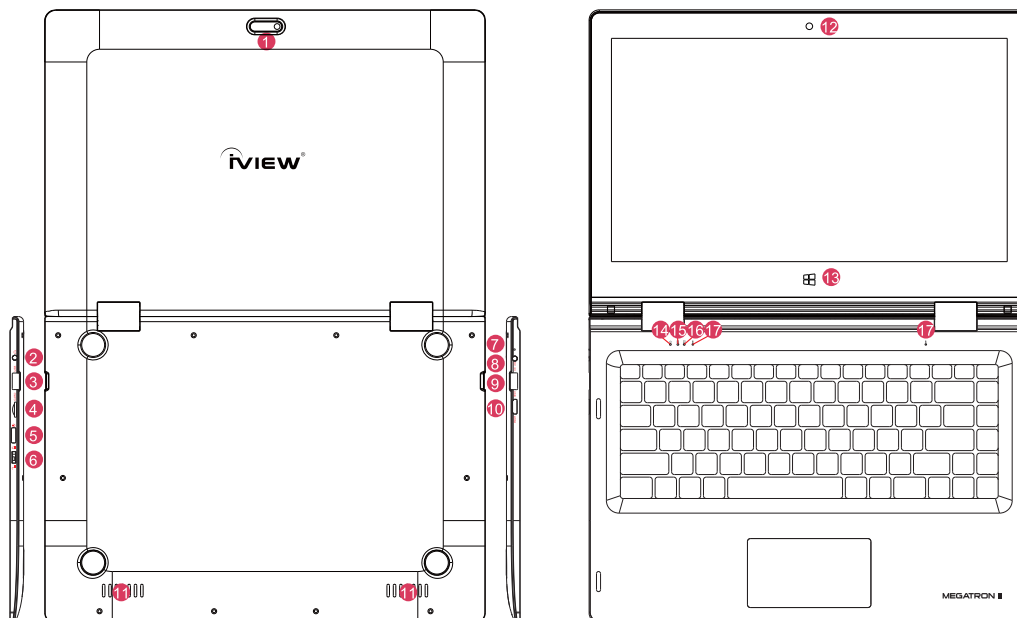

FCC ID: 2AAWC-MEGATRONII
