

## 20/20 VISION WINNERS

At our annual dealer meeting Winnebago Industries recognized 128 of our dealers as 20/20 Vision leaders. To achieve 20/20 Vision status a dealer must have performed warranty repairs on at least 20 different traveling customer coaches or have performed 20 percent or more of their total Winnebago Industries warranty claims work for customers who purchased their motor homes elsewhere.

“At Winnebago Industries we place a strong emphasis on serving the traveling customer,” said Steve Evenson, Director of Parts and Service. “Long term success for our industry depends on providing quality service after the sale. The ability to get service when a need arises while traveling is a critical component of the quality service issue. I am pleased to honor the 128 dealerships who earned 20/20 Vision recognition.”

Dealerships earning 20/20 Vision status are:
