12 Installation Applications

12.1 Installation

Install the third part application procedure

While the main method of loading applications involves using an appstore, if you have an individual APK file, you can use that to install the app.

Save the APK file to your device. We recommend saving APK files to the Downloads folder for ease of finding them.

1. Tap file manager; choose the application you wish to install.
2. Tap install APK.
3. Follow the installation instructions listed on the screen.

12.2 Uninstall an app

Tap the settings icon.

1. Tap Application.
2. Select the application you want to uninstall, tap uninstall.
3. Tap OK to finish uninstalling the app.

13 Troubleshooting

1. It takes a long time to power up when I power on for the first time.

The first time you power the device on, or after updating the device, it may take as long as 3 minutes to power on as it initializes files. Subsequent power sequences should take less than a minute

2, Sometimes, the device feels warm to the touch.

When charging, or after a long period of use, it is common for the device to feel slightly warm. This is normal as the battery charges or discharges and is not a cause for concern.

3, My device will not connect to Wifi.

- Ensure that you are in an area with a strong wifi signal.
- Please make sure the password you are using is correct.

4. Cannot surf the Internet

- Please make sure the distance between the device and the wireless router is within 50 yards.
- Please re-connect the WIFI.

5. Sometimes, the device runs slowly.

- The more apps you have open and running, the slower the device will run. You can enter your application setting to disable or “kill” applications to free up processor and memory resources. In addition, there are many “Task Killer” applications which can do this

Limited Manufacturer’s Warranty

1. MACH SPEED products carry a one year from date of purchase warranty This warranty is nontransferable.
2. Mach-Speed Technologies warrants to the original registered end-user purchaser that Mach Speed products will be free from defects in materials and workmanship for one year from the date of new purchase. 4. Mach Speed Technologies will make every reasonable effort to deliver on time however; Mach Speed Technologies will not be liable for late or lost shipments.

FCC Caution: Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate this equipment.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

This device and its antenna(s) must not be co-located or operating in conjunction with any other antenna or transmitter.

15.105 Information to the user.

(b) For a Class B digital device or peripheral, the instructions furnished the user shall include the following or similar statement, placed in a prominent location in the text of the manual:

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

—Reorient or relocate the receiving antenna.

—Increase the separation between the equipment and receiver.

—Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.

—Consult the dealer or an experienced radio/TV technician for help.
