EN

Withings Inc. of 16192 Coastal Highway, Lewes, DE 19958 ("Withings") warrants the Withings-branded Aura hardware product and accessories contained in the original packaging ("Withings Product") against defects in materials and workmanship when used normally in accordance with Withings' published guidelines for a period of ONE (1) YEAR from the date of original retail purchase by the end-user purchaser («Warranty Period»). Withings' published guidelines include but are not limited to information contained in technical specifications, safety instructions and quick start guide. Withings does not warrant that the operation of the Withings Product will be uninterrupted or error-free. Withings is not responsible for damage arising from failure to follow instructions relating to the Withings Product's use.

FR

Withings SA à 20 rue Rouget de Lisle 91230 France (ou son ayant droit) (« Withings ») garantit le matériel et les accessoires Aura de marque Withings contenus dans l'emballage d'origine (« Produit Withings ») contre les défauts de matériel et de main d'œuvre, lorsque ceux-ci sont utilisés conformément aux spécifications techniques, aux consignes de sécurité et aux manuels d'utilisation ainsi qu'aux autres recommandations publiées sur le Produit Withings et sous réserve qu'ils surviennent dans un délai d'UN (1) AN suivant la date d'achat initiale par l'utilisateur final (« Période de garantie »). Withings ne garantit pas que le fonctionnement du Produit Withings sera ininterrompue ou sans erreur. Withings n'est pas responsable pour des dommages provenant d'un non suivi des instructions d'utilisations du Produit Withings.

DE

Withings SA mit Sitz 20 rue Rouget de Lisle 91230 France („Withings“) gewährleistet für einen Zeitraum von EINEM (1) JAHR ab dem Datum des ersten Kaufs durch den Endnutzer („Garantiefrist“), dass das Aura-Gerät und alle Zubehörteile mit dem Markenzeichen Withings, die in der Originalpackung enthalten sind („die Withings-Produkte“) frei sind von Material- und Verarbeitungsfehlern, wenn sie unter normalen Bedingungen gemäß den von Withings veröffentlichten Anleitungen verwendet werden. Die von Withings veröffentlichten Anleitungen umfassen unter anderem die Informationen, die in den technischen Informationen, den Sicherheitsanweisungen und der Kurzanleitung enthalten sind. Withings garantiert keinen ununterbrochenen oder fehlerfreien Betrieb des Withings-Produkts. Withings ist nicht verantwortlich für Schäden, die aus der Nichtbefolgung der Anweisungen.

ES

Withings SA con dirección en 20 rue Rouget de Lisle 91230 France ("Withings") propone una garantía del producto de hardware Aura y los accesorios de la marca Withings contenidos en el embalaje original (« Producto Withings ») contra los posibles defectos de material y de mano de obra, siempre que se hayan utilizado conforme a las directrices publicadas por Withings, durante un periodo de UN (1) AÑO a partir de la fecha de compra inicial por parte del usuario final («Periodo de garantía»). Las directrices publicadas de Withings' incluyen a título enunciativo información sobre especificaciones técnicas, instrucciones de seguridad y una guía de inicio rápido. Withings no garantiza un funcionamiento del Producto Withings ininterrumpido o sin errores. Withings no se responsabiliza de los daños producidos por no haber seguido las instrucciones de utilización del Producto Withings.

IT

Withings SA di 20 rue Rouget de Lisle 91230 France ("Withings") garantisce che il materiale e gli accessori di marchio Withings contenuti nella loro confezione originale («Prodotto Withings») sono privi di difetti materiali e di manodopera qualora utilizzati normalmente in conformità con le linee guida pubblicate da Withings per un periodo di UN (1) ANNO dalla data di acquisto presso il rivenditore, da parte dell'acquirente finale («Periodo di garanzia»). Le linee guida pubblicate da Withings includono, ma non si limitano a, le informazioni contenute nelle specifiche tecniche, istruzioni di sicurezza e guida all'avvio rapido. Withings non garantisce che il funzionamento del Prodotto Withings sia ininterrotto o privo di errori. Withings non è responsabile per i danni derivanti dalla mancata conformità delle istruzioni relative all'utilizzo del Prodotto Withings.

PT

A Withings SA, em 20 rue Rouget de Lisle 91230 France ("Withings"), garante que o produto de hardware da marca Withings e acessórios que se encontram na embalagem original («Produto Withings») não possui defeitos de material e conceção quando usado normalmente de acordo com as instruções publicadas da Withings durante o período de UM (1) ANO a partir da data da compra a retalho original pelo consumidor final («Período de Garantia»). As instruções publicadas da Withings incluem, nomeadamente, informação existente sobre especificações técnicas, instruções de segurança e um guia de iniciação rápida. A Withings não garante que a operação do Produto Withings seja ininterrupta ou isenta de erros. A Withings não se responsabiliza por danos que advenham do não cumprimento das instruções relacionadas com a utilização do Produto Withings.

These instructions apply to equipment models FCC ID: XNAWSD01 and FCC ID: XNAWSM01

Federal Communications Commission (FCC) Statement

15.21 - You are cautioned that changes or modifications not expressly approved by the part responsible for compliance could void the user's authority to operate the equipment.

CAUTION: These equipments may not be modified, altered, or changed in any way without signed written permission from Withings Inc. Unauthorized modification may void the equipments authorization from the FCC and will void the Withings Inc warranty.

15.105(b) - The equipments have been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. These equipments generate, use and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If these equipments do cause harmful interference to radio or television reception, which can be determined by turning the equipments off and on, the user is encouraged to try to correct the interference by one or more of the following measures: • Reorient or relocate the receiving antenna. / • Increase the separation between the equipments and receiver. / • Connect the equipments into an outlet on a circuit different from that to which the receiver is connected. / • Consult the dealer or an experienced radio/TV technician for help.

The device Withings Aura Smart Sleep Sensor (FCC ID XNAWSM01) complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: 1) this device may not cause harmful interference and 2) this device must accept any interference received, including interference that may cause undesired operation of the device.

The device Withings Aura Bedside Device (Smart Sleep Dock - FCC ID XNAWSD01) complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: 1) this device may not cause harmful interference and 2) this device must accept any interference received, including interference that may cause undesired operation of the device.

FCC RF Radiation Exposure Statement: These equipments comply with FCC radiation exposure limits set forth for an uncontrolled environment. End users must follow the specific operating instructions for satisfying RF exposure compliance. This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter. The device model FCC ID XNAWSD01 must be installed to provide a separation distance of at least 20cm from all persons.

These equipments comply with the R&TTE Directive.

A copy of the EU Declaration of Conformity is available online at www.withings.com/compliance

• These appliances can be used by children aged from 8 years and above and persons with reduced physical, sensory or mental capabilities or lack of experience and knowledge if they have been given supervision or instruction concerning use of the appliances in a safe way and understand the hazards involved

• Children shall not play with the appliances

• Cleaning and user maintenance shall not be made by children without supervision

WARNING TO USERS IN THE CANADA / ATTENTION POUR LES UTILISATEURS AU CANADA

These devices comply with Industry Canada licence-exempt RSS standard(s). Operation is subject to the following two conditions: (1) these devices may not cause interference, and (2) these devices must accept any interference, including interference that may cause undesired operation of the devices. Under Industry Canada regulations, this radio transmitter may only operate using an antenna of a type and maximum (or lesser) gain approved for the transmitter by Industry Canada. To reduce potential radio interference to other users, the antenna type and its gain should be so chosen that the equivalent isotropically radiated power (e.i.r.p.) is not more than that necessary for successful communication. This device complies with Industry Canada RF radiation exposure limits set forth for general population (uncontrolled exposure).

The device model FCC ID XNAWSD01 must be installed to provide a separation distance of at least 20cm from all persons and must not be collocated or operating in conjunction with any other antenna or transmitter.

Le présent appareil est conforme aux CNR d'Industrie Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes: (1) il ne doit pas produire de brouillage, et (2) l'utilisateur du dispositif doit être prêt à accepter tout brouillage radioélectrique reçu, même si ce brouillage est susceptible de compromettre le fonctionnement du dispositif. Conformément à la réglementation d'Industrie Canada, le présent émetteur radio peut fonctionner avec une antenne d'un type et d'un gain maximal (ou inférieur) approuvé pour l'émetteur par Industrie Canada. Dans le but de réduire les risques de brouillage radioélectrique à l'intention d'autres utilisateurs, il faut choisir le type d'antenne et son gain de sorte que la puissance isotrope rayonnée équivalente (p.i.r.e.) ne dépasse pas l'intensité nécessaire à l'établissement d'une communication satisfaisante. Le présent appareil est conforme aux niveaux limites d'exposition RF aux personnes définies par Industrie Canada. L'appareil de modèle FCC ID: XNAWSD01 doit être installé afin d'offrir une distance de séparation d'au moins 20cm avec l'utilisateur, et ne doit pas être installé à proximité ou être utilisé en conjonction avec une autre antenne ou un autre émetteur.

This product is not a medical device and should not be used to diagnose or treat any medical condition.

FR Ce produit n'est pas un appareil médical et ne doit pas être utilisé pour diagnostiquer ou traiter une pathologie.

DE Dieses Produkt ist kein Medizinprodukt und darf nicht verwendet werden, um gesundheitliche Beschwerden zu diagnostizieren oder zu behandeln. | **ES** Este producto no es un dispositivo médico y no se debe utilizar para diagnosticar o tratar una patología. | **IT** Questo prodotto non è un dispositivo medico e non deve essere usato per diagnosi o trattamento di malattia. | **PT** Este produto não é um dispositivo médico e não deve ser usado para diagnosticar ou tratar qualquer doença.
