JUST CHARGE IT

Charging the speaker is so easy you've probably figured it out by now, but in case you've got two options, you can charge it using your computer or a wall outlet. The Jam Blaze needs about 2 hours for up to 5 hours of party time.

1. The cord that came with the speaker— the one with the USB on one end and the Micro USB on the other – will work with your computer.
2. IF you want to use the wall outlet, you'll need to pick up a power cord with a Micro USB the next time you're at the store, or use any USB AC adaptor, including the one for your cell.

SHED SOME LIGHT

The LED lights on your speaker let you know what it's doing.

Bluetooth Light	Battery Light
Pairing Mode	Low Battery
Connected	Charging
Aux-In Mode	Ready to Party

CONTROL YOUR DESTINY ... OR AT LEAST YOUR SPEAKER

1. Power button: press and hold for 3 seconds to power on.
2. Color selector button. Move through 3 different light programs
3. Turn the music down or go back a track
4. Push it to play, push it again to pause
5. Turn the music up or jam on to the next track
6. Check out how much juice is in the battery
7. Lets you know when *Bluetooth* is paired
8. The power cord goes here
9. Here's where you hook it up old school

BLUETOOTH® CONNECTION – IT'S A SET UP

Like any amazing couple, this one starts with a connection – one between your device and the speaker's *Bluetooth*. Here's how it works:

1. Make sure the smartphone, tablet or computer you're using with the speaker has *Bluetooth*.
2. Turn on the speaker (press and hold the power button for 3 seconds) and look for the little blinking light.
3. Do whatever your device your device needs to do on its end.
4. Look for Jam Blaze in your device's *Bluetooth* list or click YES.
5. Now hit PLAY on your Speaker and crank it up – or down if you're lame.

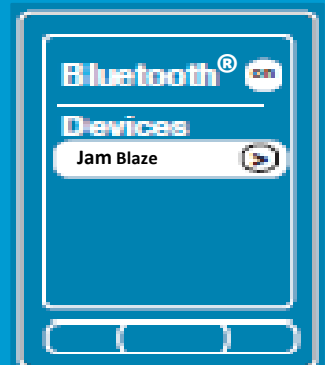

The device and *Bluetooth* will find each other every time just as long as the speaker is set to *Bluetooth* and your device's *Bluetooth* is, you know, on.

If you're connecting to a computer, you may have some extra steps on that end.

You'll have to get that information from the computer company.

Depending on your device you may be prompted to enter a pairing code. If prompted enter "0000" as the code.

To disable pairing of an existing device and pair a new device, press and hold the + and - button for 5 seconds to activate pairing mode.

BLUETOOTH® CONNECTION, CONTINUED

Note: If you turn on your Jam Blaze but haven't started the party yet, it will automatically power off after 2 minutes of unpaired inactivity.

Note: Once you've paired, if you pause the party for 15 minutes or more the Jam Blaze speaker will automatically shut off to preserve battery power.

HOOKING UP OLD SCHOOL AUDIO, JACK

1. Plug one end of the cord into the speaker and the other into the headphone jack on your device.
2. Turn on the speaker.
3. Hit PLAY on your device and crank it up-or down if you're lame.

You'll have to play and pause the music from your device, not your speaker. No problem. You're there anyway, right?

COMING CLEAN

A soft, dry towel is all you need to clean off your speaker. Using water, harsh cleaners, or anything else only starts messing with the mechanics inside. So, yeah, don't do it.

HELLO? SPEAKERPHONE? YES!

When friends call asking to join the party—and you know they will—answer the phone without disconnecting from your JAM Blaze. Yes, that's right. Your speaker is a speakerphone too. How amazing is that? Here's how it works:

1. Make sure your phone and Speaker are connected through *Bluetooth*.
2. Answering and ending a call works the same way: simply click the PLAY/PAUSE button on your Blaze
3. If you'd rather not talk, hold down the PLAY/PAUSE button on your Blaze for 3 seconds to ignore the call.

THE COOLEST PART: The Blaze knows when a call is coming in and pauses the music before ringing. When you hang up, the music starts where it left off—and so does the party. If it's you making the call, just start dialing from your phone, and the Blaze automatically does its hands-free thing. Isn't it refreshing to know your speaker totally gets you?

Situation	Short Press Play/Pause Button	Long Press Play/Pause Button
1 st Incoming call	Pick-Up call	Reject call
On call	End call	Move call from speaker to device
2 nd Incoming call	Call 1 on Hold, Pick-Up call 2	Reject call 2
Both calls Active	Hang up call 1, Switch to call 2	Switch between 1 st call and 2 nd call

1 YEAR LIMITED WARRANTY

STUFF THE GOVERNMENT MAKES US SAY

FCC Compliance:

Note: This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.

This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Note: Changes or modifications not expressly approved by HMDX could void the user's authority to operate this equipment.

STUFF OUR LAWYERS MAKE US SAY

IMPORTANT SAFEGUARDS:

When using an electrical product, basic precautions should always be followed, including the following:

READ ALL INSTRUCTIONS BEFORE USING

- **WARNING:** Do not place speakers too close to ears. May cause damage to eardrums, especially in young children.
- Use this product only for its intended use as described in this manual. Do not use attachments not recommended by HMDX.
- HMDX is not liable for any damage caused to smartphones, iPod/iMP3 players, or any other device.
- Do not place or store this product where it can fall or be dropped into a tub or sink.
- Do not place or drop into water or any other liquid.
- Not for use by children. THIS IS NOT A TOY.
- Never operate this product if it has a damaged cord, plug, cable, or housing.
- Keep away from heated surfaces.
- Only set on dry surfaces. Do not place on surface wet from water or cleaning solvents.

Attention California Residents:

WARNING: This product contains chemicals known to the State of California to cause cancer, birth defects, and other reproductive harm.

A MESSAGE FROM THE ENVIRONMENT

WARNING:

This product has an internal, non-replaceable lithium battery. Please dispose in accordance with your local, state, province, and country guidelines.

This product contains small parts that may present a choking hazard for young children.

CAUTION: All servicing of this product must be performed by authorized HMDX Service Personnel only.

IC Statement

This device complies with Industry Canada licence-exempt RSS standard(s).

Operation is subject to the following two conditions:

- (1) this device may not cause interference, and
- (2) this device must accept any interference, including interference that may cause undesired operation of the device.

Le présent appareil est conforme aux CNR d'Industrie Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes :

- (1) l'appareil ne doit pas produire de brouillage, et
- (2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

IC Radiation Exposure Statement:

This equipment complies with Canada radiation exposure limits set forth for uncontrolled environments.

This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.

Déclaration d'IC sur l'exposition aux radiations:

Cet équipement est conforme aux limites d'exposition aux radiations définies par le Canada pour des environnements non contrôlés.

Cet émetteur ne doit pas être installé au même endroit ni utilisé avec une autre antenne ou un autre émetteur.
