Use the supplied USB cable to charge your portable speaker directly

from your computer or device with a micro USB port. • Make sure that the speaker is fully charged before using it for the

• The portable speaker battery has to be initially charged for at least 12 hours. Thereafter, the battery will take from 2 to 3 hours to recharge. While charging, the LED glows red. When the battery has reached full

capacity, the LED will change to green. • To turn on the speaker, press and hold the power button for 3 seconds. Press and hold the power button once more to turn off the device.

V. Pairing the wireless speaker with your smart device 1. Place your smart device and wireless speaker no more than one meter

away from each other. 2. Press the power button located on the back of the speaker for several

seconds to turn it on. 3. Set your smart device to "discover" the wireless speaker. Upon powering on, a tone will be heard, the blue LED will start flashing, accompanied by a prompt notifying that the speaker has entered into

the pairing mode. 4. Enabled Bluetooth on your device and choose DOSS CloudFox Sport from the list.

5. If pairing is successful, the LED will change to steady blue and your phone will confirm that the connection has been established. If the pairing process fails after 60 seconds, please repeat steps 1 through

VI. Answering and ending a call using your speaker or mobile phone

1. When there is an incoming call, the speaker will generate a tone and a verbal notification to alert you of this event. Briefly press the Handset 🖲 button to pick up, long press to reject. You may also press the answer button on your phone to take the call

3. Speak with a clear voice right into the built-in microphone located on the front section of the speaker.

4. To end a call, tap the Handset 🖲 button once again. Likewise, you may also end the call directly using the command on your cell phone. 5. When listening to music using your smart phone, playback will resume automatically once the call has ended.

VII. Features and proble

1. Waterproof, Shockproof, Dustproof Rated IP67 for 100% protection against Water and Dust. Rubberized rugged exterior for ultimate impact resistance. Water-resistant HD loudspeaker, and splash-proof surface to increase mobility and usability for everyday indoor or outdoor use such as shower, beach, pool, boat, bathroom, car, office,

and much more! 2. Modes: high brightness; medium brightness; low brightness; SOS (emergency signal)

3. Quick tips about how to use handle belts: Undo the two nuts counter-clockwise on the strap. • Remove the nuts from the straps, then put the strap through the strap

• Tighten the screw clockwise on the strap.

Using it with your Amazon Echo Dot

You can connect the Amazon Echo Dot with the speaker via 3.5mm Aux-ii cable or Bluetooth, here is how to set up latter option 1. Download the Amazon Alexa App, follow the standard setup

procedure to get the Echo dot connected to your home Wi-Fi.

devices. If no that, press the 'play/pause' button for 3 seconds and try again. When it does, tap it to complete the pairing process. 5. Connect Echo Dot to DOSS CloudFox using an Aux-in cable. Note: Whatever you connect it via Bluetooth or Aux-in cable, your voice command cannot turn on/off the DOSS CloudFox,that can only transfer sound signal.

3. Run the Alexa app, tap 'Continue' and Select Bluetooth .

2. Switch the CloudFox speaker to Bluetooth mode, you can press the

'play/pause' button for 3 seconds to keep it in pairing status.

4. The DOSS CloudFox speaker should appear in the list of Bluetooth
