FCC STATEMENT

1. This device complies with Part 15 of the FCC Rules.
Operation is subject to the following two conditions:
(1) This device may not cause harmly interference, and of the following two conditions:
(2) Charges or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class 6 digital device, pursuant to Part 15 of the FCC Mises. These limits are classed to the party of the following the service of the following the following the following the following the service of the following the service of the following measures:

- Increase the separation between the equipment and receiver,
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.

- Consult the dealer or an experienced radio? Vectoriation for help.

FCC Radiation Exposure Statement.

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment.

In order to avoid the possibility of exceeding the FCC radiation exposure limits, Iruman proximity to the entered shall not be less than 20cm (8 hockey) during normal operation.
