Xerox DocuMate® 150

Desktop convenience with ease to use One Touch buttons

- Convert documents into search able PDF files with One Touch

- 9 One Touch pre-programmed "scan-to" destinations

- Integrates Kofax VRS tech-nology for perfect scans

- Scans 18 pages per minute*

- Compact Simplex Scanner holds 50 pages ADF capacity**

*Up to 18 ppm at 200 dpi, black & white
**20 lbs paper

Productivity at your Desktop

The Xerox DocuMate 150, color sheetfed document scanner, scans up to 18 pages per minute (ppm), includes a 50-page automatic document feeder and has the ability to automatically scan documents into searchable PDF files. The Xerox DocuMate 150 was designed specifically for desktop use and incorporates Visioneer OneTouch® technology for eliminating multiple steps in sending scanned documents to predeter-mined applications or devices.

The scanner offers a professional software bundle that includes Nuance PaperPort and OmniPage Pro. It also ships with an advanced TWAIN driver to enable communi-cation with advanced electronic content management (ECM) software applications.

Do you want to do more with the paper on your desk? Would you like to copy it, collate it, file it, search it, mail it and make it disap-pear? Sounds time consuming doesn't it? How about if you could do all that with just one touch?

Powerful scanning at the touch of a button

Visioneer OneTouch technology also allows users to easily set the "destination" of their scanned documents by pressing a button and selecting one of nine pre-programmed (or user-customizable) scan settings. "Desti-nation" examples include scan to searchable PDF, scan to e-mail, scan to print, scan to archive, scan to network, and scan to OCR.
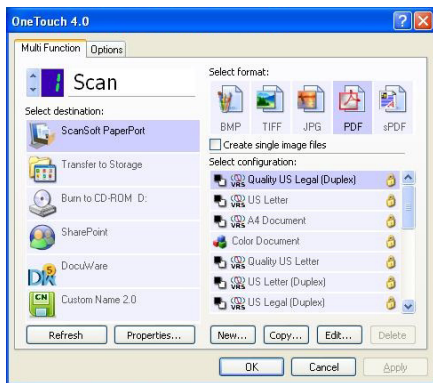

Perfect scans from imperfect originals

A joint development project, Visioneer OneTouch with Kofax® VRS™ technology is an integrated software solution that combines the ease of Visioneer OneTouch scanning, with the superior image quality achieved with Kofax VRS (VirtualReScan®) technology that results in scanned images that are of the best quality possible in one simple step. Document imaging is rapidly growing in nearly every business today. As more users adopt scanning solutions at the desktop, it has become clear that ease-of-use is a key feature. Most new users in document imag-ing are not scanner experts, so simplified, point-and-click solutions that deliver high quality images and integration with business applications are in demand.

Xerox DocuMate 150

Visioneer OneTouch

Visioneer OneTouch is an easy to use utility that connects the buttons on the DocuMate scanner with a powerful set of scanner settings to greatly improve the efficiency of your workflow – so that with one touch, the document is scanned automatically to email, or Word, or your printer, or simply a file folder.

In addition to scanning direct to all popular destinations, Visioneer OneTouch also links the DocuMate 150 with industry-leading document management software, such as, Microsoft SharePoint®and Xerox DocuWare – forming an easy to use workflow from paper to a selected destination. A Software Development Kit (SDK) is also available which provides the ability to develop specific links and integrate them into the Visioneer One-Touch control panel quickly and easily.
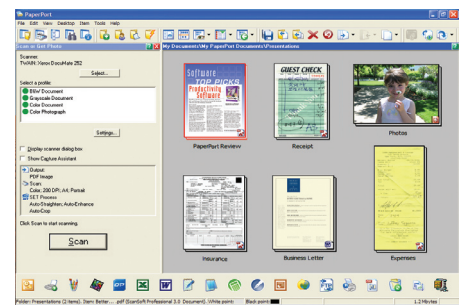

Kofax VRS technology

The Xerox DocuMate 150 integrates Kofax VRS image enhancement technology into the OneTouch scanning process. VRS is the gold-standard in image improvement technology. Imperfect originals are automatically turned into perfect scans that are easier to read for the human eye and the computer's eye. OCR results are dramatically improved, file size is decreased and scans look as clear as the originals. And every page is custom corrected automatically so you can batch together clean, laser quality documents with your imperfect originals. The results are amazing.

Nuance OmniPage Pro

The Xerox DocuMate 150 software bundle allows users to automatically scan to image-over-text searchable PDF. Searchable PDF maintains the visual integrity of the original document, with the text portions of the image converted via OCR for search purposes and stored in a separate layer. This allows for low-cost conversion from paper to PDF, while permitting easy distribution and ability to search, link, select/copy and index the text.

Nuance PaperPort

PaperPort is the easiest way to turn volumes of paper into organized digital files that you can quickly find, use and share. Stop wasting time looking for paper documents scattered around your office. The Xerox DocuMate 150 can scan documents directly to PDF files.

PaperPort supports one-click creation of PDF files from Microsoft Office documents and supports Print-to-PDF using other Microsoft Windows applications. A wide range of image formats can also be converted into PDF – including TIFF, MAX, JPG, BMP and GIF.

PaperPort can help you find any document on your PC instantly. Just type in a word or phrase and PaperPort will bring up the correct document immediately.

Scan to network drives by adding new destinations to the PaperPort folder list allows scanning direct to the desired location. Scan straight to you My Documents folder or to a network drive.

DocuMate 150 — Product Specifications

DocuMate 150	Product Specifications
Model Number	XDM1505D–WU
Scan Speed	
Black & White, 200 dpi	Up to 18 ppm simplex
Color, 150 dpi	Up to 18 ppm simplex
Optical Resolution	600 dpi
Output Bit Depth	24-bit color, 8-bit grayscale, 1-bit b+w
Scan Method	Fast Simplex Sheetfed
Interface	Hi-Speed USB 2.0 (USB 1.1 compatible)
Dimensions	12"(w) x 5.62"(d) x 10.5"(h)
Weight	6.5 lbs.
ADF Maximum Document Size	8.5" x 14"
ADF Minimum Document Size	3.5" x 2"
ADF Capacity	50 sheets (20 lb. paper)
Duty Cycle	2500 pages/day

Minimum System Requirements

- Pentium IV or equivalent
- Windows 2000 SP4 or XP SP1 & 2 or Vista
- 512MB RAM (1GB for Vista)
- 350MB free hard disk space
- DVD-ROM drive
- Available USB Port

Contents

- DocuMate 150 Scanner
- Power Supply
- USB 2.0 Cable
- Quick Install Card
- Technical Support Card
- DVD-ROM including:
– User's Guide
– Scanner Driver (TWAIN & WIA)
– Nuance PaperPort
– Nuance OmniPage Pro
– Visioneer OneTouch with Kofax VRS Technology
