User's manual

CHARGING THE BLUETOOTH® SPEAKER

Connect the micro USB port of the USB charging cable into the USB port on the side of the speaker. Connect the other end of the USB cable to your computer's USB port or an USB wall charger (not included)

The LED indicator turns RED, indicating the battery is being charged. The LED indicator will turn off when the speaker is fully charged. (Approximately 3 hours).

PAIRING THE SPEAKER WITH A BLUETOOTH® ENABLED DEVICE

Keep your Bluetooth® Speaker and Bluetooth® enabled device within 1 meter of each other during the pairing process.

Turn on your Bluetooth® Speaker. The LED light on the front of the speaker flashes. Your speaker is now in Pairing Mode.

Set your Bluetooth® enabled device to search for Bluetooth® devices.

When the device finds the **YM-308**, select it. Select "Pair" to connect the Bluetooth® Speaker to your bluetooth enabled device.

Depending on which device you are trying to connect the speaker to, it may be necessary to enter a passcode. Enter passcode "0000" if

prompted by the device.

Your Bluetooth® enabled device will confirm that the pairing was completed, and prompt you to accept the connection. Please respond YES to connect the Bluetooth® Speaker to your Bluetooth® enabled device.

Note : Once the speaker is paired and connected to your Bluetooth® device, it will automatically connect the next time as long as the Bluetooth® on your device is turned on.

USING YOUR BLUETOOTH® SPEAKER

PLAYING MUSIC

To enjoy wireless music on your Bluetooth® Speaker, make sure you are connected to a Bluetooth® enabled device. Once connected you can press PLAY on your Bluetooth® device or you can press the Phone button on the YM-308 speaker. Once the music is playing, you can control it from the control buttons of the YM-308 speaker.

Volume control

Press and hold the "+" or the "-" button to adjust the volume in the desired level.

Note : You may also adjust the volume from your Bluetooth® enabled device's volume control.

Play/Pause

Press the Phone button to pause the music. To resume the music, press this button again.

Changing Songs (with devices that have AVRCP Bluetooth® profile)
Short press the “+” button to go to the next song.
Short press the “-” button to go to the previous song.

TELEPHONE BUTTON FUNCTIONS

Note : You may answer & end call while listening to music. The music will stop when a call is answered, and will restart when the call is ended.

Answer / End a call :

To answer a call, short press the Phone button.

FCC Statement:

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular

installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment to an outlet on a circuit different from that to which the receiver is connected.

This device complies with part 15 of the FCC rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Note: Modifications to this product will void the user's authority to operate this equipment.
