- Multicolor 7 mode LED light.
- Dimmable LED light.
- Built in rechargeable lithium battery.
- Built in microphone for hands free phone calls.
- Support TF card play back.
- AUX in function for non-bluetooth devices.

Location of Controls

1. Lock/Unlock LED light.
2. PREV/Vol-
3. Play/Pause/Phone
4. Next/Vol+
5. Mode button: Switch between Bluetooth, TF card play back, and AUX mode.
6. Status LED light.
7. Micro SD card slot.
8. 3.5mm AUX in jack.
9. DC 5V charging port.
10. On/Off switch.

Pairing the Bluetooth Speaker

1. Switch the ON/OFF switch to ON position.
2. Press the Mode button, the status LED will flash blue, indicating that the Bluetooth speaker is in pairing mode.
3. Set your Bluetooth-enabled device to search for Bluetooth devices.
4. When the Bluetooth-enabled device finds the Bluetooth speaker, select "YM-388" from the list of found devices.
5. After a successful pairing, a beep tone will be heard, indicating that the device is paired and the Bluetooth status LED will stay solid blue.

If a previously paired device is in range when the Bluetooth speaker is turned on and in Bluetooth pairing mode, the Bluetooth speaker will connect to it automatically.

Using the dimmable LED light

1. Switch the ON/OFF switch to ON position, now the speaker is in dimmable LED light mode.
2. Press the top of the speaker once to turn on or adjust the brightness of the LED light. This LED light has three types of brightness: Weak, Intermediate, and Strong.

Using the multicolor LED light

1. Press and hold the top of the speaker for about 2 seconds to switch the LED light from dimmable mode to multicolor mode.
2. When in multicolor mode, press the top of the speaker once to change the color of the LED light. This LED light has 7 multicolor modes: Red, Purple, Green, Pink, Blue, Alternative, and Dynamic.

Charging the Bluetooth speaker

To charge the Bluetooth speaker, connect the supplied micro USB cable to the USB charging port and the other end to your computer or USB

charging device. The LED indicator next to the charging port will stay red when charging. When charging is completed, the charging LED indicator will turn off.

! Make sure you charge your Bluetooth speaker for at least 4 hours before using it for the first time.

Playback time	4 to 6 hours
Charging input power	DC 5V
Charging time	Approx 3 hours
Unit size	125*98*98 mm

Note: Battery life & charging time may vary, based on usage & types of devices used.

FCC Statement:

This equipment has been tested and found to comply with the limits for a Class B digital device pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment operates, uses and can radiate radio frequency energy and if not installed and used in accordance with the instructions, may cause harmful interference to radio communications.

However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment to an outlet on a circuit different from that to which the receiver is connected.

This device complies with part 15 of the FCC rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Note: Modifications to this product will void the user's authority to operate this equipment.
