Motion™ C5 Mobile Clinical Assistant
Quick Reference Guide for Windows XP

This Quick Reference Guide provides information for using the C5 Mobile Clinical Assistant.

NOTE: For additional reference information, see the Quick Setup included with your C5.

Logging on

After turning on your C5, perform the following steps:

Windows Security button — Power button

1. Press the power button.
2. When prompted, press the Windows Security button.
3. Using the pen and the on-screen keyboard, tap in your password.

Getting started

Familiarize yourself with the following reference materials:

1. Complete the interactive *Get Going with Tablet PC* tutorial.
   (Start > All Programs > Tablet PC > Get Going with Tablet PC)

2. Complete the other useful *Tablet PC Tutorials*.
   (Start > All Programs > Tablet PC > Tablet PC Tutorials)

3. Open and review the Motion Dashboard.
   (Start > All Programs > Motion Computing > Motion Dashboard or see "Using the Tablet PC Buttons" below)

4. Refer to the *Motion User Guide* if you have any questions.
   (Start > All Programs > Motion Computing > Motion User Guide)

Using the pen

Using the C5 pen on the screen is similar to using a mouse to make selections and open files.

The following table explains the similarities between a C5 pen and a mouse.

| Function	Mouse action	Pen action
Select	Point and click	Point and tap the display
Open a file or application	Double-click	Double-tap or double-touch on the display
Select and drag	Click and drag	Tap or touch and drag on the display
Display properties or edit functions (cut, copy, paste)	Right-click and hold	Hold the pen on the display until the mouse icon appears, and then remove the pen tip from the display

Helpful pen tips

- Hold the pen like a regular pen.
- You can rest your hand on the screen.
- Calibrate the digitizer and pen for better pointer alignment through the Pen & Tablet panel.
- For more information, see the *Motion C5 User Guide*.

Function button (right-click function)

Pen tip — Eraser

Helpful bar code scanner tips

- The bar code button is located on the top right-edge of the C5.
- Hold the C5 by the handle to scan. Ensure the scan beam covers the entire bar code.
- Press the button once to trigger the scanner. Do not hold the button down when scanning.
- The C5 beeps when the barcode successfully scans.

Using the C5 buttons and LEDs

Function — Motion Dashboard
Directional control — Wi-Fi LED — Battery LED — Bluetooth LED
Programmable A (to rotate display press Function and A) — Programmable B
Helpful tip:
Use the Function button to activate the secondary functions of the Directional Control, Motion Dashboard, and Rotate buttons. For more information, see the *Motion C5 User Guide* on your Tablet PC desktop.

Optimizing battery life

- Use AC power when available. When the C5 is connected to AC power, the battery will continue to charge while using the C5.

- In the Display panel of the Motion Dashboard, adjust the brightness to the dimmest comfortable brightness level.

- In the Motion Dashboard, set the power button to Stand By or Hibernate to conserve battery power, to quickly power on and off, or when not using the C5.

- When not in use, turn off wireless adapters in Motion Dashboard.

- For advanced tips about extending the battery life, go to www.motioncomputing.com/tips.

Using the Motion™ Dashboard to adjust C5 settings

Open the **Motion Dashboard** by pressing this button on the front of the C5.

Set display to Off

Adjust brightness

Select the default display scheme for the external monitor

Control audio playback

Configure microphones and Speak Anywhere®

Category View

Entering text and data

1. To open the Input Panel, tap inside a text field, and then tap the floating Input Panel icon.   Or, tap the Input Panel icon to the right of the Start button to open the Input Panel.
2. Select one of the three Input Panel input modes to enter data.

Mode 1: Handwriting input
Enter handwriting (use cursive or block letters).

Tap

Mode 2: Character input
Enter characters one at a time.

Tap

Mode 3: Keyboard input
Tap the on-screen keyboard.

Tap

Using the digital camera

The C5 includes a 2.0 megapixel digital camera. The camera lens is located on the back of the C5, at the top near the handle.

• Hold the camera steady when pointing the lens at the object you want to photograph.
• Press the Camera button once to activate the viewfinder.
• Press the button again to take the picture.
• The C5 will prompt you to enter a name and location to save the image.

The figure below shows the location of the camera button.

Camera button

IMPORTANT: The *Motion C5 User Guide*, located on your C5 desktop, contains information about the following topics.

Setting wireless devices

• To set up and use your Bluetooth wireless devices, see "Using Bluetooth" in the *Motion C5 User Guide*.

• To set up the built-in Wi-Fi adapter, see "Using Wi-Fi (802.11 a/b/g)" in the *Motion C5 User Guide*.

Using the ports and card slots

For information about the locations and uses for the ports and card slots, see "Features" in the *Motion C5 User Guide*.
Note: The C5 must be powered by AC power to use USB ports.

Setting up the Fingerprint Reader

You can use the Fingerprint Reader for user authentication, password replacement, and four-way directional scrolling.

To set up the Fingerprint Reader, see "Using Motion OmniPass™ and Fingerprint Reader" in the *Motion C5 User Guide*.

Using speech recognition

1. For information about configuring speech recognition, see "Using Speech Recognition" in the *Motion C5 User Guide*.

2. Complete the *Using Speech Recognition* tutorial.
   (Start > All Programs > Tablet PC > Tablet PC Tutorials > Speech)
