## To Connect to the Internet, you will need:

(Home WiFi Router)

or

and

- A Home WiFi Router OR a publicly-available WiFi signal (ie., In a library, coffee shop or school.)
- The Network Name (SSID) and Network Security Key (ie., Password) for the Internet Connection.

# 1 Charge the Tablet

Connect the AC/DC power adapter to a wall outlet, then to the tablet's DC port as shown. A blue light above the DC port will indicate that the tablet is charging.

It is recommended to fully charge the battery before first use. Typical battery charge time is between 4-6 hours.

Note: It is normal for the tablet to become warm while charging.

## Connecting the Tablet and Keyboard

Your tablet features a specially-designed magnetic hinge that attaches and secures the tablet and keyboard together, enabling quick and easy docking.

### 1. Dock Port

Connect the 5-pin magnetic dock port to support the keyboard.

### 2. Hinge Tabs

Align and insert tabs into their respective slots in the tablet.

## Undocking the Tablet

Firmly grasp the tablet and secure the keyboard at the same time, then gently pull up on the tablet.

## 2 Turn-on the Tablet and follow the prompts.

## Use the Setup Wizard **3**

During the setup process, you will be able to:

- Create a Microsoft account
- Personalize the unit
- Establish a Password.

Select a WiFi Network and type-in the Password

**or**

Select 'skip this section' at the bottom of the list.  
You'll be able to connect later (See page 18)

# Important Safety Instructions

This device complies with part 15 of the FCC rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Please read the following instructions and notices before using your tablet.

1. Avoid using in extremely hot, cold, dusty, damp or wet environments.
2. The tablet is not moisture or water-resistant. Avoid using the tablet around sources of water.
3. Avoid dropping or forcibly placing the tablet onto a hard surface. This may damage the screen or internal electronic components and void the warranty.
4. Do not use alcohol, thinner or benzene to clean the surface of the tablet. Use only cleaning products designed for computer tablet devices.
5. Do not use the tablet while walking or driving.
6. Excessive use of earphones at high volume may lead to hearing impairment. Limit earphone usage, and adjust the volume to a moderate level only.
7. The images in this manual may vary slightly from the actual product.
8. Charge the tablet battery under any of the following circumstances:
  - a. Battery level icon indicates low power
  - b. Tablet powers-off automatically, continuing to do so even after restarting.
  - c. On-screen keys or display does not function properly.
9. Do not suddenly disconnect the tablet when formatting, uploading or downloading data. This may lead to program errors (e.g., system or screen “freezing”.)
10. Static discharge is normal and can occur in an electronic device. Although not life threatening, it may corrupt files or damage memory and its content. Do not use accessories that are not from Nuvision.
11. Dismantling the tablet will void the manufacturer’s warranty. If you are experiencing problems, review this quick start guide or visit the FAQ online at [www.nuvision.com](http://www.nuvision.com).
12. Tablet functions, hardware, software, and warranty information may be revised by the manufacturer or their respective owners, and subject to change without notice.
13. Warning: This product may contain a chemical known to the State of California to cause cancer, birth defects, or other reproductive harm.
