Insert a SIM/Install Battery

You'll need to set up your Z223 before you can explore all of its great features.

- Remove the back cover of your phone.
- Your new GoPhone SIM card is pre-installed. If you are an existing AT&T customer, replace it with your current SIM (see instruction #3 below).
If your SIM does not fit, call Customer Care at 800-331-0500. Enter your mobile number, select the option for Technical Support, and then follow the prompts to speak to a representative.
- To insert a SIM card, push the SIM into the card slot with the gold-colored contacts facing down and the cut corner at the upper left.
- Insert the battery, making sure the connectors align. Gently push down on the battery until it clicks into place.
- Replace the back cover.

Taking and Sending Pictures
