4. How To Use

4.1 General Functions

Desired Result	Required Action
Switch on & Enter the pairing mode	Switch the button to the left.
Bluetooth pairing	You should use a Bluetooth function mobile phone or other Bluetooth Master Device and to perform pairing action.
Switch off	Switch the button to the right.
Charging	Plug the Micro USB cable to the DC5V charging port of the device.

4.2 Pairing to Mobile phone or other device

To use your Bluetooth speaker, you must first pair your speaker with a mobile phone or other Bluetooth device. Once your Bluetooth speaker is paired to a specific mobile phone, they will remain paired and automatically recognize each other whenever they are within range.

Pairing to a phone and Entertainment:

- Turn on your phone and ensure the Bluetooth function is activated.
- Turn on the speaker, go to the pairing mode.
- Search your Bluetooth devices on your phone by following the phone's instructions. Refer to your phone's user manual for more information.
- After a few seconds the phone will list the "Print BT Speaker" as a discover device. Select it and follow your phone's instructions to select this pairing.
- Your phone will confirm the pairing, and then press Yes/OK.
- Finally, select to connect with Print Bluetooth Speaker from your phone.

4.3. Charging your speaker

Use the Micro USB cable accessory provided with this speaker. Connect the Micro USB plug to the Micro USB charging port. Then connect the USB plug to a USB port on a computer or wall adapter to activate charging.

****Make sure to keep the speaker charging for a minimum of 6 hours before initial use.**

USB Plug Micro USB Plug

Warning:

- You must select a qualified charger from a regular manufacturer.
- You must charge the Bluetooth speaker if it has been not used for more than 12 months.

5. Product Specification

Parameter	Value
Driver Diameter	40mm
Impedance	4 Ohms
Bluetooth Version	3.0
Battery Capacity	300mAh Lithium Battery
Playing Time	1-2 Hours
Bluetooth Range	32.8 Feet

6. FAQ

- Why is there no power even when the Bluetooth Speaker is turned on?**
Ans: Ensure the battery has been charged up to 6 hours for initial use.
- There is no sound during playback.**
Ans: Check the connection between the Bluetooth Speaker and the phone or computer, if the connection is not established, please connect again. Make sure the Bluetooth Speaker is paired with your Bluetooth enabled device.

7. FCC Statement

FCC STATEMENT
This device complies with Part 15 of the FCC rules. Operation is subject to the following two conditions: 1) this device may not cause harmful interference, and 2) this device must accept any interference received, including interference that may cause undesired operation.
Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.
This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:
--Reorient or relocate the receiving antenna.
--Increase the separation between the equipment and receiver.
--Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
--Consult the dealer or an experienced radio/TV technician for help.
Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.
FCC Radiation Exposure Statement
This modular complies with FCC RF radiation exposure limits set forth for an uncontrolled environment. This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.
