## FAQ

♦ **If the Wireless speaker cannot be paired with your device, please try the following:**
Ensure that your speaker is in pairing mode or reconnection mode.
Ensure that Bluetooth search function of your mobile device is activated.

♦ **If the Wireless speaker cannot be recharged:**
If you use a power outlet, ensure that the power supply is connected securely and the outlet works. If you use a computer, ensure that it is connected and the USB port is powered.

⚠ Safety instructions for the lithium battery and charging the product

-The input voltage to the product is DC 5V 1A.
-In order to charge the product in safe manner and reliable conditions, please only adopt certified appropriate charger/adapter for charging the product.
-Only charge the product at ambient temperatures between 10°C/50°F and 40°C/104 °F.
- Do not heat above 70°C/158°F, eg. Do not expose to sunlight or throw into fire.
-Switch off the product after use.
-Please note that we won't take any responsibility for any wrong operation (eg. Voltage higher than 5V) as this may result in severe injury or loss of property, and we cannot control the operating process during the time the user using this product.
-In extreme cases, abuse or misuse of Lithium battery pack can lead to explosion, heat generation, fire development or smoke development.
