CHARGING YOUR HEADSET

It is essential to charge the headset before using it for the first time.

- Connect the USB cable to your PC/PS3 and the other end into the headset's charging jack.
- The LED will indicate the charging status. The LED will turn red when the headset is charging and will turn green when the headset is fully charged.
- Disconnect the USB cable from the PC/PS3 and the headset. The LED will stop glowing. The battery will now be fully charged.

OPERATION

1. Turn on your headset, press and hold the power button for 3 seconds. The LED will glow red.

2. Put on your headset correctly. The ear pads should be comfortable for your ears. The microphone should be in front of your mouth.

3. Turn on your PC/PS3 and the headset. The headset will automatically connect to the PC/PS3.

4. To stop the headset, press and hold the power button for 3 seconds. The LED will stop glowing.

EXTRAS
