Insert the AAA battery into battery compartment</li><li>2. Pair your BlueCON with your Stereo Headset</li><li>3. Connect the 3.5mm jack into Audio / Video Devices which have standard 3.5mm plug.</li></ol>																		

Page 3  
Insert Battery

Insert one AAA battery or 1.2V 800mAh rechargeable battery into your BlueCON.

1. Press the battery cover gently.
2. Insert the battery into the compartment.
3. Close the battery cover.

Audio streaming time

For AAA alkaline battery, the streaming time is up to 6 hours.

For 1.2V 800mAh Ni-MH rechargeable battery, the streaming time is up to 4 hours.

Low Battery

When the BlueCON is on and the battery becomes low, the LED indicator will flash red.

Page 4

Turning your BlueCON on and off

Press and hold the MFB for approximately 2 seconds until you see the LED flash Blue.

NOTE: Press the MFB again each time you turn on the BlueCON to reactivate the pairing so that the connection between the BlueCON and headset is renewed. For pairing, please refer to "Pairing Your BlueCON" on page 5.

Turning Off

Press and hold the MFB for approximately 3 seconds until you see the LED indicator will not flash.

Page 5

Pairing your BlueCON

1. Open the Battery Compartment and insert the AAA battery into BlueCON35.
2. Press the "MFB" button and hold for 8 sec until the LED indicator flash "Blue" and "Red" alternately.
3. Press and hold your bluetooth headset (A2DP profile enabled) and start the pairing mode.
4. i.Tech BlueCON35 will start pairing automatically until the LED indicator flash "Blue" only.
5. Once pairing success, the LED indicator only flash "Blue".
6. Enjoy your stereo music with i.Tech BlueCON35.

Note: If the LED indicator shows "Purple" or off, please repeat step 2 - 5 again.

Troubleshooting

If you are unable to connect your BlueCON35 to the headset, please try the following:

- Ensure the BlueCON35 is turned on and the battery is full.
- Ensure the BlueCON35 is paired with your stereo headset no more than 1 meter apart and ensure there is nothing in between.
- Ensure the Stereo headset is turned on. Please refer to your stereo headset user guide for specific instructions.
- Ensure the BlueCON35 is within a maximum of 10 meters of your stereo headset and there are no obstructions, such as walls or other electronic devices in between.

If the above steps do not resolve your problem, please reset your headset, remove both the batteries a while.

The BlueCON35 is compliant with and adopts the Bluetooth Specification 1.2. However, interoperability between the device and other Bluetooth-enabled products is not guaranteed because it depends on compatibility. For more information on the compatibility between the device with other Bluetooth-enabled products, please check with manufacturer or browse:

Safety Information

- Check local laws regarding use of a headset and BlueCON35 which connected to portable device while driving. If you see the headset while driving, ensure your attention and focus remains on your responsibility of driving safely
- Never allow children to play with the BlueCON35 – small parts may be a choking hazard
- Observe all signs that require an electrical device or RF radio product to be switched off in designated areas. These could include hospitals, blasting areas, and potentially explosive atmospheres.
- Turn off your BlueCON35 prior to boarding an aircraft. Do not use the BlueCON35 in an aircraft.
- Never mount or store your BlueCON35 over any air bag deployment area as serious injury may result when an air bag deploys.

Page 8

Care and Maintenance

- Please turn off your BlueCON35 before placing it in your pocket, bag or drawer. If the MFB is accidentally depressed, the connection will drop with your headset
- Do not expose the BlueCON35 to liquid, moisture or humidity as it is not waterproof.
- Do not use abrasive cleaning solvents to clean the BlueCON35.
- Do not expose the BlueCON35 to extremely high or low temperatures
- Do not dispose of the BlueCON35 in a fire as it will result in an explosion
- Do not expose your BlueCON35 to contact with cause scratched and damage
- Do not stick anything inside the BlueCON35 as this may damage internal components
- Do not attempt to disassemble the BlueCON35 as it does not contain serviceable components
- If you do not use the BlueCON35 for long period, please remove the battery and be sure to store in a dry place, free from extreme temperatures and dust.
