i.Tech Clip II Headset Overview

Page 3

Getting Started

To use your i.Tech Clip II Headset, please follow these simple steps:

- Charge your headset
- Pair your headset with a Bluetooth-enabled mobile handset

Page 4

i.Tech Clip II

Charging Your Headset

(fig 2)

The i.Tech Clip II Headset comes with a built-in rechargeable battery. Prior to using the headset, it is recommendable to charge the battery fully for the first time.

Page 5

Connect the charger to an AC wall outlet and the charger plug to the headset's charging socket (fig 2). The LED will be red while charging.

IMPORTANT Charging indication will be delayed for a few minutes if the headset has not been used for a long time or the battery is drained.

Nominal Charging Time

Charging the battery fully is normally within 3 hours. When the battery is fully charged, the LED will turn blue. Disconnect the charger from AC wall outlet and the headset. Press and hold the MFB (fig. 1) for 2 seconds to turn the headset on, please refer to "Turning Your Headset On and Off" on the next page.

Talk & Standby Time

The fully charged battery offers up to 4 hours talk time and up to 160 hours standby time. When no calls are in progress, the headset remains turned on in standby mode.

Low Battery

When the headset is on and the battery becomes low, the LED flashes red and the headset emits a beep every 1 minute. Please recharge the battery as described above.

Page 6

Turning Your Headset On and Off

Turning On the Headset
Press and hold the **MFB** for 2 seconds until you hear a short beep.
The **LED** will flash blue.

IMPORTANT Press the **MFB** again each time you turn on the headset to reactivate pairing so that the connection between the headset and the mobile handset is resumed. For pairing, please refer to "Pairing Your Headset" on page 7-8.

Turning Off the Headset
Press and hold the **MFB** for 3 seconds until you hear a long beep.
The **LED** flash stops.

Page 7

Pairing Your Headset

Prior to using your **i.Tech Clip II** Headset for the first time, you must pair it with a Bluetooth-enabled mobile handset.

The information on the next page describes pairing instruction for a typical Bluetooth-enabled mobile handset. Headset pairing procedure is subject to different modes of mobile handsets.

Page 8

Pairing Your Headset

1. Place the headset and the mobile handset where they are easily viewable by no more than 1 meter apart.
2. Ensure the headset is OFF.
3. Press and hold the **MF3** until the headset LED alternately flashes blue and red.
4. Activate your mobile handset's Bluetooth function by referring to your mobile handset user guide for details.
5. Set the mobile handset to search for Bluetooth devices within about 1 meter as instructed in the mobile handset user guide and select  from the list.
6. Enter the preprogrammed passkey '0000' and press 'OK' to pair your headset and mobile handset. When the pairing is complete, the headset LED will flash blue rapidly for 5 times followed by a long beep.
7. Go back to your mobile handset's main menu. For certain mobile handset models, a headset icon will be shown on the screen. You should now be able to make and receive calls using your headset.

IMPORTANT If the pairing cannot be completed within 2 minutes while the pairing mode is activated, the headset LED flashes purple red with 3 beeps and the headset is turned off. Please repeat Steps 2 to 7 to pair the headset and the mobile handset again.

Page 9

Using Your Headset

Answering a Call

To answer a call, wait for the headset and the buzzer to ring, then press the **MF3** to accept the call or answer the call via your mobile handset in the normal way.

If you want to stop the buzzer from ringing, press the **Volume Key** once. The headset continues to ring.

Ending a Call

Press the **MF3** to end your call or end the call via your mobile handset in the normal way.

Dialling from Your Mobile Handset

Simply make calls on your mobile handset in the normal way.
