i.Tech Arrow I Headset Overview

1

(fig.1)

Getting Started

To use your i.Tech Arrow I Headset ("The headset"), please follow these simple steps:

- Charge your headset
- Pair your headset with a Bluetooth-enabled mobile handset

Change Style

- Unattach the ear hook by pulling out from the earphone.

ENGLISH

Charging Your Headset

(fig.1)

(fig.2)

The Headset comes with a built-in rechargeable battery. Prior to using the headset, it is recommendable to charge the battery **fully** for the first time.

3

Connect the charger to an AC wall outlet and the charger plug to the headset's charging socket (fig.1). The LED will be red while charging.

IMPORTANT Charging indication will be delayed for a few seconds if the headset has not been used for a long time or the battery is drained.

Nominal Charging Time

Charging the battery fully is normally within 3 hours. When the battery is fully charged, the LED will turn blue and remains on for 30 minutes. Disconnect the charger from AC wall outlet and the headset. Press and hold the MFB (fig.2) for 2 seconds to turn the headset on, please refer to "Turning Your Headset On and Off " on the next page.

Talk & Standby Time

The fully charged battery offers up to 10 hours talk time and up to 200 hours standby time. When no calls are in progress, the headset remains turned on in standby mode.

Low Battery

When the headset is on and the battery becomes low, the LED flashes red and the headset emits a beep every 1 minute. Please recharge the battery as described above.

Turning Your Headset On and Off

Turning On the Headset

Press and hold the **MFB** for 2 seconds until you hear a short beep.
The **LED** will flash blue.

IMPORTANT Press the **MFB** again each time you turn on the headset to reactivate pairing so that the connection between the headset and the mobile handset is resumed. For pairing, please refer to "Pairing Your Headset" on page 6-7.

Turning Off the Headset

Press and hold the **MFB** for 3 seconds until you hear a long beep.
The **LED** flash stops.

Pairing Your Headset

Prior to using the Headset for the first time, you must pair it with a Bluetooth-enabled mobile handset.

The information on the next page describes pairing instructions for a typical Bluetooth-enabled mobile handset. Headset pairing procedures are subject to different models of mobile handsets.

Pairing Your Headset

1. Place the headset and the mobile handset where they are easily viewable by no more than 1 meter apart.
2. Ensure the headset is OFF.
3. Press and hold the **MFB** until the headset **LED** alternately flashes blue and red.
4. Activate your mobile handset's Bluetooth function by referring to your mobile handset user guide for details.
5. Set the mobile handset to search for Bluetooth devices within about 1 meter as instructed in the mobile handset user guide and select "i.Tech Arrow I" from the list.
6. Enter the preprogrammed passkey "0000" and press "OK" to pair your headset and mobile handset. When the pairing is complete, the headset **LED** will flash blue rapidly for 5 times followed by a long beep.
7. Go back to your mobile handset's main menu. For certain mobile handset models, a headset icon will be shown on the screen. You should now be able to make and receive calls using your headset.

IMPORTANT If the pairing cannot be completed within 2 minutes while the pairing mode is activated, the headset LED flashes purple red with 3 beeps and the headset is turned off. Please repeat Steps 2 to 7 to pair the headset and the mobile handset again.

Using Your Headset

Answering a Call

To answer a call, wait for the headset to ring, then press the **MFB** to accept the call or answer the call via your mobile handset in the normal way.

Ending a Call

Press the **MFB** to end your call or end the call via your mobile handset in the normal way.

Dialling from Your Mobile Handset

Simply make calls on your mobile handset in the normal way.

Visual Indicators for Incoming Call and Answering Call

The LED indicate the status of the operation of the headset.

Status	Indication
Incoming call / Answering Call	3 colors flash "Blue->Purple->Red"
Stand-by	Blue color will flash every 4 sec

Using Your Headset

Voice Dialling from Your Headset

If your mobile handset is equipped with a voice dialling function, simply press the **MFB** on your headset and when you hear a beep, say the voice tag.

IMPORTANT Please make sure to record voice tag into the mobile handset first before using voice dialling function.

Last Number Redialling from Your Headset

Press the **MFB** on your headset twice.

IMPORTANT The above functions are only applicable to mobile handsets with Bluetooth Handsfree Profile. Functionality varies depending on the mobile handset model you have. Please refer to your mobile handset user guide for additional information.

Adjusting the Volume

Press the **Volume Key** repeatedly until you reach the desired volume level.

Resetting the Headset

You may want to reset the headset to its original settings. This also clears all current pairings.

1. Ensure the headset is OFF.
2. Press and hold the **Volume Key** until the **LED** alternately flashes blue and red rapidly.
3. Release the **Volume Key**.
4. Press and hold the **Volume Key** again until you hear 2 beeps.
5. Recharge the headset for a few seconds.

The headset is turned off and returns to the original settings. All current pairings are cleared.

Care and Maintenance

Headset

- Consider turning your headset off before placing it in your pocket or bag. If the MFB is accidentally depressed, your mobile handset may place an unintended call.
 - Do not expose the headset to liquid, moisture or humidity as it is not waterproof.
 - Do not use abrasive cleaning solvents to clean the headset.
 - Do not expose the headset to extremely high or low temperatures.
 - Do not dispose of the headset in a fire as it will result in an explosion.
 - Do not expose your headset to contact with sharp objects as this will cause scratches and damage.
 - Do not stick anything inside the headset as this may damage internal components.
 - Do not attempt to disassemble the headset as it does not contain serviceable components.
- 11 ■ If you do not use the headset for long periods, be sure to store it in a dry place, free from extreme temperatures and dust.

Built-in Battery

- Do not attempt to replace the headset's battery yourself as it is in-built and is not changeable.
- Charge the battery in accordance with the instruction supplied with this user guide.
- Only use the manufacturer supplied charger when charging the headset.

Charging

- Only use the manufacturer supplied charger when charging the headset.
- Do not disassemble the charger as it may expose you to dangerous voltages or other risks. Incorrect reassembly can cause electric shock when the headset is subsequently used.
- Do not use the charger outdoors or in damp areas.
- Only charge the headset's built-in battery in accordance with the instructions of this user guide.
- Avoid charging the headset in extremely high or low temperatures.

Safety Information

- Check local laws regarding use of a mobile handset and headset while driving. If you use the headset while driving, ensure your attention and focus remains on your responsibility of driving safely.
- Never allow children to play with the headset – small parts may be a choking hazard.
- Observe all signs that require an electrical device or RF radio product to be switched off in designated areas. These could include hospitals, blasting areas, and potentially explosive atmospheres.
- Turn off your headset prior to boarding an aircraft. Do not use your headset in an aircraft.
- Never mount or store your headset over any air bag deployment area as serious injury may result when an air bag deploys.
- Do not open or mutilate the built-in battery.
- **NOTE : Dispose of batteries according to local regulations. Do not dispose as household waste**

13

Troubleshooting

If you are unable to connect your headset and mobile phone, please try the following:

- ◇ Ensure your the battery is fully charged. Turn off your headset, and then turn it on again.
- ◇ Ensure the headset is paired with your mobile phone.
- ◇ Ensure your mobile phone's Bluetooth function is activated. (For some phone models, a headset icon will appear on the phone's screen.) Please refer to your mobile phone user guide for specific instructions.
- ◇ Ensure the headset is within 10 metres of your mobile phone and there are no obstructions, such as walls or other electronic devices, in between.

If the above suggestions do not solve your problem, please recharge the headset and remove your mobile phone battery for a while. Then start pairing again.

The i.Tech Arrow I Headset is compliant with and adopts the Bluetooth Specification Version 1.2 Class 2. However, interoperability between the headset and other Bluetooth-enabled products is not guaranteed because it depends on compatibility. For more information on the compatibility between the headset with other Bluetooth-enabled products, please check with the respective manufacturer or visit <http://www.itechdynamic.com>

Declaration of Conformity (DOC)

We, i.Tech Dynamic Ltd., declare that the following product:

Product Name: i.Tech Arrow I
Model No.: C51-A05081-XX

Is in conformity with the following essential requirements of Council Directive 1999/5/EC (referred to as R&TTE Directive): Article 3.1a, 3.1.b and 3.2. and the product is manufactured in accordance with Annex II of the above directive.
