Ensure your headset is fully charged. 2. Pair your charged headset with a Bluetooth-enabled mobile phone. <p>Charging Your Headset</p> <p>The headset comes with a built-in rechargeable battery. Prior to using the headset for the first time, it is recommended to fully charge the battery. Insert the charger's plug into the headset's USB charging socket and plug the mains charger to an AC wall outlet or plug to the PC/notebook.</p> <p style="text-align: right;">6</p>
--	--

Charging Your Headset (cont'd)

Use only the supplied charger / USB charging cable to charge the headset.

7

Indicator Light

Headset Status	Status Indicator Light
<ul style="list-style-type: none"> • Standby • Charging (OFF MODE) • Fully charged (OFF MODE) • Low battery • Out of battery • Charging (STANDBY MODE)* • Fully charged (STANDBY MODE)* • Out of Range 	<ul style="list-style-type: none"> • Flash blue • Solid red • Off • Flash red with short beep every minute • The light turns off • Long Red, and Short Blue • Same as Standby (Flash blue) • Solid on Red for 5 sec

♦ **Charging Indication will be delayed for a few seconds if the headset has not been used for a long time or the battery is drained.**

♦ **3 hours are required to fully charge the headset.**

♦ **The headset remains in standby mode after being turned on.**

* Warning: Do not use the headset while it is connected to the charger.

8

Pairing Your Headset with a Bluetooth Mobile Phone

- 1) Ensure the headset is off.
- 2) To activate the pairing mode, press and hold the headset's MFB for 8 seconds without releasing your finger until its status indicator flashes blue and red alternately.
- 3) Activate your mobile phone's Bluetooth, search Bluetooth devices, select "MusicClip 806" and enter the passcode "0000". When the pairing is completed, the headset's status indicator will flash blue rapidly 5 times and you can hear a long beep.

If the pairing cannot be completed within 3 minutes after the pairing mode has been activated, the headset's status indicator will flash blue rapidly 5 times and you can hear a short beep. Then the headset turns off. Repeat steps 1 to 3 to pair both devices again.

9

Using Your Headset

Function	Button	Beep / Buzzer	Status indicator
POWER ON	Press and hold the MFB for 2 seconds	Short beep	Flash blue light twice
When you turn on your headset for the first time, the headset proceeds into pairing mode, i.e. the status indicator flashes blue and red alternately, so that you can immediately pair it with your mobile phone.			
Power OFF	Press and hold the MFB for 2 seconds	Long beep	Flash red light twice
Incoming call		Ringtone through the earphone and buzzer ON	Consequence blink red
Answer / End a call	Press the MFB once		

10

Using Your Headset (cont'd)

Function	Button	Beep / Buzzer	Status indicator
Adjust Volume	Press VOL UP or VOL DOWN	Short beep at max. and min. volume	
Voice Dialing*	In any mode, hold PLAY/PAUSE for 2 sec	Short beep	
Say the voice tag as soon as you hear the short beep and you must have recorded the voice tag into your mobile phone.			
Last no. Redial*	In any mode, double click MFB		
Reject incoming call*	Press and hold the VOL UP or VOL DOWN for 2 seconds	Short beep	

11

Using Your Headset (cont'd)

Function	Button	Beep / Buzzer	Status indicator
Call Transfer (headset to mobile phone)*	Press and hold the VOL UP or VOL DOWN for 2 seconds		
Call Transfer (mobile phone to headset)*	Press and hold the VOL UP or VOL DOWN for 2 seconds		
Call waiting allows you to hold up the current caller and pick up the second caller. To pick second call, press MFB once. To reject second call, press VOL UP or DOWN for 2 seconds. To terminate current and swap to second call, press MFB once.			
Music enjoyment - MusicClip 806 support A2DP* and AVRCP* profiles which let you enjoy and remote control the music.

Please refer to your mobile phone user guide for specific instruction. • Ensure the headset is within ten metres range of your mobile phone and there are no obstructions, such as walls or other electronic devices in between. <p>If the above steps do not solve your problem, please recharge the headset and remove your mobile phone's battery for a while.</p> <p style="text-align: right;">3</p>
Troubleshooting	3-4								
Safety Information	4-5								
Care and Maintenance	5-6								
Federal Communications Commission (FCC) Statement	8-9								

<p>Troubleshooting (cont'd)</p> <p>I can't turn off the headset or the headset does not respond</p> <ul style="list-style-type: none"> You may do a "hardware reset" on your headset if you can't turn it off or it doesn't respond. <p>Safety Information</p> <ul style="list-style-type: none"> Check and observe local laws regarding the use of a mobile phone and a headset while driving. If you use the headset while driving, ensure your full attention and focus. It is your responsibility to drive safely. Consider to pull off the road before making or answering a call. Never leave your headset above any air bag deployment area inside your car as serious injury may result when an air bag deploys. Never allow children to play with the headset - small parts may be of choking hazard. Observe all signs and displays that require an electrical device or RF radio product to be switched off in designated areas. These could include hospitals, blasting areas, and potentially explosive atmospheres. Turn off your headset prior to boarding an aircraft. Do not use your headset inside an aircraft. <p style="text-align: right;">4</p>	<p>Safety Information (cont'd)</p> <ul style="list-style-type: none"> To prevent damage to your hearing, please do not set the listening volume too high. Do not attempt to modify the headset. Do not keep the headset near a wash basin or other wet places. Do not use the headset outdoors in the rain. Do not use the headset in stormy weather. Do not clean the headset while it is being charged. Always disconnect the charger from the headset before cleaning. Do not attempt to force open the built-in battery. Only charge the headset's built-in battery in accordance with the instructions described in this user guide. <p>FCC RF Radiation Exposure Statement:</p> <p>This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. End users must follow the specific operating instructions for satisfying RF exposure compliance. This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.</p> <p style="text-align: right;">5</p>
<p>Care and Maintenance</p> <p>Headset</p> <ul style="list-style-type: none"> Turn off your headset before placing it in your pocket or bag. If the MFB is accidentally depressed, your mobile phone may place an unintended call. Do not expose the headset to liquid, moisture or humidity, or rain as it is not waterproof. Do not use abrasive cleaners to clean the headset. Do not expose the headset to extremely high or low temperatures. Do not leave the headset in direct sunlight for an extended period of time. Do not leave the headset near open flames such as cooking burners. Do not dispose of the headset in a fire, as it will result in explosion. Do not bring the headset into contact with any sharp objects, as this will cause scratches and damages. Do not stick anything inside the headset, as this may damage internal components. Do not attempt to disassemble the headset as it does not contain serviceable components. If you do not plan to use the headset for a long period, please store it in a dry place that is free from extreme temperatures and dust. Avoid charging the headset in extremely high or low temperatures. Dispose of the battery and the headset according to local regulations. Do not dispose of them as household waste. <p style="text-align: right;">6</p>	<p>Care and Maintenance (cont'd)</p> <p>Built-In Battery</p> <ul style="list-style-type: none"> Do not attempt to replace the headset's battery as it is in-built and is not changeable. Dispose of the battery according to local regulations. Do not dispose of the battery as household waste. Charge the battery in accordance with the instructions supplied with this user guide. <p>Charger</p> <ul style="list-style-type: none"> Use only the charger supplied by the headset's original manufacturer to charge the headset. Other chargers may look similar but using them could be dangerous and could damage the headset. Do not attempt to disassemble the charger as it may expose you to dangerous voltages or other risks. Incorrect reassembly can cause electric shock when the headset is subsequently used. Do not use the charger outdoors or in damp areas. <p style="text-align: right;">7</p>
<p>Notes on Environmental Protection</p> <p>After the implementation of the European Directive 2002/96/EU in the national legal system, the following applies: Electrical and electronic devices must not be disposed of with domestic waste. Consumers are obliged by law to return electrical and electronic devices at the end of their service lives to the public collection points that are set up for this purpose or designated points of sale. However, such details are defined by the national law of the respective country. This symbol on the product, the instruction manual or the packaging indicates that the product is subject to these regulations. By recycling, reusing the materials, or other forms of utilizing old devices, you are making an important contribution in protecting our environment.</p> <p>Federal Communications Commission (FCC) Statement</p> <p>This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation. Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.</p> <p style="text-align: right;">8</p>	<p>Federal Communications Commission (FCC) Statement</p> <p>15.21</p> <p>You are cautioned that changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.</p> <p>15.105(b)</p> <p>This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:</p> <ul style="list-style-type: none"> Reorient or relocate the receiving antenna. Increase the separation between the equipment and receiver. Connect the equipment into an outlet on a circuit different from that to which the receiver is connected. Consult the dealer or an experienced radio/TV technician for help. <p style="text-align: right;">9</p>
