

**C'est parti !**  
Let's get started!

1

**Chargez Roadie avec le câble USB  
pour lui permettre de s'allumer.**

Plug Roadie in using the USB cable - this  
will wake the device up.

**Nous vous recommandons de le charger  
entièrement, ce qui prendra environ 80 minutes.**

We recommend that you allow it to charge fully first,  
which will take about 80 minutes.

2

**Téléchargez l'application Roadie GPS.**

Download the Roadie app.

3

**Lancez l'application Roadie et suivez les  
instructions pour l'appairer à votre smartphone.**

Launch the Roadie app, and follow the  
instructions to pair Roadie to your smartphone.

4

**Commencez à localiser vos biens.**

Start tracking your belongings.

Need more help with your Roadie ?  
In the app, tap Settings > Help Center  
or visit support.invoxia.com

Configuration requise :  
Un appareil fonctionnant sous iOS (iOS 10 ou plus)  
ou Android (Lollipop 5.0 ou plus).

Minimum requirements:  
An iOS device (iOS 10 or more)  
or an Android device (Lollipop 5.0 or more).

FCC ID: ZVS-LWT1

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation. Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules.

These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

IMPORTANT NOTE: FCC Radiation Exposure Statement:

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.

This device is in compliance with the Directive 2014/53/EU.
