HONEYWELL PROCESS SOLUTIONS END USER LICENSE AGREEMENT – FIELD PRODUCTS

IMPORTANT:
READ THIS END USER LICENSE AGREEMENT ("LICENSE") CAREFULLY BEFORE INSTALLING OR USING THE SOFTWARE (AS DEFINED BELOW) ACCOMPANYING THIS LICENSE. THIS LICENSE IS A BINDING AND ENFORCEABLE LEGAL AGREEMENT BETWEEN THE BUYER AND HONEYWELL INTERNATIONAL INC. ("HONEYWELL"). YOU ACKNOWLEDGE YOU ARE BINDING THE BUYER, AND REPRESENT YOU HAVE THE AUTHORITY TO DO SO, OR IF YOU DO NOT HAVE THE AUTHORITY, YOU WILL BE PERSONALLY LIABLE FOR ANY DAMAGES RESULTING FROM A BREACH OF THIS LICENSE. HONEYWELL LICENSES THE SOFTWARE TO BUYER ONLY UPON THE CONDITION THAT BUYER ACCEPTS ALL OF THE TERMS AND CONDITIONS CONTAINED IN THIS LICENSE. BY

OPENING THE SEALED SOFTWARE PACKAGE, INDICATING ASSENT ELECTRONICALLY, OR DOWNLOADING, INSTALLING, COPYING, OR USING THE SOFTWARE, BUYER REPRESENTS THAT IT READ, UNDERSTANDS AND AGREES TO BE BOUND BY THE TERMS AND CONDITIONS OF THIS LICENSE. IF BUYER DOES NOT AGREE TO THE TERMS AND CONDITIONS OF THIS LICENSE THEN DO NOT CONTINUE WITH THE INSTALLATION OR USE OF THE SOFTWARE AND EITHER CONTACT HONEYWELL TO NEGOTIATE A SIGNED LICENSE AGREEMENT OR RETURN THE SOFTWARE WITHIN THIRTY (30) DAYS TO THE ENTITY FROM WHICH THE SOFTWARE WAS OBTAINED FOR A REFUND.

1. DEFINITIONS

1.1. **"Intellectual Property"** means all copyrights, trademarks, trade secrets, patents, utility models and other intellectual property rights recognized in any jurisdiction worldwide, including all applications and registrations.

1.2. **"Licensed Use"** means use by Buyer at the Buyer site on the authorized processor by the number of authorized users for Buyer's internal purposes, and subject to other restrictions, each as stated in the Software License Certificate for the Software that is issued by Honeywell, a written agreement between Honeywell and Buyer specifying the Licensed Use, the Honeywell proposal, or the Buyer order accepted by Honeywell (taking precedence in that order). If the Licensed Use has not been specified, then the Licensed Use is a limited right to use the Software on the device on which it is delivered or, if the software was not delivered on a device, a single computer with one processor by one user, solely for Buyer's internal purposes; and neither concurrent use on two or more computers nor use on a network is permitted.

1.3. **"Software"** means software and firmware provided by Honeywell, and all related documentation, data files, modules, libraries, electronic data, models, components and elements. Software includes any updates, upgrades, error corrections, changes or revisions delivered by Honeywell to Buyer under this License or a separate agreement.

2. LICENSE AND RESTRICTIONS

2.1. Subject to Buyer compliance with the License and payment of the fees, Honeywell grants Buyer a restricted, personal, limited, nontransferable, nonexclusive license, without right of sublicense, to use the Software solely for the Licensed Use. Buyer may make a single archival copy, which must include all proprietary notices and serial numbers. Except as expressly granted in this License, no license or right, whether expressly, implicitly, by estoppel, or conduct of the parties, is granted.

2.2. The Software is licensed and not sold. Honeywell and its suppliers retain all right, title and interest in and to the Software, and all Intellectual Property rights therein, including copies, translations, adaptations, modifications, derivations, and enhancements of the Software. No right, title, or interest in or to the Software, or to any copies thereof, is transferred hereunder to Buyer.

2.3. Except as stated in this License, Buyer may not without Honeywell prior written consent: (a) permit any third parties or non-licensed entities, including contractors, to use the Software; (b) copy, modify, sublicense, rent, lease, loan, timeshare, use in the operation of a service bureau, sell, distribute, disclose, publish, assign, grant a security interest in, encumber or transfer in any manner the Software or any license rights; (c) use the Software for other than the Licensed Use; (d) create derivative or merged works of the Software or separate the component parts of the Software; (e) use or allow use of the Software for processing data of any person or entity other than Buyer; (f) input, upload, transmit or otherwise provide to or through the Software, any unlawful, injurious or malicious information, materials or code; (g) perform, publish or release any penetration or vulnerability assessments, benchmarks or other comparisons regarding the Software; (h) alter or remove any proprietary rights notices or legends on or in the Software; (i) use Honeywell trademarks, service mark, logos or other indicia of source; (j) use the Software in hazardous environments requiring fail–safe performance where the failure of the Software could lead directly or indirectly to death, personal injury, or severe property or environmental damage, including, without limitation, the operation of nuclear facilities, aircraft navigation or communication systems, air traffic control, direct life support machines, or weapons systems; (k) give a Honeywell competitor direct or indirect access to the Software or use the Software for development, provision or use of a competing software service or product; or (l) disclose any source code of which Buyer becomes aware. Buyer will not allow or enable a third party to engage in any of the foregoing.

2.4. Software that the Buyer is not licensed for may be included on storage media for administrative convenience. Buyer has no right or license to any unlicensed software. Buyer must not access or permit any third party access to the unlicensed software. Software fees do not include support, installation or training. Support, installation and training, to the extent offered by Honeywell, may be provided pursuant to a separate agreement between the parties. For as long as Honeywell is supporting the Software, and subject to prior payment by the Buyer of the applicable support fee, support will be provided per the separate agreement and for each year thereafter, at Honeywell's then current support fee unless support fees are otherwise specified in the separate agreement. Upon any updates, upgrades, error corrections, changes or revisions to a previous validly licensed version, Buyer must cease use of the prior version of that Software to the extent the prior version is not required for the updates, upgrades, error corrections, changes, or revisions to function.

2.5. Buyer acknowledges there are measures in the Software designed to prevent unlicensed or illegal use of the Software. Buyer must not: (a) disclose keys required to use the Software to any third party, (b) circumvent any license management, security devices, access logs, or other Software protection measures, or (c) modify, tamper with, reverse engineer, reverse compile or disassemble keys. Upon use of a new Software key, Buyer will not use the old key.

2.6. Buyer may not directly or indirectly deconstruct, decompile, disassemble, decode, translate, reproduce, redesign, reverse assemble or reverse engineer or otherwise attempt to derive the source code of Software, or allow any third party to do so. If local law prohibits enforcement of such restrictions, then those restrictions are deemed replaced by the following: Buyer must not, nor authorize third parties to, translate, reverse engineer, decompile, disassemble or otherwise decode or alter; or create derivative works based on Software, without Honeywell written consent, except to the extent expressly permitted by mandatory provisions of applicable law (including national laws implementing European Union Directive 2009/24/EC on the legal protection of computer programs) in order to gain certain information for limited purposes specified in these laws. Buyer may not exercise its rights under these laws unless Buyer has first requested and Honeywell has refused to provide the required information in writing within 30 days. Honeywell may impose reasonable conditions and request a reasonable fee before providing information. Information supplied by Honeywell or obtained by Buyer by permitted decompilation may be used by Buyer only for the purpose described in this section and may not be disclosed to any third party or used to create any software that is substantially similar to the Software. Honeywell reserves all rights not expressly granted in this section.

2.7. Buyer will hold all Software and keys supplied by Honeywell, as well as the technology, documents, training materials, processes, algorithms, ideas, concepts, know–how and trade secrets embodied in or related to Software (collectively "Protected Items"), in strict confidence and will use best efforts to not disclose Protected Items to others. Buyer will take all actions necessary to prevent unauthorized access, disclosure, use, distribution, possession, alteration, reproduction or transfer of Protected Items, and will train users to comply with this License. Buyer is responsible for all damages arising from

unauthorized disclosure or use of Protected Items or any violation of this License.

2.8.   The Software may contain or be derived from third party licensor materials, including software. Buyer must only use third-party materials with the Software and according to the Licensed Use, and may not use third-party materials on a stand-alone basis or integrate with any other software. Third party materials may be subject to additional or alternate licenses, restrictions and obligations, which, if applicable, may be found in materials accompanying those third party materials or the Software, in the third_party_licenses file on the Software media, or at http://www.honeywell.com/ps/thirdpartylicenses. Each third party supplier has the right to enforce this License and the applicable terms and conditions with respect to that third party's materials. Buyer may only use Microsoft Corporation embedded software on a system that directly supports the Licensed Use of the Software and may not install or run that software on a system which provides general purpose consumer or business tasks or processes, including general purpose e-mail, word processing, spreadsheet, database, scheduling and personal finance software. Buyer will separately obtain and comply with any licenses necessary for third party software not supplied under this License, including but not limited to licenses for software which connects and interfaces with the Software such as OSI DAP.

2.9.   Unless otherwise specified in the Licensed Use, Buyer may only use the Software in a physical operating system environment (an operating system environment that is configured to run directly on a physical hardware system) and may not use the Software in a virtual (or otherwise emulated) or cloud-based system or platform.

3. TERMINATION OF LICENSE AND SURVIVAL

The Software license granted is effective on the date Buyer first installs, uses, downloads, accesses or takes delivery of the Software, and continues for the duration specified in Software License Certificate for the Software issued by Honeywell, a written agreement between Honeywell and Buyer, the Honeywell proposal, or the Buyer order accepted by Honeywell (taking precedence in that order) or until terminated as stated in this License. Honeywell may terminate the License if Buyer defaults under the License and does not remedy the default within 10 days after receiving written notice from Honeywell, or if Buyer is in bankruptcy, insolvency, dissolution, or receivership proceedings. Upon termination of the License: (a) Honeywell may repossess Software and all copies, (b) Buyer must immediately stop use of Software and return, destroy or delete, as directed by Honeywell, all copies of Software and associated keys from its system; and supply written certification of that destruction, deletion or return, and (c) the license to the Software terminates. These remedies are cumulative and in addition to any other remedies available

to Honeywell and termination does not affect any cause of action accruing to Honeywell before termination.

4. BUYER OBLIGATIONS

4.1.   Buyer must maintain complete, current and accurate records documenting the location, access and use of Software. Honeywell or its designee may: (a) require Buyer to send written certification of compliance with the terms and conditions of this License within 30 days of Honeywell request; (b) upon reasonable notice, audit the records and electronic logs of access to Software; and (c) obtain true and correct photocopies during regular business hours at Buyer offices in a manner not to interfere unreasonably with Buyer's normal business activities. Buyer agrees to provide all cooperation and assistance as Honeywell may reasonably request to enable Honeywell to exercise its rights under this License.

4.2.   If any audit discloses any underpayment, Buyer must promptly pay Honeywell the underpaid license fees and related maintenance and support fees with interest at a monthly rate of the lower of 1.5% or the highest rate allowed by law. If the underpayment is 5% or more of the total amount of license fees paid for the Software, Buyer must reimburse Honeywell for its audit costs and audit related expenses.

5. SOFTWARE LIMITED WARRANTY

5.1.   Honeywell warrants that Software, as first delivered by Honeywell, will materially operate according to Honeywell published user documentation for 90 days after date of first shipment to Buyer. Third-party software within Software is warranted for the shorter of 90 days or the third party warranty period to Honeywell. If Honeywell confirms a defect in Software during the warranty period then, at no charge to Buyer and as Buyer's sole and exclusive remedy, Honeywell must, at its option, either repair or replace defective Software. Software repaired or replaced is warranted for the remainder of the original warranty period. Delivery of error correction, updates, upgrades, changes, revisions or additional copies will not restart or otherwise affect the warranty period.

5.2.   Honeywell warrants that the media on which Software is shipped is free of material defects in workmanship for a period of 30 days from date of first shipment. Honeywell's sole obligation for breach of this warranty, and Buyer's sole remedy, is the replacement of the media and the Software on that media.

5.3.   The warranties specified in this Software Warranty clause will not be effective and Honeywell will have no obligation or liability to Buyer if: (a) Software is not used according to the applicable documentation and Licensed Use; (b) Software is altered, modified or revised by or for Buyer; (c) Buyer's computer hardware malfunctions or the electrical power or external electrical circuitry is defective;

(d) Buyer uses Software with any computer hardware or software not approved or recommended by Honeywell as compatible with Software in its documentation; or (e) the warranty claim is unrelated to a warranted defect in Software or cannot be reproduced by Honeywell.

5.4.   Honeywell does not warrant that the quality or performance of any Software meets Buyer's requirements or that Buyer will achieve any particular results from use of the Software or that the Software operates uninterrupted or free from error. Buyer assumes full responsibility for: (a) the selection of the Software; (b) the proper installation and use of the Software; (c) verifying the results obtained from the use of the Software; and (d) taking appropriate measures to prevent loss or theft of data. Honeywell assumes no responsibility or liability for any injury or damage to any persons or property resulting from the use by Buyer of the Software. Buyer warrants that Buyer will take precautions, establish procedures and post notices to ensure that persons and property are not harmed in the event of an error, malfunction or unexpected operation of the Software.

5.5.   WARRANTIES IN THIS LICENSE ARE EXCLUSIVE AND IN LIEU OF ALL OTHER WARRANTIES, WHETHER WRITTEN, EXPRESS, IMPLIED, STATUTORY OR OTHERWISE, INCLUDING WITHOUT LIMITATION, IMPLIED WARRANTIES OF MERCHANTABILITY, NON-INFRINGEMENT, AND FITNESS FOR PARTICULAR PURPOSE OR ARISING FROM COURSE OF PERFORMANCE, COURSE OF DEALING OR USAGE OF TRADE. THE REMEDIES IN THIS LICENSE ARE BUYER'S ONLY REMEDIES FOR BREACH OF WARRANTY. ORAL OR WRITTEN INFORMATION OR ADVICE GIVEN BY HONEYWELL, ITS DEALERS, DISTRIBUTORS, AGENTS OR EMPLOYEES WILL NOT INCREASE THE SCOPE OF THIS WARRANTY. HONEYWELL MAKES NO REPRESENTATIONS OR WARRANTIES ON BEHALF OF ITS LICENSORS.

6. PATENT AND COPYRIGHT INDEMNITY

6.1.   Honeywell will defend any third party suit against Buyer claiming that the Software infringes a valid United States patent or copyright existing as of the License effective date and will indemnify Buyer for any final judgment against Buyer resulting from the suit provided Buyer: (a) gives Honeywell prompt notice when Buyer becomes aware of a third-party claim, (b) gives complete authority and assistance (at Honeywell expense) for disposition of the claim, and (c) makes no prejudicial admission about the claim.

6.2.   Honeywell has no liability for: (a) Software supplied per Buyer designs, drawings or specifications, (b) Software used other than for the purpose for which it is delivered, (c) claims resulting from combining Software with a product or software not supplied by Honeywell, (d) modification of Software by other than Honeywell, (e) compromise or settlement made without written Honeywell consent; (f)

claims resulting from Buyer's failure to install updates, upgrades, error corrections, changes, or revisions, or (g) Buyer's costs or attorney fees.

6.3.   If an infringement claim is made or is likely, Honeywell may at its option and expense: (a) procure the right for Buyer to continue using the Software, (b) modify the Software to be non-infringing, or (c) accept return of the Software (and terminate the License) and credit Buyer the purchase price paid for the Software, less reasonable depreciation for use, damage and obsolescence. Failure of Buyer to accept any of the above remedies in lieu of the infringing Software will relieve Honeywell of all liability for infringement. Failure to ship infringing Software will not breach the License.

6.4.   THIS SECTION STATES HONEYWELL'S ENTIRE LIABILITY AND BUYER'S SOLE RECOURSE AND EXCLUSIVE REMEDIES WITH RESPECT TO INFRINGEMENT. ALL WARRANTIES AGAINST INFRINGEMENT OF INTELLECTUAL PROPERTY RIGHTS, WHETHER STATUTORY, EXPRESS OR IMPLIED, ARE DISCLAIMED.

7. LIMITATION OF LIABILITY

IN NO EVENT WILL HONEYWELL BE LIABLE FOR ANY INCIDENTAL, CONSEQUENTIAL, SPECIAL, PUNITIVE, STATUTORY OR INDIRECT DAMAGES, INCLUDING WITHOUT LIMITATION, LOSS OF PROFITS, REVENUES OR USE, OR THE LOSS, CORRUPTION, OR RECOVERY OF DATA, OR BREACH OF DATA OR SYSTEM SECURITY, EVEN IF INFORMED OF THE POSSIBILITY OF THESE DAMAGES. THE AGGREGATE LIABILITY OF HONEYWELL RELATED TO THE LICENSE WILL IN NO CASE EXCEED THE LESSER OF THE AMOUNT PAID BY BUYER FOR THE SOFTWARE OR US $1,000,000. TO THE EXTENT PERMITTED BY APPLICABLE LAW, THESE LIMITATIONS AND EXCLUSIONS APPLY IF LIABILITY ARISES FROM BREACH OF CONTRACT, INDEMNITY, WARRANTY, TORT (INCLUDING NEGLIGENCE), OPERATION OF LAW, OR OTHERWISE.

8. UNITED STATES OF AMERICA GOVERNMENT END USERS

Software acquired by or for any unit or agency of the United States Government ("U.S. Government") is classified as "Commercial Computer Software," as that term is defined in the applicable provisions of the Federal Acquisition Regulation and supplements thereto, including the Department of Defense FAR Supplement. The terms and conditions of the License pertain to the U.S. Government's use and disclosure of the Software, and supersede any conflicting terms or conditions, except to the extent that any term or condition is inconsistent with United States Federal law. If the U.S. Government requires any rights that are not conveyed under this License, those rights will be separately negotiated and will be set forth in a separate written license or in a written addendum to this License.

9. GENERAL

9.1. Buyer will comply with all the export control and data privacy and protection laws and regulations of the United States and any country having proper jurisdiction and will obtain all necessary export licenses for any export, re-export, transfer and use of all product, technology and software purchased, licensed, or received from Honeywell.

9.2. If any provision of the License is determined to be illegal, invalid, or unenforceable, the validity of the remaining provisions will not be affected.

9.3. The failure of either party to enforce at any time any provision of the License may not be construed to be a continuing waiver of those provisions.

9.4. The License is governed by the laws of the state of New York, United States of America, without regard to conflicts of law principles. Application of the Uniform Computer Information Transactions Act and United Nations Convention on Contracts for the International Sale of Goods, 1980, and any successor law to either is specifically excluded. The parties waive any right to a trial by jury for disputes and submit to the exclusive jurisdiction of the Federal and State courts within New York State for resolution of disputes; however, Honeywell may seek an injunction or enforce a judgment against Buyer in any jurisdiction. Buyer will not bring a legal action under the License more than two years after the cause of action arose unless a shorter period is required by law.

9.5. The License contains the entire agreement between the Parties regarding the subject matter and supersedes any prior representation or agreement, oral or written, and all other communications between the parties relating to the subject matter. All pre-printed terms on Buyer's order are excluded.

9.6. The License may not be varied or waived except by a written change signed by authorized representatives of both Parties. Provisions of the License that by their nature should continue in force beyond expiration or termination will remain in force. If there is a conflict between this License and the terms of any other documents or agreements, this License prevails.

9.7. The License is in the English language only, which language is controlling in all respects, and all versions of this License in any other language are for convenience only and are not binding on the parties. Les parties aux présentes ont exigé que cette entente et tous autres documents envisages par les présentes soient rédigés en anglais.

9.8. Buyer grants Honeywell a royalty-free, fee free, worldwide, irrevocable, perpetual license to use and incorporate into its products and services any suggestions, comments or other feedback provided to Honeywell. Buyer will not give any feedback that it has reason to believe is subject to any third party Intellectual Property claim or right.

9.9. Honeywell does not acquire title to Buyer Data under this License. Notwithstanding anything to the contrary in this License or a separate written agreement, Buyer grants Honeywell a royalty-free, fee free, worldwide, irrevocable, perpetual license to collect, use, transfer, transmit, duplicate, disclose, sublicense and otherwise exploit all data and other information that the Buyer or any authorized user enters into the Software or that is otherwise collected, generated, processed, or transmitted by or through the Software (collectively, "Buyer Data"). Buyer has and will retain sole responsibility for (i) the accuracy, quality and completeness of Buyer Data, (ii) adopting procedures to identify and correct errors and omissions in Buyer Data, and (iii) obtaining all permissions and satisfying all requirements necessary to enable Honeywell to use Buyer Data in accordance with this License. Buyer agrees to defend, indemnify and hold harmless Honeywell and its related entities and affiliates from and against any and all third party claims and liabilities (including, without limitation, reasonable attorneys' fees and costs), regardless of the form of action, arising out of or in connection with a claim that Buyer's provision of data and the rights Buyer has granted with respect to that data under this License, and/or the exploitation of such rights infringes, violates or misappropriates a third party Intellectual Property right, provided that Buyer is notified promptly in writing of the action. Buyer agrees that all information, inventions and algorithms derived from Buyer Data by or on behalf of Honeywell, and any Intellectual Property rights obtained thereon, are owned exclusively by Honeywell and are Honeywell Protected Items. Should Honeywell process any personally identifiable information ("PII") of Buyer and its employees, agents or affiliates, Buyer acts as data controller and Honeywell acts as data processor in accordance with Buyer's instructions. Buyer agrees that Honeywell may share PII with its affiliates and may transfer PII to the USA, India, Mexico or other countries in which Honeywell operates.

9.10. Buyer will not delegate, transfer, or assign, by operation of law or otherwise, the License, or rights or obligations under it, without Honeywell's prior written consent and any attempt to do so is void. The License binds any successors or assigns and Buyer must present the License to any assignee and the assignee must agree in writing to be bound by the License. For purposes of this Section, assignment includes any change in control of the Buyer or the merger of the Buyer with any other legal entity.

THE SOFTWARE AND DOCUMENTATION ARE PROTECTED BY COPYRIGHT LAW OF THE UNITED STATES AND OTHER COUNTRIES AND INTERNATIONAL TREATY. UNAUTHORIZED REPRODUCTION OR DISTRIBUTION IS SUBJECT TO CIVIL AND CRIMINAL PENALTIES

Third Party Licenses including Open Source Software

Honeywell products use software provided by third parties, including open source software. The following copyright statements and licenses apply to various components that are distributed with various Honeywell products. The Honeywell product that includes this file does not necessarily use all, or any, of the third party software components referred to below. Licensee must fully agree and comply with these license terms or must not use these components. The third party license terms apply only to the respective software to which the license pertains, and the third party license terms do not apply to the Honeywell software. The Honeywell software is licensed under the Honeywell End User License Agreement, which may be found in the file Honeywell_License.rtf. If required, copies of the GPL, LGPL, and other licenses are at the end of this file in the APPENDIX.

Any source code that is required to be made available pursuant to its license may be found with the materials accompanying the software package or at http://www.honeywell.com/ps/thirdpartylicenses, or if the source code is not available at either location, then the applicable source code may be obtained by sending a money order or check payable to Honeywell International Inc. in the amount of US$19.99 (to cover shipping and handling) to: Honeywell International Inc., Honeywell Process Solutions, 1860 W. Rose Garden Lane, Phoenix, AZ 85027, Attn: Legal Department – Open Source. Please write "Open Source Code" and identify the Honeywell product in the memo line of your payment. The offer to obtain a copy of source code that is required to be made available pursuant to its license is valid for the shortest period of time, if any, specified by the applicable license.
