- Set it and forget it long battery life

Philips reliability

- Buttons last millions of clicks for durability

PHILIPS

Highlights

2.4GHz wireless presenter

2.4GHz wireless with 10 meter wireless range, stable connection from any corner of the room.

Buttons last millions of click

Buttons last millions of clicks for durability

Dual mode switchable

This presenter can work as an air mouse with laser pointer and also a remote control. You can freely switch between two modes.

Multifunctional air mouse

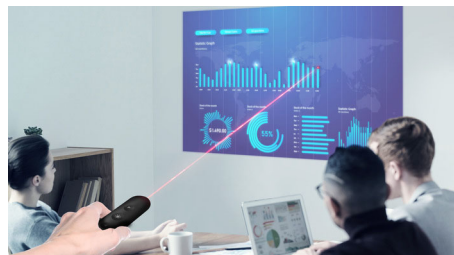

This presenter combines the function of air mouse, with wireless cursor control button and left/ right mouse button, which makes it like a true mouse. With it in your hand, you can be totally free from the constraint of keyboard and make your presentation more efficient.

Wireless receiver

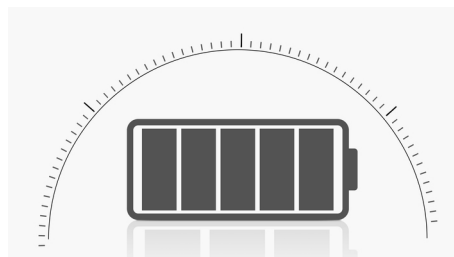

A plug-and-play wireless receiver, without any hassle setup.

Red laser pointer

Make your point at the touch of a button with a bright red laser, easy to highlight any part of your presentation with complete effectiveness.

Long battery life

The long battery life means you rarely have to replace the batteries, for long reliable use when you need it.
