

Vodafone Freebee Data

Hi, I'm Jenny from Vodafone.

We want to make sure you get unbeatable value with us on Pay as You Go - so that you get more for your money, no matter how you use your phone.

Vodafone Freebee Data is the perfect way to save if you're the kind of person who's always online on the go.

Just opt into Freebee Data and top up at least £10 to get free Data for the next 30 days, on top of your credit.

Topping up £10 with Vodafone Freebee Data gives you 500MB to use for free - that's enough to stream 200 tracks. You'll also get 100 rewards points.

£20 gives you 1GB free – which is enough to read or send over 2000 emails. And you'll get 200 rewards points.

If you're already a Vodafone Pay as You Go customer, simply call 4358, free from your Vodafone mobile to opt into Freebee Data

For more information and terms, or to order your Freebee Data SIM today, click the link on screen.

Don't forget that every time you top up with Vodafone Pay as you go we'll text you a code which you can use to claim your Rewards Points... to get great rewards, just for being with us. You can use your Pointz to grab an instant reward or win a star prize; or grow them for something bigger, like a brand new smartphone! For terms and to find out more about Freebee Rewards visit vodafone.co.uk/rewards
