MEDLINE

You already know that Medline is a leader in the healthcare field, offering innovative products and programs since 1966. What you might not know is that Medline stocks a full line of environmental services products, ranging from toilet paper and hand towels to garbage bags, a full line of disinfectant and floor care. All of these products can ship with your medical/surgical supplies, saving you money and time. Medline is a one-stop shop for all your janitorial needs!

We know cost is a consideration. That's why Medline offers a number of programs to help keep costs down. Throughout this brochure, you will learn about our hamper stand and paper dispenser programs as well as our chemical dispensing system offer.

Guarantee—We guarantee everything we sell. Should you have an issue with a Medline product, please call us or speak to your Medline sales representative. We will take care of the problem right away, either by promptly exchanging the product or crediting your account.

Think Green

Did you know...
- Each person uses approximately 700 pounds of paper products per year?
- Paper accounts for 40 percent of all waste?

Why recycle?
By recycling one ton of paper, you save:

17 trees

6,953 gallons of water

463 gallons of oil

687 pounds of air pollution

3.06 cubic yards of landfill space

4,077 Kilowatt hours of energy

PAPER PRODUCTS

Our Boutique Cube-Shaped Tissue Box

These new, attractive boutique-style boxes contain our softest premium tissue. The multicolored design works with virtually any room decor. In addition to being stylish, the box also features a shield to keep dust particles at bay.

ITEM NUMBER	DESCRIPTION	PACKAGING
NON245278	2-ply, 8.33" x 9", 85 sheets/bx	36 bx/cs

Premium

• Softness, strength and absorbency for your everyday needs
• Our highest-quality tissue
• The NON245277 tissue is the same tissue as the NON245278 boutique tissue. The only difference is the box.

ITEM NUMBER	DESCRIPTION	PACKAGING
NON245277	2-ply, 8.0" x 8.4", 100 sheets/bx	36 bx/cs

Standard — Part of Our Green Tree line

• Made from recycled paper
• An economical choice for your facilities
• Available in three different box sizes to meet all needs

ITEM NUMBER	DESCRIPTION	PACKAGING
NON243277	2-ply, 8" x 8.3", 90 sheets/bx	30 bx/cs
NON243276	2-ply, 6" x 8", 60 sheets/bx	72 bx/cs
NON243275	2-ply, 5.7" x 7", 40 sheets/bx	200 bx/cs

Toilet Seat Covers

Toilet seat covers protect users from disease. These white paper seat covers dispense easily and fit any toilet seat.

ITEM NUMBER	DESCRIPTION	PACKAGING
HSPHG12	Dispenser for seat covers, white plastic	2 ea
LGSKRYK5000	Toilet seat cover, refill, $1/2$ fold, 250/pk	5000/cs

Bath Mats

Disposable bath mats guard against foot infections. These heavyweight mats also absorb moisture and prevent slipping.

ITEM NUMBER	DESCRIPTION	PACKAGING
NON24318	White with blue print, 14.5" x 20"	500/cs
JSP410075X75	Bath mat strips, 3/4" x 7 1/2"	100/cs
RUB704104WHT	Bath mat, Saf-t-grip, 28"L x 16"W	4/cs

Exam Table Paper

Medline's strong, absorbent table paper protects exam tables from dirt and moisture while offering comfort to the patient. Choose from smooth or crepe finish (crepe is softer, quieter and more absorbent). Crepe is also textured, which helps keep it in place on slippery exam tables. All paper rolls are mechanically metered for exact length and are available in standard and deluxe grades. Deluxe paper is individually poly bagged for cleanliness during shipment and storage.

DELUXE

ITEM NUMBER	DESCRIPTION	PACKAGING
NON24322	Smooth, 18" x 225'	12 rls/cs
NON24323	Smooth, 20" x 225'	12 rls/cs
NON24326	Smooth, 21" x 225'	12 rls/cs

Discover Medline bags and liners—and discover that Medline offers you more! Health care's best value also has a selection as broad as your needs.

Our vast array of sizes, gauges and colors means you'll find a Medline bag or liner to fit any healthcare application. Since we offer it all — and all at a great price — you can save time and money by making Medline your single supplier of bags and liners. Your Medline representative is ready to help you evaluate your bag and liner needs.

BAG AND LINER FAQS

What's the difference between low- and high-density bags and liners?
These terms describe two different types of polyethylene used in manufacturing. Bags made from low-density polyethylene feel thicker and softer. They also offer exceptional tear resistance. Bags made from high-density polyethylene are thinner, feel more rigid and provide increased puncture resistance. Because they're thinner, high-density bags usually cost less, even though they're just as strong!

What's a micron?
A micron is a unit of measurement equal to one millionth of a meter. It is used to designate the thickness, or gauge, of high-density bags.

What's a mil?
A mil is a unit of measurement equal to one thousandth of an inch. It denotes the gauge of low-density bags.

Strong, Leakproof X-SEAL Design

Most Medline bags and liners feature a super-strong X-SEAL bottom. The X-SEAL design is a remarkable improvement over traditional flat-sealed or gussetted bags. Because it has no gussets, an X-SEAL liner has no weak spots along the bottom seal, where leaks could occur in typical bags and liners. Its unique shape allows an X-SEAL liner to easily conform to any container, distributing refuse evenly around the bag for maximum carrying capacity.

MEDLINE'S BAG/LINER "TAKE A STAND" PROGRAM

Replace your current bag and liner system with Medline quality bags and liners and receive our durable hamper stands free in exchange for your business! If you own your own stands, we'll replace them when needed.

It's that easy! Simply discuss your monthly usage of bags and liners with your sales rep to determine how many stands your facility will need.

Our durable hamper stands offer:
- Convenient foot-pedal operation
- Poly-coated metal cover (controls odor and cross contamination)
- Plastic-coated rings to hold bags in place
- Bilingual caution stickers
- Durable 1" chrome-plated steel construction
- Four 3" ball-bearing swivel casters (two locking)
- Three-year warranty on materials and workmanship

Sani-Melt Water-Soluble Bags

Water-soluble bags — designed to isolate soiled or contaminated linen — are a great way to manage dirty or infected laundry while protecting your staff! Clear bags can be washed along with linen contents. Bag ties dissolve at 40°F, the bag itself dissolves in hot water flush at 149°F.
• Hold wet or damp linen for hours without rupturing
• Go into the laundry with other contents, no sorting
• Bags are anti-static, non-toxic and fully biodegradable

Degrade – Away™ 100% Degradable Liners

The Oxo-Degradable additive breaks down the long hydro-carbon bonds of the plastic reducing the film strength and eventually providing a nutrient source for the microbes. These microbes eat the broken down molecules reducing what was once plastic to water, carbon dioxide and reusable biomass. This process requires oxygen and can occur at the top layers of a landfill or in the presence of sunlight, heat or stress. Depending on conditions, this process can take between 2 months and 5 years.

- ✓ Meets ASTM D6954-04 for Degradable Plastic
- ✓ One year shelf life for sealed cartons
- ✓ Degradable items are non-returnable except in the case of a manufacturing defect.

Perfect for Your Non-Sterile Protection Needs

Medline's laundry cart covers are available in a wide range of sizes to provide a dust and dirt barrier for linen that is stored between procedures or patient use. The CDC recommends that clean textiles be packaged, transported and stored by methods that will ensure their cleanliness and protect them from dust and soil during loading, transport, and unloading.

CLH49100	14 oz can	12/cs

Hands-Free Auto Sensor Flushers for Toilets and Urinals

Look no further. These features along with the dependability of E-Z flush makes this your first choice for sensor flush and retrofit kits.

- ✓ Increased water conservation
- ✓ New angled face allows for user detection even with the toilet seat in the raised position
- ✓ Sensor lens has increased impact strength to protect against vandalism.
- ✓ Switchable automatic 24 hour optional flush
- ✓ Three second detection delay eliminates false flushes due to user movement
- ✓ Manual override button
- ✓ ADA compliance
- ✓ LED low battery indicators
- ✓ Fits Zurn and Sloan flush valves

ITEM NUMBER	DESCRIPTION	PACKAGING
ZURZERKCP	EZ FLUSH Automatic Flush Valve Sensor Comes with installation wrench and (4) "C" batteries	each

Help prevent the spreading of infection with touch-free hand systems!

The Center for Disease Control (CDC) agrees that hand washing is an important means of preventing the spread of infection. Avoiding touching your faucets and toilets is a smart way to prevent cross-contamination. The EZ Flush & Faucet's also conserve water by stopping water from running when not in use, a smart idea for any facility.

ZURZ6912

Touch Less Sensor Faucet, Battery Powered with Mixing Tee and 4" cover plate

- ✓ For retrofit and new construction
- ✓ Comes with (4) - "AA" batteries that will last two years with 3,000 uses per month
- ✓ Solid, cast-brass body
- ✓ Vandal resistant, 1.5 gallon per minute aerator
- ✓ Inlet for 1/2" ball riser supply
- ✓ Unit is complete with sensor module, spout module and in-line filter

ZURZ6912 Touchless Sensor Faucet

ZURZ6915

Touch Less Sensor Faucet, Battery Powered with Mixing Tee and 4" cover plate

- ✓ Solid, cast-brass body
- ✓ Vandal resistant, 1.5 gallon per minute aerator
- ✓ Inlet for 1/2" ball riser supply
- ✓ Unit is complete with sensor module, spout module and in-line filter

ZURZ6915 Touchless Sensor Faucet

MEDLINE

Clostridium difficile presents a unique and growing challenge to healthcare providers and institutions. This challenge is complicated by the organism's microbiology, its infective nature, broad-spectrum antibiotic use and by the susceptibility of older or immunocompromised patients.

"The CDC encourages the use of an EPA-registered disinfectant for Clostridium difficile in patient care areas"*

Help Control

C *diff* with Dispatch

DISPATCH® Hospital Cleaner Disinfectant with Bleach is an EPA- registered, tuberculocidal, hypochlorite-based cleaner disinfectant.

The bleach concentration of Dispatch is just slightly stronger than the CDC's recommended strength for effective disinfecting. Dispatch needs no mixing and has a special anti-corrosive ingredient. Dispatch has one-minute efficacy against and a broad spectrum of other infectious pathogens.

Staphacide: What is it?

Staphacide™ is a colorless, odorless broad spectrum antimicrobial disinfectant and deodorizer. Based on patented silver based technology, Staphacide™ is not only an effective disinfectant and deodorizer; it is also environmentally safe, non-toxic to humans and economical. It is EPA approved, safety Category IV, lowest toxicity 24 hour residual protection

Why it works:

Staphacide™ disrupts transport functions in cell walls Interrupts cell metabolism Prevents cell division

Staphacide™ kills the following organisms: Staphylococcus Aureus (30 seconds), MRSA (2 min), VRE (2min), Salmonella choleraesius (30 seconds), Pseudmonas aeruginosa (30 seconds) and much more.

ZERO ODOR
Finally, an end to odor.

A Scientific Breakthrough in Odor Control
Zero Odor represents the next generation in odor control. The patented formula attacks odor at the molecular level, where odor originates.

Eliminates Odor — Permanently
Zero Odor doesn't simply mask odor, like scented sprays and deoderants. It actually eliminates odor on contact. Zero Odor elicits a "wow" reaction from users as it immediately transforms unpleasant odors into clean, crisp smelling air — and the odor doesn't return.

Attacks Airborne and Embedded Odors
Zero Odor works great on both airborne odors and stubborn embedded odors in hard or soft surfaces. Wherever Zero Odor touches the source of the odor, it will be eliminated.

Powerful, Yet Non-Toxic
Smoke odor, pet accidents, diaper pails, sports equipment, garbage, cat litter boxes — even skunk spray is no match for the power of Zero. Yet Zero Odor is biodegradable.

ITEM NUMBER	DESCRIPTION	PACKAGING

Upholstery Cleaning has never been easier.

crypton upholstery cleaners make short work of any stain.

Tools and Products for Deeper Cleaning Fabric Care Products

Crypton combines strong, effective products with proven equipment to create a complete system of clean.

"Ruby" Upholstery Extraction Machine and Concentrated Extraction Cleaner

Years of experience guided the development of Ruby, our compact but extremely powerful water-extraction machine that's made specifically for upholstery cleaning. Features a 2-gallon solution tank and a 3.5-gallon recovery tank. Our extraction concentrate – for use with the Ruby Extraction Machine – is engineered with lower pH levels to help remove alkaline buildup on fabrics and carpets. This effective concentration is mixed at a dilution rate of 32:1 (4 ounces per gallon). Packaged in (4) 2 liter/67.6 oz. containers per case.
CRYCC3000 Ruby extraction machine:
CRYCC0601 Extraction concentrate

Fabric Care Products

Behind every bottle of our professional strength ready-to-use cleaners is a team of textile and cleaning chemists who have developed specific cleaners to work on specific stains.

Crypton Gold. Food, Beverage, & Protein Stain Remover. Designed to break down tough stains that come from food, beverages, and proteins, such as blood, grass, wine, and urine.
Packaged in (12) 24 oz. bottles per case.
CRYCC0476 Crypton Gold
Crypton Purple. Ink, Iodine, & Grease Stain Remover. Engineered to remove the toughest stains, such as markers, crayon, lipstick, and red stains. It's also effective against stains that previously required solvent cleaners. Packaged in (12) 24 oz. bottles per case.
CRYCC0269 Crypton Purple

EPA Disinfectant & Deodorizer. Our one step hospital-grade disinfectant works on all hard, inanimate surfaces and eliminates odors instead of covering them up. It's effective against a broad spectrum of bacteria and is also virucidal on Crypton barrier fabrics .Packaged in (12) 24 oz. bottles per case.
CRYCC0713 Crypton Green

Mixed Case. Contains six bottles each of Crypton Purple and Crypton Gold. Packaged in(12) 24 oz. bottles per case.

CRYCC0900 Crypton Sampler Case:

Upholstery and Leather Care Brush

We combined our textile cleaning experience with the expertise of The Fuller® Brush Company to develop our exclusive compact brush specifically designed to work on all upholstery and leather without damaging soft surfaces. Soft, black bassine fibers in a rigid polyethylene block provide the proper agitation. Packaged (1) each. 144/master case. Shown above. CRYCC0458

Ramsey – Practical Solutions Products™
Dilution Control Systems

With just a push of a button, high quality ultra-concentrated products are diluted accurately and safely every time – no measuring, mixing, guesswork or waste.

- Ultra-concentrated High quality products provide maximum economy and less frequent product replacements. Dilution rates are flexible and can be tailored to specific needs
- Built for Safety, no chemical contact system prevents spills and contact with concentrates. All labels are color-coded, number coded and feature use-icons to aid in identification
- Economy and Convenience, push button dispensing is easy and goof-proof. Eliminates inaccurate dilutions and product waste. Viewing ports to keep concentration levels visible. Lock and key prevents tampering.

FreQuency 256 Neutral Disinfectant Cleaner, EPA registered, Bactericidal, fungicidal and viruciddal. Kills HBV, HCV, MRSA, HIV-1 and many more. Meets OSHA guidelines for use on bloodborne pathogens. Fragrance-free. Neutral pH will not dull floor finish.

These Looped Mops Are Made From ENTIRELY Recycled Materials!

In today's ever changing environment, people world wide are looking for opportunities to contribute to the cumulative effort of improving the current state of Earth's ecosystem. One such effort is the use of engineered fibers produced entirely from recycled materials, which include reclaimed components such as cotton and PET plastic bottles. By incorporating recycled PET plastics into new, usable goods we can effectively diminish waste going into our landfills while also conserving the raw natural resources that would otherwise be used for the same purpose.

96 PET bottles equal 12 large mops

Echo Mop 1200 Series

✓ Absorbs over 4.4 times its weight in water
✓ Releases almost 30% upon wringing
✓ Over 20% better performance than competitive all-synthetic wet mop yarns
✓ Dries amazingly fast - 90% dry after only the spin cycle of the washer
✓ Air dries 100% overnight
✓ Much longer lasting and lower linting than competitive yarns
✓ Less than half the weight loss in laundry than competitive yarns
✓ Comprised of 30% post consumer waste and 67% post industrial waste
✓ Free from post recycling dyes
✓ Packaged 12 ea/cs

Rubbermaid Cleaning Cart Holds All Your Housekeeping Supplies!

This Rubbermaid cleaning cart neatly holds tools, handled equipment, a dustpan, broom, two floor signs—and there's even a holder for a mop handle. Sturdy construction to withstand tough daily use, with a built-in bumper to protect walls and furniture. Resists corrosion from harsh cleaning chemicals.

RUB6173BLA Cleaning Cart

Don't want to leave supplies out in the open? Our optional locking cabinet stores them securely out of sight. (fits RUB6173BLA)
RUB6181 Locking Cabinet

These Commercial Vacuum Cleaners have Six Height Adjustments So They Adapt to Virtually Any Surface Height!

This vacuum has a 12" cleaning path which ensures it will cover a large area in a single pass. It includes a unique feature -- Furniture Guard-- which helps keep from damaging furniture and walls. It is rather light in comparison to most vacuums— a mere $17\frac{1}{2}$ lbs, comes with a 50 foot cord and includes a shake out bag so that contents don't spill all over when emptying the bag.

LGSEUR886   Sanitaire® Model 886

This vacuum has the same features as above but also includes a EZ Kleen Dirt Cup--plastic.

LGSEUR887   Sanitaire® Model 887

LGSEUR887

Magnetic Mop Duster For Easier Cleaning

We've harnessed the power of static electricity to make dusting easier. These colorful, synthetic mops actually attract dust particles, then trap them in their fibers—no sprays required. Easy to clean; just rinse and drip dry. Durable dusters resist unraveling and linting and adapt to fit every nook and cranny. 20" handles feature hanger holes for easy storage.

LGSUNS9441 Duster, Plastic Handle, 20" overall

LGSUNS9442 Duster, Extends 51" to 82"

All-Purpose Caddy is Perfect for Carrying Tools or Cleaning Supplies

Higher side walls securely hold commercial spray bottles. Molded divider and small item holder for better organization. Platinum colored. 11"W x 6 3/4" H x16"L.

RUB315406 Deluxe Carry Caddy

Epi-clenz® Plus Instant Hand Sanitizer

Epi-clenz Plus has added moisturizers that result in an appearance and consistency that is more like a lotion than a traditional gel sanitizer. And, with an active ingredient of 62% (v/v) ethyl alcohol, it kills most common germs. Epi-clenz Plus provides essential natural lipids (jojoba oil, dimethicone, fatty acids and cholesterol) that help maintain the skin's natural barrier. The jojoba oil and dimethicone are emollients that work together to help prevent the skin from losing moisture while keeping skin feeling soft and smooth.

HandClens® Alcohol-Free Instant Hand Sanitizer

For the facility that needs an instant sanitizer that is alcohol-free (psych wards, prisons and schools), and in response to the National Fire Protection association (NFPA) concern over alcohol being a fire hazard, Medline is offering an alcohol-free, non flammable foam instant hand sanitizer. Instead of alcohol, Benzalkonium Chloride is the active ingredient. Also available is a hypo-allergenic version that is scent and fragrance free. Both surpass the minimum guidelines for an antiseptic hand sanitizer set by the FDA.

Protection Plus Hair and Body Shampoo

This gentle, all-purpose golden liquid soap for body and hair is the perfect alternative to messy bar soaps in shower/bathing areas. Luxurious lather provides mild cleansing with a refreshing scent, leaving hair and skin soft and smooth. Closed-delivery system greatly reduces the risk of cross-contamination as well as the costs associated with bar soap waste.

Foam is the Easy Solution for Every Hand Soap Need!

Medline's foam system offers a clean contemporary dispenser with a unique push pad that dispenses 0.75 ml of rich foam per push vs. 1.5 ml per push for most bag-in-box systems. This will provide twice the number of hand washings per 1000 ml bag. In addition to the dynamic design we offer different formulas ALL producing thick, rich foam.

- Antimicrobial Hand Soap with Spring Citrus fragrance to kill a wide variety of germs.
- Luxury Hand Soap with a pleasant tropical scent which is perfect for general purpose applications.
- Enriched Moisture Wash with a light jasmine scent is enriched with emollients and humectants to help moisturize as you wash.
- Antimicrobial Moisture Wash has a refreshing grapefruit fragrance and with it's active ingredient 0.5% Triclosan, for broad-spectrum activity.
- Foaming Hair & Body Shampoo with Aloe Vera fragrance and light conditioning.

Can't find the size you need?
Medline can make-to-order any size curtain you may need.

Hookless®

How long did it take Hookless® shower curtains to become a hit? About 10 seconds—the same amount of time it takes to completely hang a Hookless® shower curtain. And they don't just take the hassle out of hanging shower curtains—they also allow you to say goodbye to torn curtains and missing or broken rings.

Hookless® shower curtains have a patented "split ring" design built right in. Say goodbye to torn curtains and missing or broken shower rings. All you need to do is snap the curtain onto the shower rod—that's it! There's nothing else to buy.

Curtain just snaps over the bar in seconds. No need to remove bar or mess with troublesome hardware.

MCDKA9100C	Clear rings	dz
MCDKA9100W	White rings	dz
MCDKA2000	Steel-snap shower curtain hooks	dz
MCDKA150	Wire shower curtain hooks with ball bearings	dz

Four Tips for Keeping Your Shower Curtain Clean

1. The drier you can keep your shower curtains the fresher and cleaner they will remain.

2. Give shower curtains a quick rinse to remove any soap or dirty water after each shower.

3. While many materials are mold resistant, keep shower curtains partially open to allow them to dry completely and to release humidity from behind them.

4. Polyester fabrics should be washed using regular laundering practices; Line dry or dry at low heat. For a more thorough cleaning of vinyl shower curtains, throw in washing machine with a few towels to help scrub the curtains and use regular detergent on warm. Remove before spin cycle and hang to let air-dry. Do not put vinyl shower curtains in dryer, as they could melt.
