PREPARED BY: Dr. Joseph Majdalani, P.E., Public Works Director

MEETING DATE: January 27, 2015

REQUESTED ACTION: Council consider a resolution authorizing the City Manager to accept the Tyrrell Park Road Rehabilitation Project for maintenance, and to approve final payment to Allco, LLC. in the amount of \$56,199.67.

BACKGROUND

Tyrrell Park Road was reconstructed in 2006 as a two lane concrete road. In 2013 Trans Canada installed a pipeline crossing Tyrrell Park Road near Frint Drive. During the installation of the pipeline by Trans Canada's Contractor Sunland Construction, Inc., Tyrrell Park Road travel lanes were damaged. Sunland Construction, Inc. agreed to cover the cost of the damages they caused to the road and paid the City \$150,000.00 to repair the road.

On July 1, 2014, by Resolution No. 14-145, City Council awarded Allco, LLC. a contract in the amount of \$223,040.62 and work began September 8, 2014. Allco, LLC. completed the repair of the designated sections on Tyrrell Park Road on November 18, 2014, and passed inspection from the Engineering and Streets & Drainage Division on December 16, 2014.

FUNDING SOURCE

Sunland Construction, Inc. paid the City of Beaumont \$150,000.00 and the remaining balance of \$73,040.62 was funded by the Capital Program.

TO: City Council

FROM: Kyle Hayes, City Manager

PREPARED BY: Laura Clark, Chief Financial Officer 

MEETING DATE: January 27, 2015

REQUESTED ACTION: Council consider a resolution approving an agreement with Richard James, III, and The Sports Society for American Health to hold the 2015 Gusher Marathon on March 7, 2015.

BACKGROUND

In recent years it has become very popular for organizations to hold fun runs, 5K runs, color runs and marathons for fundraisers or to promote health and wellness in the city. The Sports Society for American Health held its first Gusher Marathon in May of 2010 and has held one annually in March since that time. This has become a highly attended event that brings participants in from around the region.

The marathon, like many others, is not a City-sponsored event and as such any costs incurred for police traffic control, street cleanup, street barricading, etc., performed by employees of the City of Beaumont on overtime are billed to the organization hosting the event. The route for the marathon and the number of participants requires extensive traffic control and has resulted in approximately \$35,000 in costs annually. Since the first marathon, payment of this amount has been challenging for The Sports Society for American Health. As a result, the City requires a deposit of 50% of the estimated costs. Historically, the organization is not able to pay the remaining balance in full within 45 days following the marathon in accordance with the agreement; instead it has taken several months for full payment. The attached agreement allows for the balance to be paid over a four month period with final payment due on or before July 17, 2015.

The last couple of years, the contracted vendor for barricading did not meet its obligations so the City provided and charged for additional barricades to cover the deficiency. This has proven to be costly for Mr. James. City Staff has met with Mr. James and in an effort to make the marathon cost effective for him, has determined it is best for the City's Emergency Management team to manage the event which includes providing and setting up all of the required barricading and message boards as well as manning the intersections and picking up the barricades. With these additional services provided by the City, the estimate for the 2015 Gusher Marathon is \$47,200 with a down payment required of \$23,600 on or before February 20, 2015.

Consider a resolution authorizing the participation by the City of Beaumont with other Entergy Texas service area cities in matters concerning Entergy before the Public Utility Commission of Texas and the Federal Energy Regulatory Commission in 2015

TO: City Council

FROM: Kyle Hayes, City Manager

PREPARED BY: Tyrone E. Cooper, City Attorney

MEETING DATE: January 27, 2015

REQUESTED ACTION: Council consider a resolution authorizing the participation by the City of Beaumont with other Entergy Texas service area cities in matters concerning Entergy before the Public Utility Commission of Texas and the Federal Energy Regulatory Commission in 2015.

BACKGROUND

The City of Beaumont is statutorily given the responsibility of exclusive original jurisdiction over the rates, operation and services of Entergy Texas, Inc. (ETI), which provides electric utility services in the City of Beaumont. To ensure that ETI is providing fair, just and reasonable rates and efficient services to the area, the City of Beaumont continually assesses the ongoing efforts of ETI in the services it provides to the citizens of Beaumont. This is accomplished primarily through the combined efforts of the cities in the Entergy service area with similar jurisdictional responsibilities.

It is anticipated that ETI will initiate various proceedings in 2015 either before the service area cities, the Public Utility Commission of Texas or the Federal Energy Regulatory Commission. With the completion of the transition to the Midwest Independent System Operator (MISO) and the expedited termination of its system operating agreement, it is expected that ETI will eventually file a rate case to modify its schedules and tariffs to reflect its operations as a stand alone utility. The case was not filed in 2014 as expected. It is also expected that ETI will continue to seek base rate revenue increases through incremental cost recovery mechanisms as well as file various proceedings throughout the year. In order to maintain fair, just and reasonable rates and efficient services to the rate payers, it is critical that the cities participate in these various proceedings.

The proposed resolution allows the City of Beaumont to continue its participation as a member of the Steering Committee of cities within the ETI service area to monitor the operation and services provided by ETI to the citizens of Beaumont. The resolution also authorizes the hiring of utility consultants and lawyers through the Steering Committee to facilitate the efforts of the service area cities.

FUNDING SOURCE

The reasonable expenses associated with rate related matters are reimbursable by the company pursuant to the Public Utility Regulatory Act of Texas.

RECOMMENDATION

Approval of resolution.

RESOLUTION NO.

A RESOLUTION OF THE CITY COUNCIL OF BEAUMONT, TEXAS, AUTHORIZING PARTICIPATION WITH OTHER ENERGENCY SERVICE AREA CITIES IN MATTERS CONCERNING ENERGENCY TEXAS, INC. AT THE PUBLIC UTILITY COMMISSION OF TEXAS AND THE FEDERAL ENERGY REGULATORY COMMISSION IN 2015.

WHEREAS, Entergy Texas, Inc.'s ("ETI") implementation of customer choice has ceased due to Senate Bill 1492 and ETI will continue to be regulated under traditional cost-of-service regulation; and,

WHEREAS, changes to the Public Utility Regulatory Act addressing rates and rate proceedings will have a direct impact on ETI and customer bills during 2015 and into the future; and,

WHEREAS, ETI is scheduled to litigate requests in various proceedings before the Public Utility Commission of Texas, before municipalities, or before the Federal Energy Regulatory Commission in 2015 related to ETI's integration with the Midwest Independent System Operator ("MISO"), ETI's continuing commitment to exit the Entergy System Agreement on an expedited basis, various fuel cost refunds or surcharges and reconciliations, capacity cost surcharges and reconciliations; and for any type of base rate proceedings (such as a new base rate increase request, transmission cost recovery rider, a distribution cost recovery rider, energy efficiency cost recovery factor, hurricane restoration cost or offset true-ups, or a purchased power capacity cost recovery rider) or cost allocation adjustments; and,

WHEREAS, ETI is scheduled to file fuel factor proceedings at the Public Utility Commission in February and August 2015, and file other fuel proceedings during 2015 to reconcile fuel, to refund or surcharge fuel charges, and to change the fuel mechanism, along with various surcharge requests impacting rates; and,

WHEREAS, ETI is expected to file a proceeding for a base rate change and fuel reconciliation during 2015 to recover costs associated with new capacity purchases; and,

WHEREAS, ETI is scheduled to file a proceeding to recover costs incurred in association with its Energy Efficiency Plan as well as reconcile past costs; and,

WHEREAS, Cities have the statutory right to set fair and reasonable rates for both the Company and customers within Cities; and,

WHEREAS, Cities have exclusive original jurisdiction over rates, operations, and services of an electric utility in areas in the municipality pursuant to *Tex. Util. Code* § 33.001; and,

WHEREAS, Cities have standing in each case before the Public Utility Commission of Texas that relates to an electric utility providing service in the municipality pursuant to *TEX. UTIL. Code* § 33.025, and standing before each Federal Energy Regulatory Commission case in which the City may be affected pursuant to *18 C.F.R. § 385.214*; and,

WHEREAS, Cities are entitled to reimbursement by the utility of their reasonable rate case expenses to participate in cases that are deemed rate proceedings pursuant to *Tex. Util. Code* § 33.023;

BY THE CITY COUNCIL OF THE CITY OF BEAUMONT that:

SECTION 1. The City of Beaumont shall participate with other Cities to intervene in ETI's various rate filings related to the various fuel cost surcharges and reconciliations, capacity cost surcharges and reconciliations, the allocation and refund of rough production cost equalization payments, any interim or incremental surcharge proceedings or surcharge adjustments, and for any base rate adjustment proceedings or cost of service adjustments on file with the Public Utility Commission of Texas or with municipalities in 2015 and seek appropriate regulatory scrutiny in any case on file at the Federal Energy Regulatory Commission affecting the City and its residents.

The City of Beaumont shall participate with other Cities to intervene in fuel or fuel related proceedings at the Public Utility Commission and the Federal Energy Regulatory Commission on file in 2015 concerning ETI's rates charged to Texas customers.

All such actions shall be taken pursuant to the direction of the Cities' Steering Committee. Cities' Steering Committee shall have authority to retain rate consultants and lawyers. Cities' Steering Committee shall direct the actions of Cities' representatives in the above proceedings. The Steering Committee is directed to obtain reimbursement from ETI of all reasonable expenses associated with participation in said proceedings.

SECTION 2. This Resolution shall be effective from and after the date of its passage.

BACKGROUND

The City conducted an inspection of the Ridgewood Retirement Facility on May 22, 2014. It was found that the structures were in a state of deterioration, unsafe and unfit for tenants and were likely to endanger the health, safety, or general welfare of the public. On October 7, 2014, City Council issued a raze order by Ordinance Number 14-053. All of the structures at the facility were destroyed in a fire on November 4, 2014.

A request for bids was sent to twelve (12) vendors. Nine (9) responses were received. Bid responses for demolition and asbestos abatement was combined with the cost of air monitoring based on the number of days to be monitored, as required by the state, to determine the best value to the City. Pricing for the asbestos monitoring was only solicited by the City for the number of days to complete the project provided by the two lowest bidders. K & F Demolition was the lowest qualified bidder after the bid price of \$112,000 was combined with the quoted price of \$9,990 for seventeen (17) days of air monitoring service by Total Safety of Nederland for a total of \$121,990. C & C Demo Inc. of Orange bid \$98,850 and sixty (60) days to complete the project. Their bid price combined with the asbestos monitoring company's proposal of \$29,990 for sixty (60) days of service totaled \$128,840. The bid tabulation is attached
