Choose *your look.*

Selecting your door style is just the beginning. Here are options for paints, glazes and species—all choices that can affect your look in subtle or dramatic ways.

Characteristics of Species

Every material we offer has its own unique qualities and features. Choosing is just one more way you can get the exact performance and look you want.

OAK

Oak has a prominent grain. Light colored stains accentuate the color differences in its open and closed grain areas. Darker stains offer a more uniform appearance.

MAPLE

Maple has a fine grain. An exceptionally hard wood, its natural colors range from creamy white to light blonde to dark reddish brown. Darker stains reduce the natural color variations.

CHERRY

Cherry is closed-grained with occasional pin knots and variations. It ranges in color from pale yellow to deep reddish brown. Stains reveal its subtle variations, which tend to darken over time.

Duraform

Duraform® bonds a coating to composite wood for doors that are highly resistant to warping, heat, humidity and fading. Also durable and easy to clean. Cabinet interior is our standard, sturdy construction. Available in Linen, Silk and Stone.

THERMOFOIL

Thermofoil bonds a thick vinyl film to a warp-resistant engineered wood core for a surface that's durable, easy to clean and resistant to chips and cracks. Standard cabinet interior is a natural wood grain with TuffTech® finish.

Premium Finishes*

Painted and glazed finishes bring a deeper richness and luxury to your cabinetry. These hand-applied finishes vary by style. More intricate cuts will show more dramatic effect.

PAINTED PEWTER GLAZE

PAINTED SILK

*Not all premium finishes are available in all collections. Please refer to the fold-out on page 68 for our detailed offering.

Good to Know:

- While we try to match wood grains as closely as possible, the variations are part of what make our quality wood products so distinctive and beautiful.
- Over time, exposure to sunlight, smoke and chemicals may cause some finishes to fade or vary from their original color.
- Cabinets purchased at a later date may not exactly match cabinets installed now.
- A door sample may not represent the exact color of the cabinets you receive upon shipment.
- Read all cabinet cleaning agent instructions carefully before using them.

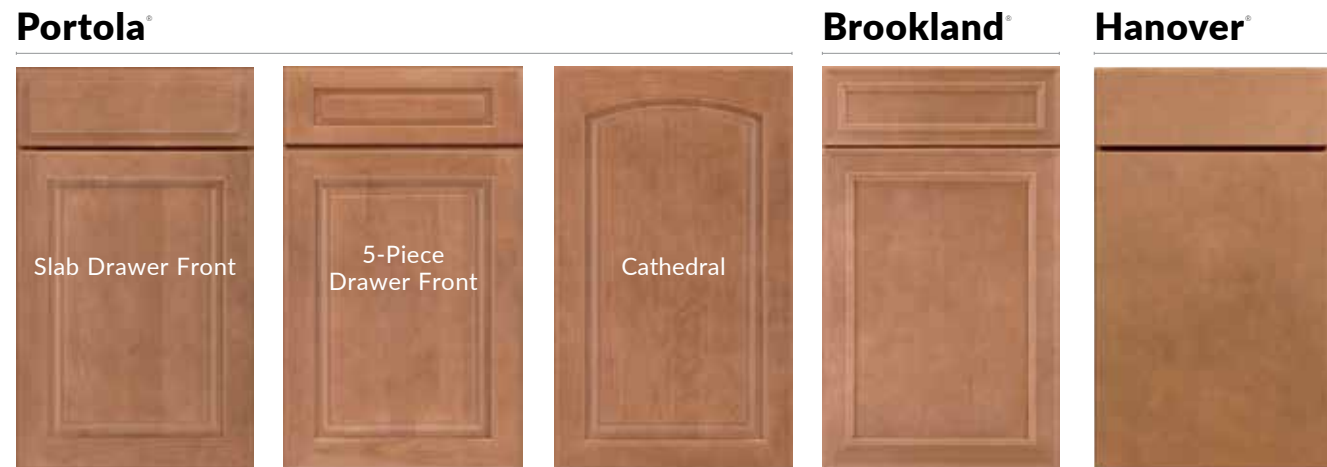

⚠ Warning: Drilling, sawing, sanding, or machining wood products can expose you to wood dust, a substance known to the State of California to cause cancer. Avoid inhaling wood dust or use a dust mask or other safeguards for personal protection. This product can expose you to chemicals, including methanol, which is known to the State of California to cause birth defects or other reproductive harm. For more information go to www.P65Warnings.ca.gov.

Find *your favorite.*

Choose the door that fits your style. Then customize it with paints or finishes to achieve a look that's truly your own. With a little imagination—and the right counters, flooring, lighting and accents—our collections can take on any look you want, from classic to casual to contemporary.

Find great *inspiration* and *helpful tools*.

Visit woodmarkcabinetry.com.

See our full selection of accessories and options. Browse our inspiration gallery. View before and after photos. Check out detailed drawings, specifications and sizes. And use PROJECT — our fantastic new visualizer tool — to create your own 3D kitchen designs. It's all just a click away.

PROJECT by American Woodmark®

With our innovative, simple-to-use visualizer tool, you can:

- Start with our inspirational photos.
- Pick your cabinet style and finish.
- Select your appliances.
- Customize your backsplash, countertop, paint and more.

It's as simple as click and drag to create detailed, 3D kitchen designs. Make as many designs as you want. Save them. Then share them with your local Home Depot kitchen designer – and your friends and family! From your desktop or laptop, visit project.woodmarkcabinetry.com.

Order Samples

Be certain that your favorite cabinet style and color will work in your home. Order a sample and take the guesswork out of deciding. You're also welcome to order sample hardware pieces. For more details and to order, visit woodmarkcabinetry.com/order-samples.

Track Your Order

Check order details and status any time you want at woodmarkcabinetry.com. From the homepage, click "My Order." View order details, content, delivery information and more. And if you ever need to call us, you can reach a real person, 6 days a week during regular business hours.

Visit Us on Pinterest and Houzz!

See what everyone loves about American Woodmark cabinetry. Get great ideas and inspiration.

pinterest.woodmarkcabinetry.com

houzz.com/american-woodmark

Built to last—and to your preferences.

All of our cabinets feature quality construction, as well as options to fit your style and budget. Think about what's important to you. Then talk to a **Home Depot kitchen designer** about what options are best for you.

Keep it Quiet with CushionClose®

Enjoy the whisper-quiet luxury of a complete CushionClose kitchen. With smooth, self-closing performance, CushionClose reduces slams, noise and finger pinching. This unique technology comes automatically on all doors, drawers and roll outs, unless de-selected as an option.

Standard Construction

- 1/2" engineered wood sides with TuffTech® finish.
- Full Access Hidden Glides® System.
- 3/4" thick engineered wood shelving with edge banding.
- Adjustable drawer front with 5/8" dovetail box and plywood bottom.
- Double doweled 3/4" x 1 5/8" hardwood face frame joint.
- 1/2" engineered wood inset toe kick.

Quality Features

- Full Access Hidden Glides® System
- Hardwood drawers with dovetail construction
- 6-way adjustable hinges
- Solid, kiln-dried face frames

Plywood Ends Option

- 1/2" plywood sides.

All Plywood Construction Option

- 1/2" plywood sides, floors and cabinet tops.
- 3/4" thick plywood shelving with edge banding.
- 1/2" plywood inset toe kick.

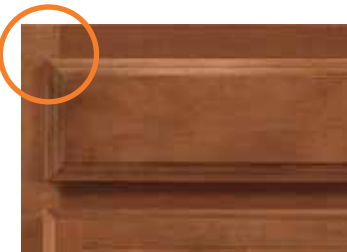

All Plywood Construction refers to the cabinet box components and shelving as detailed in our specification guide (WoodmarkCabinetry.com/specguide.asp). Plywood components meet the Decorative Hardwoods Association's standards for hardwood and decorative plywood (www.decorativehardwoods.org).

Furniture Ends Option

These thicker plywood sides create a finished, furniture look on exposed cabinet ends and islands. They also make molding wraps easier and save installation time.

Partial vs. Full Overlay Doors

Different looks are achieved by using partial or full overlay. These terms refer to the size of the doors and drawer fronts, which determines how much of the cabinetry frame shows.

Partial Overlay

In partial overlay (also referred to as standard or traditional overlay), about an inch of the cabinetry frame is visible around the doors and drawers.

Full Overlay

In full overlay, the doors and drawer fronts are larger and cover nearly all of the cabinet framework.

Proud to be KCMA Certified for Quality and Sustainability

All American Woodmark cabinetry meets the rigorous strength, quality and performance standards set by the Kitchen Cabinet Manufacturers Association (KCMA).

We've also received certification by the KCMA Environmental Stewardship Program on all our products. This certification is awarded based on compliance across a broad range of activity, including air quality, product resource management, process resource management, environmental stewardship and community relations.

To find out more about our KCMA certifications, please visit WoodmarkCabinetry.com.

Lifetime Limited Warranty

We want you to be happy with your American Woodmark cabinets, so we stand behind every one with our warranty. Our warranty runs for as long as you own your home and begins upon the date of delivery to you. For details and disclaimers, please visit WoodmarkCabinetry.com and look for Warranty Info located in the About Us section.

Get Built-in Confidence from Our Partnership with The Home Depot®

For over 38 years, we've worked closely with The Home Depot to help remodel America's homes. We're one of their original partners, and our sales force is dedicated exclusively to the retailer.

Customer Care

Call us toll-free at **1-800-677-8182**, Monday through Friday, 8:00 a.m. – 8:00 p.m. or Saturday, 8:00 a.m. – 6:00 p.m. EST.

CustomerCare@AmericanWoodmark.com

Take it **1 step** at a time.

Remodeling is fun and exciting. It also takes time and planning. The best way to make sure things go smoothly is to understand what you're in for. Count on Home Depot as a partner you can rely on for help throughout the process. And check out this guide for approaching your project. While it gives you a good idea of what steps to expect, remember—everyone's project is different!

1 INSPIRATION & EXPLORATION AT YOUR OWN PACE

Dream Big. Live Better

Think about your current kitchen and what you wish you could change. How do you use the space? What improvements would you make? Begin to think about your style. Decide on features you definitely want to have.

Here's a list to get started.

- New Appliances
- More Storage Space
- More Counter Space
- A Baking Center
- A Place to Feed Pets
- A Coffee Bar
- An Eat-In Kitchen
- A Place to Entertain
- A Place to Do Crafts

Get Inspired

Go to woodmarkcabinetry.com to get ideas. Explore social media outlets like Pinterest and Houzz, and watch your favorite home improvement program. Keep a scrapbook and visit your local Home Depot store for inspiration.

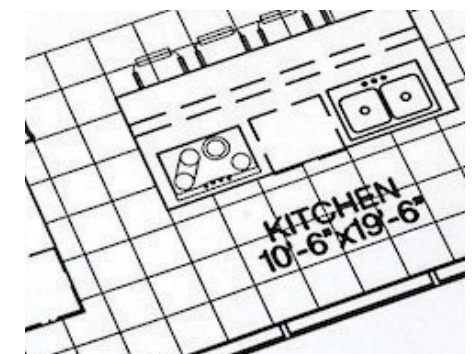

Do Research

Have friends, family or neighbors who have remodeled? Ask about their experience. What do they love about their new kitchen? What is their biggest regret? Ask about their cabinets and contractor. And remember to check out Home Depot's Home Services for installation.

Shape Up

As you start your journey, consider your existing kitchen floor plan. Do you want to change it? Will you need to knock down walls, move appliances or windows? You should have your kitchen measured before meeting with a **Home Depot designer**.

Get Into The Details

Don't forget kitchen must-haves like wastebasket cabinets, roll out trays and cutlery dividers. Decorative accessories add beauty and interest, so consider moldings, range hoods, hardware and glass doors.

2 PLANNING & DESIGN

- Have Your Space Measured
- Initial Design
- Final Design
- Order Cabinets

3 PREPARATION & DEMOLITION

- Product Receipt and Inspection
- Demolition
- Rough In Utilities
- Painting

4 INSTALLATION & FINISHING

- Install Flooring
- Install Cabinets
- Install Countertops
- Install Backsplash
- Install Appliances
- Install Lighting
- Finish Carpentry

Enjoy Your New Kitchen

Olmsted™ Cherry Autumn Square accented with Painted Silk

★★★★★ **“Love them!”**

This is our second house that we used American Woodmark. Both times customer service was great. They have soft close drawers and doors. The finish is perfect and the promos Home Depot offers makes them affordable. We can't recommend them enough. Very good quality. — **Kristine, Londonderry, NH**

★★★★★ **“Beautiful cabinets!”**

We wanted to renovate our kitchen but were concerned that it would be an exhausting process...wrong!! Our kitchen designer, Allie, from the local Home Depot was amazing! She helped me understand the process and I eventually chose the Savannah Maple mocha glaze cabinets for the kitchen. They were ready for delivery in only three weeks and we could not be more pleased!! The Home Depot installer did a great job and these cabinets are lovely!! We are so happy with our decision!! — **Ann, Wellington, FL**
