ICD-10 Provider Readiness Assessment

CMS has asked Medicaid programs to transmit an ICD-10 Provider Readiness Assessment to their physician providers. Your responses to the Assessment will allow CMS to better understand and measure the current state of readiness among the physician provider community nationally, which will enable CMS to identify the priority areas on which to focus future ICD-10 education and training resources. You are encouraged to respond to the Assessment at https://www.surveymonkey.com/s/ICD-10_Provider_Readiness_CMS. The questions should take no more than 10 minutes to complete and all responses will remain anonymous. Please take the time now to complete this assessment.

If you are having problems viewing content within this newsletter, please email emednyalert@csc.com for further assistance.

The Department has attempted to ensure that the information contained in these notifications is as accurate as possible. However, no e-mail transmittals or materials provided are intended to constitute legal or medical advice.
