- **Effective Oct. 1st, Superior HealthPlan will use Medline as its preferred vendor** for specified medical supplies for STAR, STAR HEALTH, STAR+PLUS and CHIP members.
- Current members won't need to submit any authorization paperwork before they can get supplies — it's already done for them. **This process will make it easy and quick for members and primary care providers.**
- While new Superior members will have to initiate a first order with Medline for supplies, **it will already have prior authorization, which means easier and quicker service** for members and primary care providers.
- **Members will continue to be served by their existing provider until Sept. 30th** — or until their current supplies runs out — then Medline will automatically and seamlessly start refilling orders unless a member fills out an Opt-Out form by contacting Superior's Member Services.

- We have more than 1.3 million square feet of warehouse and shipping space in Texas for the more than 350,000 medical supplies and products we distribute. We have a **650,000-square foot** distribution center in **Katy** and an **800,000-square foot** distribution center in **Wilmer**.

Our Katy, Texas distribution center remained operational throughout Hurricane Harvey. We filled several emergency orders for people during the extended storm.

Our Wilmer distribution center also worked around the clock to fill orders during the storm, supplementing the Katy location because FedEx was unable to get additional inventory into the Houston area.
