H-BLOCK ROOFTOP SUPPORT SYSTEMS

THE **HAYDON**® ADVANTAGE

Haydon Corporation's commitment to quality ensures that customers receive unparalleled levels of service -- where knowledgeable staff knows the business -- and more importantly, the needs of the customer.

Highest Quality Products and Shipping

- All items are packaged in a convenient manner for the customer and to avoid shipping damage.

- Assembled components are shrink wrapped and strapped together on a pallet.

- Smaller components are wrapped and boxed, placed inside the component frame to avoid errors during assembly.

- Every order is shipped with a list of kit contents.

- Customizable kits for any application.

Overview

H-Block
LEED Certifiable

H-Block
Applications

The H-Block Support Systems can support all of the following:

- Solar Racking
- Pipe & Conduit
- Duct work & HVAC
- Cable Tray Systems
- Ceiling Grids
- Roof Walkways
- and many other applications

ABOUT HAYDON CORPORATION

Since 1956, Haydon Corporation has been a leading manufacturer of metal framing systems, serving the industrial and commercial construction industries, as well as the communications and OEM markets. In addition, Haydon serves the residential and commercial hydronic heating industry with a full line of hot water baseboard heating products.

The company's strengths are defined by superior products and, most importantly, the best customer service in the industries served.

Over the years, Haydon has grown into a recognized manufacturer of its own branded products, including H-Strut® Metal Framing Systems,

Haydon hydronic radiation products and its newest line - the H-Block® Rooftop Support Systems.

Haydon's manufacturing facilities are strategically located in the Northeast and Southwest with stocking distribution locations nationwide. Because of the continuous focus on investment in equipment and technology, Haydon customers are assured of quality products and timely delivery.

Haydon's seasoned staff and advanced engineering department stand ready to meet customer's every requirement. For more information, contact 1-800-2-HAYDON or visit the newly design website at www.haydoncorp.com.

H-BLOCK ROOFTOP SUPPORT SYSTEMS

SPECIAL FEATURES

The channel for H-Block support assemblies includes a variety of options. The channel can be made in special lengths, finishes, and alloys including aluminum, stainless steel 304 & 316, PVC coated, powder coated Supr-Green, white or gray; zinc trivalent chromium, pre-galvanized and hot dipped galvanized. See Haydon's engineering catalog at www.haydoncorp.com for a full product selection of channel and hardware.

Catalog

- Made from 100% post-consumer products
- LEEDs Certifiable
- Meets the Buy America Act & the American Reinvestment Recovery Act (A.R.R.A.)
- Independent Laboratory Tested
- Resistance to Freeze and Thaw
- No deteriorations
- All 4 Corners coated with ANSI #2535.1.1998 Orange for maximum visibility
- Dampens vibrations
- Compatible with most rooftop materials

H-PAD SLIP SHEET

- Protects ALL types of rooftop membranes
- Complies with most Building Codes
- Creates long-term sustainability for the H-Block Rooftop Support System
- Made from EPDM Rubber - 60 mil thickness
- Limits movement

* Recommended to be used with HBS-Roller Series, HBS-CE Extension Series and HBS-PH Pipe Hanger Series

HBS-BASE SERIES

The HBS-Base Series is UV resistant and suitable for installation on most types of roofing material or other flat surfaces. Can be used as a curb (sleeper) replacement. Screw fasteners can be used to attach one or two hole pipe straps or a piece of strut (not included).

H-BLOCK ROOFTOP SUPPORT SYSTEMS

HBS SERIES

HBS-24 shown with two bases

Like all of the H-Block supports, the HBS Series is perfect for supporting natural gas and refrigeration piping systems, cable tray, electrical conduit, multiple lines, HVAC equipment and many other applications.

The HBS Series provides a longer mounting surface with strut lengths up to 8'.

Standard strut mount pipe clamps are used to secure the pipes. (See page 21).

The HBS Series is suitable for installation on most types of roofing material or other flat surfaces.

HBS-CES SERIES

Specifications

Two H-Block bases with
1 $\frac{5}{8}$ " H-132 OS Channel, or
3 $\frac{1}{4}$ " H-132-OSA Back-to-Back
Channel

BASE MATERIAL - 100% recycled
rubber

The HBS-CES-Medium Series can support natural gas and refrigeration piping systems, cable tray, electrical conduit, multiple lines, HVAC equipment and many other applications. They are designed for rooftop applications requiring a heavier load bearing capacity, and are suitable for most types of roofing material or other flat surfaces.

Raised Bridge Length With 2 HBS Bases 1 $\frac{5}{8}$ " H-132 Pre-Galvanized Steel Channel

TERMS & CONDITIONS OF SALE

These terms and conditions of sale supersede all previous listings. No order shall be binding upon us until accepted in writing by an authorized official at our home office. Goods are tendered or delivered and work is undertaken in every case only upon and subject to these terms and conditions. We shall not be liable for any delay or default in performance due to any cause arising or attributable to any event or omission beyond our reasonable control. All prices herein are suggested prices.

Prices: All prices are based on our standard packing and subject to change without notice.

Terms: Invoices are due and payable on net 30 days basis, unless otherwise agreed to in writing. Failure to make payment when due shall entitle us to suspend further deliveries or to cancel a contract.

Taxes: Any taxes, where applicable be they Federal, State, or Local are for the account of the buyer, and will be added to invoice.

Freight: Unless specifically stated in our proposal, all shipments are F.O.B. our dock or point of shipment. Routing will be at our discretion, unless otherwise agreed to in writing.

Title: Complete title to all goods shall pass to the customer upon delivery to the carrier.

Risk: Loss or damage to the goods shall pass to the customer upon delivery to the carrier.

Damage Or Loss In Transit: Regardless of freight payment, all risk or loss damage in transit shall pass to the purchaser. Although we will assist buyer in making his claims, we assume no liability for subsequent shortage or damage in transit.

Cancellation: An order may only be cancelled upon receipt of written agreement from us. All costs incurred by such cancellation are to be paid by the purchaser.

Returned Merchandise: All materials are carefully inspected before shipment, but it is not always possible to detect imperfections, therefore the only guarantee that is given is to replace such materials as prove to be defective or to allow credit for their return at our option. If materials appear defective, buyer should discontinue their use and notify us immediately so that we can investigate. We will not allow any claim for labor or expense occasioned by the use of defective materials nor be responsible for damages beyond the price of defective materials. Claims for defective materials should be made within 30 days after receipt of materials. We will not accept returns without our written permission.

Transportation Claim: The carriers are responsible for materials lost or damaged en route, consignee (buyer), as required by uniform Bill of Lading must immediately notify the carrier's agent at destination in writing in order to substantiate formal claim, upon presentation by buyer.

Liability For Misuse: Purchaser agrees to protect, defend, indemnify and hold us harmless from any and all liability or alleged liability and expense, including attorney's fees, arising from personal injuries, including death, or damage to property, caused by reason of the improper and/or negligent installation or use of our products.

Specifications: Specifications and dimensions are subject to change without notice. We do not warrant the compliance of our products to specifications other than our own.

Warranty: This warranty is directed solely to those buyers purchasing our products for use in the fabrication and/or construction of products for sale to others. Nothing herein shall be construed to extend this warranty to "Consumers". Our products are warranted against defect in manufacturing for a period of one year. This warranty is limited to the replacement of defective parts, or refund of the purchase price at our discretion. This is the buyers sole and exclusive remedy and we shall not be liable for labor charges and/or other damages or expense arising from the use of defective material, for any damage, consequential or otherwise, of any kind.

This is our sole warranty. We make no other warranty of any kind, expressed or implied, and all implied warranties of merchantability and fitness for a particular purpose which exceed our afore stated obligation are hereby disclaimed by us and excluded from this warranty.

H-BLOCK ROOFTOP SUPPORT SYSTEMS

H-BLOCK SHIPPING

Assembled components are strapped together on a pallet and shrink-wrapped to avoid damage. The smaller components are wrapped and placed inside the component frame to keep the components for that assembly together to avoid loss or mix-ups. All H-Block kits are customizable to any application.
