#### **Third Party Health Resources**

Insurance codes are used to identify Third Party Resources (TPR) other than Medicaid and Medicare, under which a beneficiary has insurance coverage. Such coverage must be utilized for payment of medical services prior to submitting claims to the Medicaid Program.

Under the Medicaid Eligibility Verification System (MEVS), information specific to TPR will be reported to you when you request eligibility verification of a Medicaid beneficiary. The MEVS response via the Verifone terminal or alternate access will be a two-digit insurance code.

For **Medicaid Prepaid Capitation Plans** only, the two-digit plan code *and* up to 20 alphabetic coverage codes, or the word "ALL" indicating what services are covered, is displayed. The telephone response will be insurance and coverage codes and a two-digit insurance code and up to 20 messages, or "ALL", indicating which services are covered.

For more detailed information on eligibility verifications, please refer to the MEVS Provider Manual online at:

http://www.emedny.org/ProviderManuals/index.html.

The MEVS response will include information on a maximum of two third party insurance carriers. If a Medicaid beneficiary is covered by more than two carriers, you will receive a response of "ZZ" as an insurance code, indicating "additional insurance."

To obtain coverage information when there are more than two carriers, call Computer Sciences Corporation at:

(800) 343-9000.
