

# Eaton's Fuller Reman is second only to a new transmission.

FLEX Reman Transmission

Standard Reman Transmission

You have many options for rebuilt transmissions, but only Eaton's Reman Transmission gives you the quality and content of a genuine, new Eaton transmission. Other advantages include:

- Industry's best warranty in the U.S. and Canada – 2 years for linehaul and vocational applications.
- Receive an enhanced 3-year total warranty on your transmission and clutch when you bundle a standard or FLEX Reman transmission, Advantage/EverTough clutch and Eaton-approved lubricant. Registration required. Form TCWY0760 available at [www.roadranger.com/warranty](http://www.roadranger.com/warranty)
- 100% genuine Eaton content.
- Backed by the Roadranger Network – the nation's leading support system for drivetrain components – providing unequalled protection, support, and training from experienced professionals.
- Expertly remanufactured using Eaton technology.
- Dyno performance tested to meet Eaton standards.

## Benefits of FLEX Reman

When faced with a truck down situation, you need immediate access to quality Reman units. But you also need to keep inventory low and focus on turns to keep your dealership profitable. The FLEX transmission increase your *flexibility* to do both.

- The FLEX portfolio covers over 85% of the reman market demand.
- Truck-down orders will ship same day or next day with no additional fee.

**Units will ship the same day when an order is received by 2:00 PM local time of the delivering Eaton Logistics Center.**

## Increase sales with FLEX Reman Transmissions

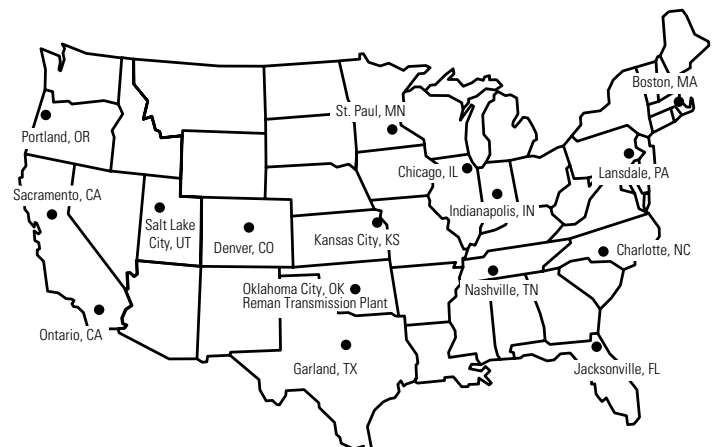

Components	FLEX Reman Transmissions	Standard Reman Transmissions
<b>100% Genuine Eaton Content</b>	Yes	Yes
<b>Warranty: 2 yrs. Linehaul and Vocational*</b>	Yes	Yes
<b>Clutch Housing</b>	Shipped with new gasket only – recycle housing from existing unit or replace with new	Shipped with complete clutch housing
<b>Torque Coverage</b>	Range of torque covers multiple models, increasing availability and decreasing dealer stock	Model-specific torque limits unit to single model coverage

9 Series 13- and 18-speed FLEX transmissions are shipped with the HALO tube installed. Older clutch housings without HALO tube provisions will need to be replaced.

\* Can be upgraded to a three-year warranty. See form TCWY0760.

## Roadranger® Logistic Centers

These facilities offer customer pick-up options which save you time and money. The Logistic Centers are set up to meet same or next day criteria to almost anywhere in the United States. Look for one near you. Or contact your Roadranger Parts Representative. **To order, please call 1-800-826-4357.**

# Determining Transmission Core Values by Model

Only models listed on the website are acceptable for return. As models are added to the program, new core values will also be established and posted on the website: <http://www.roadranger.com/rr/Aftermarket/transmissions/pricelist/index.htm>

Steps:

1. Go to the website
2. Enter the transmission model number with % signs on both sides of the model number as shown below
3. Highlight the radial button on "Part Description" as shown
4. Click on the "Submit" button
5. In the illustration below, all FRO-16210C cores have a \$2,200 core value before any deductions.

The result's page will show the "core value" in the far right hand column. If the search shows no results, the core you are returning either a) has no core value; b) the model number was entered incorrectly.

Fuller® Reman™ transmissions are available for most popular models. Participating dealers can carry them in stock or order them for next-day delivery from the OEM PDC or one of many Eaton locations across the U.S.

See your heavy truck dealer for more information or call the Roadranger Unit Exchange hotline today for instant inventory availability, ordering and specing assistance at 1-800-826-4357.

Dealers can reference the Roadranger Unit Exchange Program Guide, Item APSL0419.
