- constructed of **hard shell plastic** - virtually indestructible ▪ 10% post-industrial, recycled plastic content & 100% recyclable ▪ Weatherproof, waterproof, rugged & durable ▪ outdoor/indoor ▪ Will not rust ▪ Scratch & dent resistant ▪ Mold & mildew resistant ▪ Locking Key Lock Box - includes 64 numbered L-bend hooks ▪ Includes Valet Parking Panel Sign - Optional custom logos available ▪ built-in tilt & roll back wheels & built-in handles ▪ No assembly required ▪ Dimensions: 47"H x 27"W x 26"D ▪

Ships LTL Truck - Fully Assembled.

ACRYLIC SAFETY SHIELDS

The see-through **Safety Shields** are made in the USA of rugged 1/4" acrylic, and are secured to a lectern or table surface easily and securely in minutes using convenient clamps and adhesive velcro tabs. Crystal clear acrylic, with simple unobtrusive design. Blocks coughs and sneezes to protect yourself and others against COVID-19 and the spread of other germs and illness. Sturdy and easy to apply, attach and remove easily with included brackets and velcro adhesive tabs. Available in **three different widths**: 22", 27.5" and 39" - to accommodate almost all AmpliVox lecterns. **60-Day warranty**. Great for schools, public speaking, entry and check-in areas, point-of-sale locations and food areas.

Dimensions: 22" H x 22" W

is compatible with AmpliVox Lecterns:

450 / 505 / 505A / 3020 / 3040 / 3230 / 3610 / 3615 / 3620 / 3635 / 3640 / 3645

Dimensions: 22" H x 27.5" W

is compatible with AmpliVox Lecterns:

3265 / 3625 / 3630

Dimensions: 22" H x 39" W

is compatible with AmpliVox Lecterns:

3030 / 3035 / 3430

Acrylic Safety Shield with Pass-through Window -

Great for security checkpoints, point-of-sale locations and anywhere that requires a pass-through window.

Dimensions: 22" H x 27.5" W

is compatible with the AmpliVox Lectern: 480

Table Top Tri-Fold Acrylic Safety Shield -

Sturdy and easy to use - sits on any flat surface. Has pass-through opening at base.

Dimensions: 24"H X 24"W x 12"D

is compatible with the AmpliVox Lectern: 480

Acrylic Safety Shield - Meeting, Conference & Hospitality Safety Shield -

Sturdy & easy to apply to table or desk. Crystal clear acrylic, with simple unobtrusive design. Comes with custom mounting clamps.

Dimensions: 24"H X 22"W

Customize any Safety Shield with your school or company logo!

Preview: Custom Logo & Text Information Requirements

Our wireless microphones allow you to speak from anywhere in the room. Wireless microphones can be added to allow multiple presenters to speak simultaneously.

A - Setup our Audio Portable Buddy SW222 outside the circle aimed towards participants.

B - Setup our Roving Rostrum Podium PA SW124 in the front of the classroom. With 180 Degree sound coverage from its angled speakers, you will be heard no matter where you place the unit in the classroom.

C - Setup our iPod Portable PA System SW720 in the front of the class and plug-in projector to video-out. Voice priority feature allows you to interrupt DVD or music by lowering the volume level so you can be heard on the media you're showing.

D - Setup our Victoria Solid Hardwood Lectern SW3020 on one side of the banquet hall, and additional a wireless powered speaker at the opposite side. Wireless will let you roam the room to maintain eye contact with every table.

E - Setup our Modular Tabletop Lectern SW250 on the desk at the front of the room, and plug audio out from projector into built-in sound system for full multimedia presentation.

F - Setup our Multimedia Computer Lectern SW3230 with projector, computer and document camera on appropriate surfaces. Securely store laptop and multimedia equipment in locking storage. Built-in speakers and wireless mic allow multiple presenters to be heard anywhere in the room.

G - Setup our Presidential Plus Lectern SW450 at the front of the room with wireless powered speakers placed at the other side. Speak from behind the lectern or anywhere in the room with wireless microphones.

H - Setup our Adjustable Sound Column Lectern SW505A at the front of the classroom, and wireless powered speakers at the four corners of the room. Wireless mic allows you to roam the aisles. Great for audiences of 250 to over 5,000.

About Us

AmpliVox Sound Systems is one of the leading manufacturers of portable sound systems, lecterns, and multimedia workstations in the United States.

Our goal is to provide top quality professional presentation equipment that sets up easily, delivers perfect performance, and stands the test of time for reliability and durability.

Businesses and organizations across the country, including hospitality, education, health care, public safety, and religious entities, choose AmpliVox as their portable audio solution. The versatility of our portable public address systems, elegant lecterns and integrated wireless sound systems provide the perfect complement to any presentation, meeting, training seminar, classroom, conference, and other indoor or outdoor event.

In recent years, AmpliVox has experienced unparalleled success with strong double-digit growth in sales. Our recent move to an expanded headquarters in Northbrook, Illinois enables us to serve our customers more efficiently than ever. Our success is a result of our commitment to innovative product development, superior engineering, exceptional service, and comprehensive knowledge of our customers' sound system needs.

All AmpliVox products are designed with functionality and versatility in mind to meet your specific audio requirements. Customizable by style, color and logo, our sound systems will help you communicate with audiences from 10 to 10,000 people. Our products meet stringent UL standards and come with a six year warranty.

AmpliVox has launched dozens of new products and systems over the last few years, including our current 12 for 2012-13 new product line-up. We invite you to tour our site and learn more about how AmpliVox Sound Systems can help make your voice heard.

History

Don Roth acquired AmpliVox, PermaPower in 1995. PermaPower was founded by Norm Ackerman in 1952 and introduced the AmpliVox line of portable PA systems in the 1960s. The company also introduced one of the first residential radio-controlled garage door openers, supplying Craftsman garage door openers to Sears. In the late 1970s, the company added power outlet strips, surge suppressers, power conditioners and uninterruptible power systems (UPS) for computers.

Prior to owning PermaPower, Don Roth was regional vice-president for Xerox and executive vice-president of Apeco and Numeridex Cad/Cam systems.

Preserve the World's Natural Resources

AmpliVox is committed to preserve the world's natural resources. We all know that natural resources are limited and fragile. Environmental protection is everyone's responsibility at AmpliVox. This policy addresses operations which can positively impact the environment.

AmpliVox pledges to

- Use "Forest Friendly" products. Our Lecterns and Podiums are produced using recovered and recycled post-industrial wood residues. This solid chain-of-custody wood fiber supply practices have helped AmpliVox to secure the Forest Stewardship Council (FSC) Mixed Sources accreditation (SW-COC-003089).
- Reduce the waste arising from electrical and electronic equipment and to improve the environmental performance of all items involved in the life cycle of these products. We comply with the WEEE Directive (2002/96/EC).
- Continually improve environmental management policies, programs and performance, based on the results of our periodic reviews and taking into account regularity developments, customer needs, technical developments, scientific understanding and community expectations.
- Reduce and eliminate waste through recycling and disposal of waste through safer and responsible methods.
- Promote employee awareness of environmental concerns, actions and responsibilities.

All AmpliVox products that are eco-friendly are identified by:
