

## IMPORTANT INFORMATION

- Before each use, rinse and dry the outside of the mask with water to ensure it is clean before placing it over your eyes.
- If contents of the mask come in contact with your eyes, rinse thoroughly with water. Seek medical attention if necessary.
- DO NOT fill the mask with more than 1/4 cup of liquid (60ml). Zip properly and check for any liquid leakage before use.
- Remove the mask carefully after use to avoid the strap getting tangled in your hair.
- Pour out the contents of the mask. Clean with mild soap and rinse thoroughly. Air dry completely before storing.
- DO NOT sleep with the mask on your eyes or around your neck.
- Do not put the mask directly into an oven or freezer. Do not pour any hot liquid into the mask.
- Only use ingredients listed in the IM for the experiment.

SKU: 553106

Watch on:

Kids, ask your parents to download the Project Mc<sup>2</sup>™ apps, available on iOS devices through the app store:

- Click on the App Store icon on your iOS device.
- Click "Search" on your mobile device and type in "Project Mc<sup>2</sup>"
- Once the correct app names come up on the screen, tap on the word "get."
- You may be asked for your Apple ID. If so, enter your ID or follow the instructions on screen to get one.
- Once your ID is accepted, watch the download status until the downloads are complete.
- The application icons should appear on your device. Tap the icon to activate the apps.

The Project Mc<sup>2</sup>™ apps require iOS 6.1 or later. Compatible with iPod Touch® 4, iPhone® 4 and iPad® 2 or later versions. Data rates may apply.

Please keep this manual as it contains important information.

## YOUR HOUSEHOLD ITEMS

(Not Included)

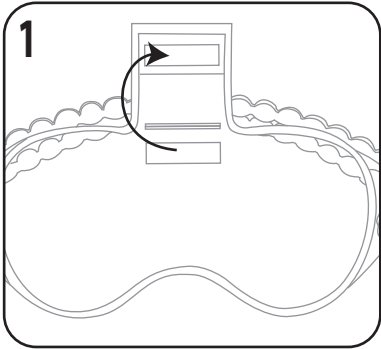

Ask an adult to help you gather all the household items needed and supervise during the experiment.

- D. Liquid Glycerin  
E. Water  
F. Funnel

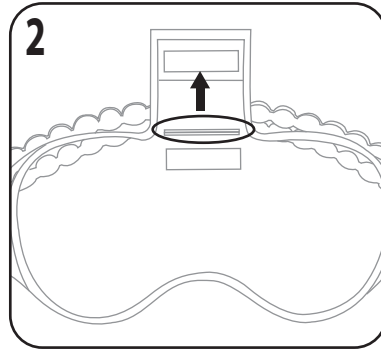

## QUICK START

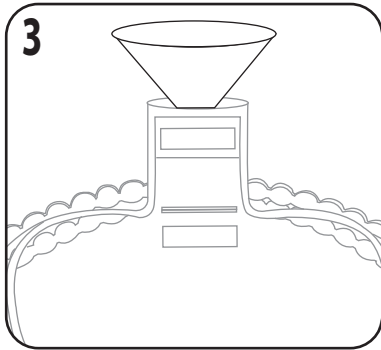

**NOTE:** Before beginning, cover the play area to prevent possible damage.  
Check the mask before each use to ensure there are no tears or holes and that there is no leakage.

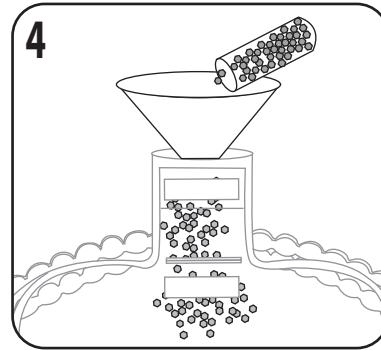

Open and unfold the hook and loop fastener on the top of the eye mask.

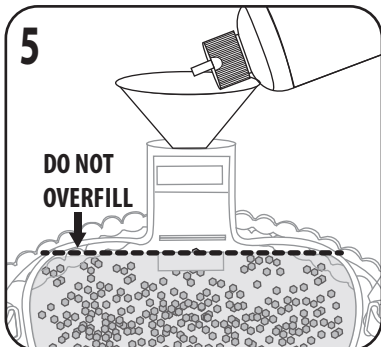

Pull apart the zip closure at the top of the eye mask.

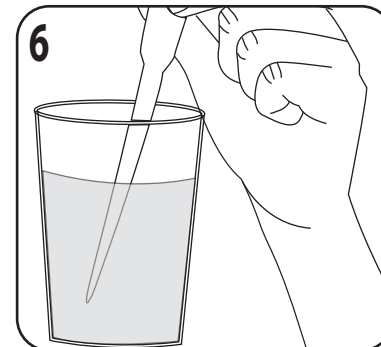

Insert the funnel into the opening.

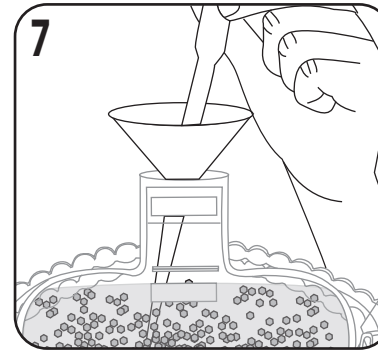

Pour glitter into the funnel.

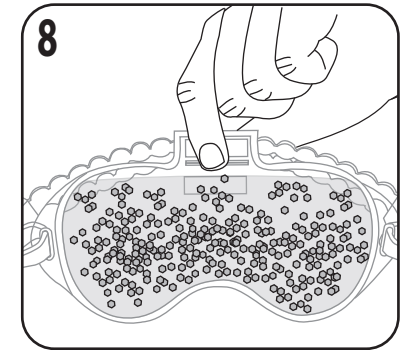

Pour glycerin into the funnel to fill the mask. **DO NOT** fill past the line shown above.

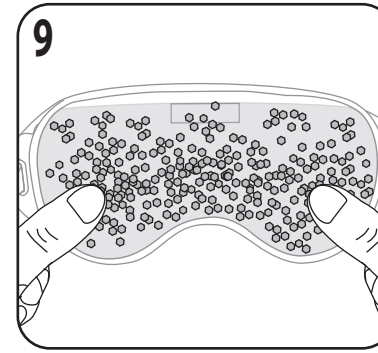

Insert the pipette into a cup of water. Gently squeeze the top and release to gather water.

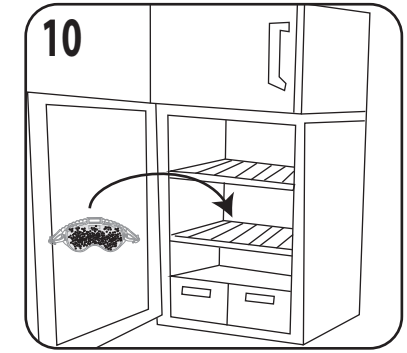

Insert one pipette full of water into the funnel and squeeze to release water into the mask. Repeat as necessary to achieve the desired consistency.

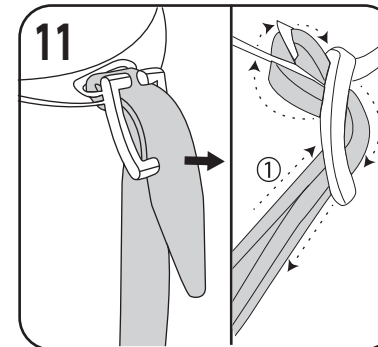

Carefully remove the funnel and seal the mask. Then, fold the closure over itself and secure the hook and loop fastener.

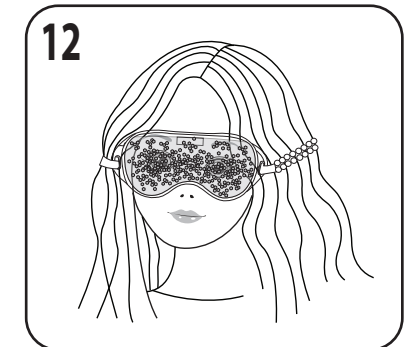

Gently squeeze the mask to disperse the glitter and mix the water and glycerine.

Place the mask in the refrigerator until it feels cool.

Adjust the length of the mask with the straps on the sides. Pull the straps out of the clips. Then follow the path above to adjust.

Stretch the mask over your head and place it over your eyes.
